**Franchising & Licensing** Andrew J. Sherman.2004 Annotation. For more than a decade, this book has been the definitive guide to franchises and licensing programs. In this third edition, author and prominent attorney Andrew J. Sherman expands his in-depth coverage to include international franchising initiatives. In addition, every chapter has been thoroughly updated to reflect new information on market responsiveness, compliance, and other key issues. The result is a truly global reference that will prove indispensable to companies and entrepreneurs alike. If you're involved in any aspect of franchising and licensing, you can't afford to be without the latest edition of this book. It became the industry standard immediately upon its original publication, opening up enticing opportunities for entrepreneurs as well as presenting new strategic options for corporations. Now the third edition gives it truly global reach. Expanded to include international as well as domestic (U.S.) franchising and licensing, it comprehensively covers the strategic, legal, financial, and operational aspects of these complex but highly profitable business structures.

*International Logistics* Donald F. Wood, Anthony Barone, Paul Murphy, Daniel Wardlow. 2012-12-06

Both academia and the real world are showing a vastly increased interest in international logistics.

Although this book covers the entire topic, it may not contain sufficient detail to answer all

questions. The topic-and the challenge is much larger than any single book can cover! A number of

people helped us, and their assistance should be recognized. They include Robert L. Argentieri,

Eunice Coleman, Patricia J. Daugherty, Robert Derbin, Robert Hannus, Ken Knox, Douglas Long,

Eugene L. Magad, Dale S. Rogers, Robert Rouse, John Silvey, and Clyde Kenneth Walter. This book

is designed for both the business world and the classroom. A separate Instructor's Manual has been

prepared and may be requested on school letterhead from Chapman & Hall. *International Logistics 1*

*Introduction* This book is about international logistics and the international logistics system.

International means that it will deal with transactions involving individuals or firms in more than

one nation. Logistics means the organized movement of goods, services, and, sometimes, people.

Logistics was originally a military term. For example, in author Tom Clancy's novel, *Red Storm*

*Rising*, Russian General Alekseyev thought to himself about a battlefield situation: The tactics ... no,

amateurs discuss tactics. Professional soldiers study logistics. „1 When one speaks of the interna-

tional logistics system, he means that huge array of carriers, forwarders, bankers, traders, and so on

that facilitate international transactions, trades, and movements of goods and services.

Communications are important, and a logistics system includes whatever communication capability

it needs.

**Home and Small Business Guide to Protecting Your Computer Network, Electronic Assets, and Privacy** Philip Alexander.2009-04-30 In the news on a daily basis are reports of lost or stolen computer data, hacker successes, identity thefts, virus and spyware problems, and network incursions of various kinds. Many people, especially nonprofessional administrators of home or small business networks, feel helpless. In this book, technical security expert Philip Alexander explains in layman's terms how to keep networks and individual computers safe from the bad guys. In presenting solutions to these problems and many others, the book is a lifeline to those who know their computer systems are vulnerable to smart thieves and hackers—not to mention tech-savvy kids or employees who are swapping music files, stealing software, or otherwise making a mockery of the word security. In his job protecting data and combating financial fraud, Philip Alexander knows well which power tools are required to keep hackers and thieves at bay. With his gift for putting technical solutions in everyday language, Alexander helps readers with home and/or small business networks protect their data, their identities, and their privacy using the latest techniques. In addition, readers will learn how to protect PDAs and smartphones, how to make hardware thefts more unlikely, how to sniff out scammers and the motives of offshore tech support personnel who ask too many questions, and how to keep personal information safer when shopping over the Internet or telephone.

Use this recession-proof, guerilla-repair guide to quickly and legally repair your credit and improve your scores. Don't pay credit repair companies thousands of dollars; do it yourself, and be fast on your way to owning the car or house of your dreams. - Remove accurate negative information - Boost your scores in as little as 72 hours - Establish credit fast and easy - Laws to stop creditors fast in

their tracks - Secrets the credit bureaus don't want you to know - Remedy identity theft in 4 days  
Finally, a credit repair guide that delivers! I applied these legal-loopholes tactics and improved my credit score by over 100 points in less than 30 days! The author uses his legal background to shed light on the little-known provisions in the law, allowing you to legally and quickly repair your credit and boost your scores. Yet his simple approach and sample legal form letters make repairing credit so easy-you need only be smarter than a fifth grader to do it yourself. -E. Henry, Milwaukee, Wisconsin, savvy consumer
