Not that she could ever love him, either... That's just ridiculous. Senior year should be fun. Her parents are alive, she's finally fitting in, and she's learning how to be a Medic. But what's with Jaxon giving her strange looks? He runs hot and cold, and he doesn't even have the excuse of being a hybrid fire-and-ice-breathing dragon like her. One minute they're having a great time and the next, she wants to blast a fireball at his head. The marriage contract of doom looms over them--unless this match not made in heaven kindles a flame... Bright Burning Stars A.K. Small.2019-05-21 "A compulsively readable story. I was breathless and battling tears up until the very last stunning turns onstage and beyond. A dazzling, heart-wrenching debut." —Nova Ren Suma, #1 New York Times bestselling author of *The Walls Around Us* Would you die for the Prize? Best friends Marine Duval and Kate Sanders have trained since childhood at the Paris Opera Ballet School, where they've forged an inseparable bond through shared stories of family tragedies and a powerful love for dance. When the body of a student is found in the dorms just before the start of their final year, Marine and Kate begin to ask themselves how far they would go for the ultimate prize: to be named the one girl who will join the Opera's prestigious corps de ballet. Would they cheat? Seduce the most talented boy in the school, dubbed the Demigod, hoping his magic will make them shine, too? Would they risk death for it? Neither girl is sure. But then Kate gets closer to the Demigod, even as Marine has begun to capture his heart. And as selection day draws near, the competition—for the Prize, for the Demigod—becomes fiercer, and Marine and Kate realize they have everything to lose, including each other. *Bright Burning Stars* is a stunning, propulsive story about girls at their physical and emotional extremes, the gutting power of first love, and what it means to fight for your dreams.

Burning Bright Nick Petrie.2017-01-10 “LOTS OF CHARACTERS GET COMPARED TO MY OWN JACK REACHER, BUT PETRIE'S PETER ASH IS THE REAL DEAL.”—Lee Child *An Entertainment Weekly Must List Pick In the new novel featuring war veteran Peter Ash, “an action hero of the likes of Jack Reacher or Jason Bourne” (Lincoln Journal-Star), Ash has a woman's life in his hands—and her mystery is stranger than he could ever imagine. War veteran Peter Ash sought peace and quiet among the towering redwoods of northern California, but the trip isn't quite the balm he'd hoped for. The dense forest and close fog cause his claustrophobia to buzz and spark, and then he stumbles upon a grizzly, long thought to have vanished from this part of the country. In a fight of man against bear, Peter doesn't favor his odds, so he makes a strategic retreat up a nearby sapling. There, he finds something strange: a climbing rope, affixed to a distant branch above. It leads to another, and another, up through the giant tree canopy, and ending at a hanging platform. On the platform is a woman on the run. From below them come the sounds of men and gunshots. Just days ago, investigative journalist June Cassidy escaped a kidnapping by the men who are still on her trail. She suspects they're after something belonging to her mother, a prominent software designer who recently died in an accident. June needs time to figure out what's going on, and help from someone with Peter's particular set of skills. Only one step ahead of their pursuers, Peter and June must race to unravel this peculiar mystery. What they find leads them to an eccentric recluse, a shadowy pseudo-military organization, and an extraordinary tool that may change the modern world forever.

Poem by poem; Markover creates a rich landscape of lives remembered; honored and loved.

One of the significant advantages of Burning Bright books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
