Traveling from the Northwoods to Beloit, Faiola documents some of the most exceptional and long-lived restaurants that embrace the decades-old supper club tradition. These are largely family-owned establishments that believe in old-fashioned hospitality, slow-paced dining, and good scratch cooking. In this guide, readers will find interviews with supper club proprietors and customers as well as a bounty of photographs of classic dishes, club interiors and other scenes from Faiola's extensive travels. Despite the chain restaurants that continue to dominate the culinary landscape, supper clubs across the Midwest are thriving today in many of the same ways as they have for the past 80 years. The term supper club has even been borrowed recently by the burgeoning underground restaurant scene, which champions an upscale-yet-communal dining experience similar to that offered by traditional supper clubs. Wisconsin Supper Clubs: Another Round is a new, intimate look at this unique American tradition, one that invites supper club enthusiasts and newcomers alike to enjoy a second helping of everything that made Wisconsin Supper Clubs such a hit.

Bright with Silver. This study of the famous Fromm brothers and their endeavor and persistence to breed a very rare and valuable type of fox would become a landmark history of American entrepreneurship. The simple beauty and elegance of the silver fox would be the fulfillment of the brothers' struggles to build a fur breeding empire. The story of the Fromm brothers that Pinkerton provides is a classic study of ingenuity and stick-to-itiveness that for so many years became a trademark of these four brothers. The intricate and complex history of their endeavors began with growing ginseng. This included intense observations of the plant that would provide the conditions, which eventually yielded abundant harvests that resulted in the necessary cash to start their fur business. Of course, the main story of Pinkerton is how the dreams of a perfect silver fox culture had overtaken the Fromm's possessions, thoughts and lives. The continual endeavor to find the right strain for their silver fox breed and their devotion to medical research that would ease the ravages of disease that could plague these precious animals would be the story that Pinkerton does so very well. It is without doubt that these four brothers, Walter, Edward, John, and Henry brought to the central Wisconsin landscape a business enterprise that played a large part in the economic development of this part of the state. Their story has all the ingredients of imagination, creativity, and great business sense. This edition brings back the story of the Fromm brothers that has been long gone, and sorely missed from the Wisconsin literary scene. Included are 32 pages of photographs.

to discover small businesses, unique destinations and the natural beauty of the state. *Badger State of Mind* is the first book published by Kelly Maddern. It was her love for photography, writing, road trips and getting lost on back roads that inspired her to put this book together. Over a period of approximately three years, Kelly, her husband and their two small children traveled throughout the state and spent countless hours in the car discovering all the treasures they could find. As you read the stories and look through the pictures, you will see that Wisconsin cannot be simply described. It is the sight of elusive wildlife, the mouth-watering smell of a Friday night fish fry, the sound of nature as you camp under the stars, the feel of the rippling river water through your feet, the taste of a grilled brat at a tailgate party... and so much more. This is the Badger State of Mind.

**As Always, Julia** Joan Reardon. 2010-12-01 With her outsize personality, Julia Child is known around the world by her first name alone. But despite that familiarity, how much do we really know of the inner Julia? Now more than 200 letters exchanged between Julia and Avis DeVoto, her friend and unofficial literary agent memorably introduced in the hit movie *Julie & Julia*, open the window on Julia's deepest thoughts and feelings. This riveting correspondence, in print for the first time, chronicles the blossoming of a unique and lifelong friendship between the two women and the turbulent process of Julia's creation of *Mastering the Art of French Cooking*, one of the most influential cookbooks ever written. Frank, bawdy, funny, exuberant, and occasionally agonized, these letters show Julia, first as a new bride in Paris, then becoming increasingly worldly and adventuresome as she follows her diplomat husband in his postings to Nice, Germany,

and Norway. With commentary by the noted food historian Joan Reardon, and covering topics as diverse as the lack of good wine in the United States, McCarthyism, and sexual mores, these astonishing letters show America on the verge of political, social, and gastronomic transformation.

**The Wisconsin Supper Clubs Story** Ron Faiola.2021-11-09 In *The Wisconsin Supper Clubs Story: An Illustrated History*, with *Relish*, the third in his popular series, Ron Faiola invites readers to pull up a chair as he regales us with more than a century of history behind this beloved dining tradition, guiding readers from London to Hollywood, to New York City, and finally, to his own home state. The journey begins with the world's very first supper clubs, which emerged in London in the mid-1800s. The phenomenon was adopted by New York's restaurant and saloon owners in the late 1800s, and soon spread to suburban and rural areas. Across the United States, supper clubs enhanced culinary and dining traditions, and greatly influenced the evolution of live entertainment such as cabaret, comedy, and jazz, and dance crazes such as "The Charleston," "Turkey Trot," and the eyebrow-raising "Wiggle Wiggle." Faiola unfolds the history of Wisconsin's supper clubs with stories of its most iconic establishments, such as Ray Radigan's, Hoffman House, and Fazio's on Fifth. He reveals the remarkable durability of the supper club tradition as it withstood WWI, the 1918 Spanish flu pandemic, Prohibition, the Great Depression, WWII, as well as the mid-twentieth century advent of fast food franchises and casual dining chains. Through their innovation and determination, supper club owners and their staff have managed not only to survive, but to maintain generations-spanning restaurants that remain prominent features of their communities to this day. Bursting with full-color photographs, newspaper clippings, and first-hand interviews, *The Wisconsin Supper Clubs Story: An Illustrated History*, with *Relish* offers a hearty buffet of the history of Wisconsin's most iconic supper clubs and the folks who keep the cocktails poured, the

Wisconsin Supper Clubs Ron Faiola. 2023-11-21 Supper clubs guru Ron Faiola is back with updated chronicles and beautiful new photographs from the clubs that captured the attention of readers in Wisconsin Supper Clubs, and also features several new venues shaking up this midwestern tradition. Wisconsin Supper Clubs, Second Edition is a resource for and about supper clubs throughout Wisconsin that includes charming photographs of the unique supper club interiors, proprietors, and customers, as well as fascinating archival materials. Also recorded in this book are the regional specialties served at these clubs, ranging from popovers and fried pickles in the northern part of the state to Shrimp de Jonghe in the south. One Northwoods supper club even

features fry bread, a traditional Native American dish uncommon to most restaurants. In this updated second edition, Faiola revisits many of the clubs across the Dairy State that starred in his first edition, recording their struggles and triumphs in the years following widespread pandemic shutdowns. New to this edition are fifteen extra clubs that have entered the scene in the past decade, striving to be a part of this custom that is hugely popular with Wisconsin locals and regularly frequented by all midwestern foodies in the know. The supper club experience is a tradition embodied by many long-standing restaurants scattered throughout the small towns of Wisconsin. It is based around a bygone idea that going out to dinner should be an experience that lasts an entire evening, emphasizing food made from scratch, slow-paced dining, and family-run businesses. Combine this with stately dark-panel decor, complimentary relish trays, and the best brandy Old Fashioned sweet you'll ever have, and you have barely scratched the surface of the Wisconsin supper club's appeal.

*Our Country Home* Frances Kinsley Hutchinson.2018-01-31  
Excerpt from *Our Country Home: How We Transformed a Wisconsin Woodland* It seems an incredible thing now as I look back, to think I was once that narrow and ignorant and prejudiced Person Who Did Not want a Country House. Perhaps during all those obstinate years, my lucky star kept me from falling into suburban temptations and free from farming entanglements. I know one thought was always uppermost in our minds, even before the If was exchanged for the When, in discussing this great and - to us - momentous undertaking. The woods, the Virgin Forest, must never be disturbed, not one brown leaf should be taken from its rich covering, not one weak seedling should be denied its growth, but just as we found it, in all its natural beauty, so it should remain. It almost seemed as if this particular bit of wild land in the midst of farms and clearings, on the shores of a beautiful lake, had been especially preserved during all those fallow years for our gratification, at least what harm if we thought so? No sheep or cattle had ever browsed there. The bent-down young sapling of the Indian trail was still visible, the concave boulder where the women once ground their corn lay only half buried in the ground. In mossy hollows stood stiffly the moccasin flower, and the curious squaw-root grew close to the Indian pipe. Williams.2009-10-06 Shards of glass can cut and wound or magnify a vision, Terry Tempest Williams tells us. Mosaic celebrates brokenness and the beauty of being brought together. Ranging from Ravenna, Italy, where she learns the ancient art of mosaic, to the American Southwest, where she observes prairie dogs on the brink of extinction, to a small village in Rwanda where she joins genocide survivors to build a memorial from the rubble of war, Williams searches for meaning and community in an era of physical and spiritual fragmentation. In her compassionate meditation on how nature and humans both collide and connect, Williams affirms a reverence for all life, and constructs a narrative of hopeful acts, taking that which is broken and creating something whole.
