A Year of Stone Painting F Sehnaz Bac.2019-02-13 You can craft a new mandala every week for one year with this full-color guide by the author of the bestselling *The Art of Stone Painting*. F. Sehnaz Bac, an artist and seasoned archaeologist, presents step-by-step instructions for fifty-two projects. Her easy-to-follow guide will show you how to transform ordinary stones into inspirational works of art. The mandala — derived from the Sanskrit word for circle — represents the universe, and the symbol has long been instrumental to sacred rituals and meditative practices. This treasury of radiant designs presents patterns for stone paintings, each of which is accompanied by a one-word mantra — relax, tranquil, spirit, dream, believe, and other uplifting terms. A few projects are meant to be painted on sea glass, leaves, or shells, but most are based on Bac's popular interpretations of classic stone-based styles. Colorful photographs accompany simple instructions for a year of crafting inspiration.

San Rock Art J.D. Lewis-Williams.2013-02-15 San rock paintings, scattered over the range of southern Africa, are considered by many to be the very earliest examples of representational art. There are as many as 15,000 known rock art sites, created over the course of thousands of years up until the nineteenth century. There are possibly just as many still awaiting discovery. Taking as his starting point the magnificent Linton panel in the Iziko-South African Museum in Cape Town, J. D. Lewis-Williams examines the artistic and cultural significance of rock art and how this art sheds light on how San image-makers conceived their world. It also details the European encounter with rock art as well as the contentious European interaction with the artists' descendants, the contemporary San people.
