*Yves Saint Laurent + Halston* Patricia Mears, Emma McClendon. 2015 A dazzling examination of the two designers behind the most iconic and glamorous fashions of the 1970s This fascinating publication is the first to examine side by side the careers and work of two of the biggest names in 20th-century fashion, Yves Saint Laurent (1936-2008) and Halston (1932-1990). Their designs--chic, sexy, and glamorous--came to exemplify the 1970s, a singular and dynamic era in fashion history. Inspired by menswear, foreign cultures, and wide-ranging historical periods, and employing new fabrics, YSL and Halston together crafted a new and distinctly modern way of dressing. Moreover, although their output differed and they were based on different continents, the two designers shared many career parallels. A visual timeline of the designers' lives illustrates how their rises and falls, from the 1950s to their respective struggles in the 1980s, were surprisingly in sync. Engaging passages by Patricia Mears and Emma McClendon discuss the social, cultural, and economic factors that influenced both designers, and their subsequent impact on fashion--including the rise of the star designer as personality, the cult of celebrity, and the creation of the fashion conglomerate. The authors also address the importance of color, cutting-edge materials, innovative construction techniques, accessories, and perfume to both designers' aesthetics. Remarkable photographs of the designers and their garments round out this essential volume on two figures who made an indelible mark on fashion history. **The Lives of Others** Simon Watson. 2020-09-08 A privileged

invitation into a world of beauty--from a seventeenth-century Italian palace and retreats in the Swiss Alps and Morocco to artists' studios and noble residences in Austria and Spain. Simon Watson takes the reader into highly personal environments that reveal the creativity and personality of their esteemed inhabitants. Since the 1990s, Watson has been one of the most prolific chroniclers of remarkable interiors and portraits, gracing the pages of W magazine, Vanity Fair, AD, and T Magazine. From hard-edged modernity and historical exoticism to pure classicism, the photographer has documented rooms of note in cities, atop mountains, and by the sea. Complementing his masterful images, Watson gives an intimate description of each location. On this journey with the photographer, one experiences the Duchess of Alba's Palacio Liria in Madrid, filled with sixteenth- and seventeenth-century masterpieces; interior designer Roberto Peregalli's splendid riad in Tangier; the magnificent and vast Castello Gardena in the Italian Alps owned by the Franchetti clan; Guinness heir Garech de Brun's hillside retreat in County Wicklow, Ireland; the Renaissance Palazzo Massimo alle Colonne in Rome, designed by Baldassarre Peruzzi in the sixteenth century; shoe designer Christian Louboutin's fanciful Parisian apartment; and many other splendid places around the world.

**Formation of a Digital Image** Robert D. Fiete. 2012 Creating a digital picture is so simple today that when we pick up our camera and push the button, we don't put any thought into the process that we just set into motion. The chain of events that occurs to create the photograph is called the imaging chain. The scientists and engineers who design digital cameras love to dive deep into the physics and the mathematics of the imaging chain, but discussing the imaging chain with people not well versed in this language will usually produce a blank stare or a yawn. This book discusses the concepts used to design digital cameras for people who don't want to be blinded with equations and bored with geek speak. It will help the individuals who work with

**Sign Painters** Faythe Levine,Sam Macon.2013-07-02 There was a time, as recently as the 1980s, when storefronts, murals, banners, barn signs, billboards, and even street signs were all hand-lettered with brush and paint. But, like many skilled trades, the sign industry has been overrun by the techno-fueled promise of quicker and cheaper. The resulting proliferation of computer-designed, die-cut vinyl lettering and inkjet printers has ushered a creeping sameness into our visual landscape. Fortunately, there is a growing trend to seek out traditional sign painters and a renaissance in the trade. In 2010 filmmakers Faythe Levine, coauthor of *Handmade Nation*, and Sam Macon began documenting these dedicated practitioners, their time-honored methods, and their appreciation for quality and craftsmanship. *Sign Painters*, the first anecdotal history of the craft, features stories and photographs of more than two dozen sign painters working in cities throughout the United States. With a foreword by legendary artist (and former sign painter) Ed Ruscha, this vibrant book profiles sign painters young and old, from the new vanguard working solo to collaborative shops such as San Francisco's New Bohemia Signs and New York's Colossal Media's Sky High Murals.

The Devil's Cloth Michel Pastoureau.2003-06-04 To stripe a surface serves to distinguish it, to point it out, to oppose it or associate it with another surface, and thus to classify it, to keep an eye on it, to verify it, even to censor it. Throughout the ages, the stripe has made its mark in mysterious ways. From prisoners' uniforms to tailored suits, a street sign to a set of sheets, Pablo Picasso to Saint Joseph, stripes have always made a bold statement. But the boundary that separates the good stripe from the bad is often blurred. Why, for instance, were stripes associated with the devil during the Middle Ages? How did stripes come to symbolize freedom and unity after the American and French revolutions? When did the stripe become a standard in men's fashion? In the stripe, writes author Michel Pastoureau, there is something that resists enclosure within systems. So before putting on that necktie or waving your country's flag, look to The Devil's Cloth for a colorful history of the stripe in all its

winning author Michael Chabon delivers another literary masterpiece: a novel of truth and lies, family legends, and existential adventure—and the forces that work to destroy us. In 1989, fresh from the publication of his first novel, *The Mysteries of Pittsburgh*, Michael Chabon traveled to his mother's home in Oakland, California, to visit his terminally ill grandfather. Tongue loosened by powerful painkillers, memory stirred by the imminence of death, Chabon's grandfather shared recollections and told stories the younger man had never heard before, uncovering bits and pieces of a history long buried and forgotten. That dreamlike week of revelations forms the basis for the novel *Moonglow*, the latest feat of legerdemain from Pulitzer Prize-winning author Michael Chabon. *Moonglow* unfolds as the deathbed confession of a man the narrator refers to only as "my grandfather." It is a tale of madness, of war and adventure, of sex and marriage and desire, of existential doubt and model rocketry, of the shining aspirations and demonic underpinnings of American technological accomplishment at midcentury, and, above all, of the destructive impact—and the creative power—of keeping secrets and telling lies. It is a portrait of the difficult but passionate love between the narrator's grandfather and his grandmother, an enigmatic woman broken by her experience growing up in war-torn France. It is also a tour de force of speculative autobiography in which Chabon devises and reveals a secret history of his own imagination. From the Jewish slums of prewar South Philadelphia to the invasion of Germany, from a Florida retirement village to the penal utopia of New York's Wallkill prison, from the heyday of the space program to the twilight of the "American Century," the novel revisits an entire era through a single life and collapses a lifetime into a single week. A lie that tells the truth, a work of fictional nonfiction, an autobiography wrapped in a novel disguised as a memoir, *Moonglow* is Chabon at his most moving and inventive.

Speedy Dave Letterfly Knoderer.2021-05-29 Why You Need This Book . . . Why does a young man abandon everything to head out on the highway? Where will it take him? Using the road as a metaphor, the author reveals the discoveries of a life that took off like a rocket when he followed that inner urging and hit the road. Withdrawn because of a strict, and impersonal father, this intensely creative teenager launched himself into the strange and exciting world of the traveling big top circus. Developing the mindset of an entertainer, he found harmony with horses, and personal expression as a sign painter. This *On the Road* memoir shows how the author evolved into a premier producer of airbrushed murals, gold leaf monograms, and delicate hand painted artwork and pinstriping motorcycles. The surprise twists and turns of life lead to anger, pain, and disappointment, but ultimately to love and restoration. These coming-of-age stories celebrate the transformation from the disfunction and trauma of the past, to the joy and fulfillment that result from unexpected encounters and experiences. Every life is different, but chances are you can relate to: -- The father who causes anger and frustration-- A disturbing family dynamic-- The boy who withdraws from friends because of embarrassment-- Feelings of inadequacy and rebellion-- Life as a misfit-- The decision to runaway in order to find oneself.
