Maisie Dobbs Jacqueline Winspear.2014-06-03 A female investigator every bit as brainy and battle-hardened as Lisbeth Salander. —Maureen Corrigan, NPR's Fresh Air, on Maisie Dobbs Maisie Dobbs got her start as a maid in an aristocratic London household when she was thirteen. Her employer, suffragette Lady Rowan Compton, soon became her patron, taking the remarkably bright youngster under her wing. Lady Rowan's friend, Maurice Blanche, often retained as an investigator by the European elite, recognized Maisie's intuitive gifts and helped her earn admission to the prestigious Girton College in Cambridge, where Maisie planned to complete her education. The outbreak of war changed everything. Maisie trained as a nurse, then left for France to serve at the Front, where she found—and lost—an important part of herself. Ten years after the Armistice, in the spring of 1929, Maisie sets out on her own as a private investigator, one who has learned that coincidences are meaningful, and truth elusive. Her very first case involves suspected infidelity but reveals something very different. In the aftermath of the Great War, a former officer has founded a working farm known as The Retreat, that acts as a convalescent refuge for ex-soldiers too shattered to resume normal life. When Fate brings Maisie a second case involving The Retreat, she must finally confront the ghost that has haunted her for over a decade.

Birth of a Reformation Andrew Byers.2015-03-19 The life and labors of D. S. Warner are so closely associated with a religious movement that any attempt at his biography becomes in part necessarily a history of that movement. I have therefore chosen the term, Birth of a Reformation, as a part of the title of this book. Brother Warner (to use an appellation in keeping with the idea of universal Christian brotherhood) was doubtless chosen of God as an instrument for accomplishing a particular work. What that work was, why it may be called a reformation, and why, in particular, it may be considered the last reformation, a few words of explanation by way of introduction are offered the inquiring reader. It will be necessary to take a brief glance over the Christian era and review some of the important events and conditions. We note the characteristics of the church in the days of the apostles, which, by reason of its recent founding and organization by the Holy Spirit, is naturally regarded as exemplary and ideal. It had no creed but the Scriptures and no government but that administered by the Holy Spirit, who 'set the members in the body as it pleased him'—apostles, prophets, teachers, evangelists, pastors, etc. Thus subject to the Spirit, the early church was flexible, capable of expansion and of walking in all the truth and of adjusting itself to all conditions. It was in very essence the church, the whole, and not a section or part. The apostles and early

believers did not restrict themselves and become a Jewish Christian sect or any other kind of sect. Peter's way of thinking would have thus limited him, for as a Jew he declined any particular interest in Gentile converts; but the Lord through a vision changed his mind and advanced his understanding to include the universality of the Christian kingdom. The Holy Spirit in the heart was necessary, of course, to the successful government of the church by the Spirit, otherwise he could not have been understood. There were no dividing lines, for it was the will of the Lord particularly that there be one fold and one shepherd. Jesus had prayed in behalf of the disciples that they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us: that the world may believe that thou hast sent me. These conditions of being subject to the word and Spirit, of leaving an open door through which greater light and truth might enter as was necessary, and of possessing the love and unity of spirit that cemented the believers together and carried them through all their persecution, constituted the ideal and normal status of God's church on earth as he gave it beginning, of which it was ordained that there should be but one, only one, as long as the world should endure. There is one body, and one Spirit, even as ye are called in one hope of your calling. Shared Margins Samuli Schielke,Mukhtar Saad Shehata.2021-07-05 *Shared Margins* tells of writers, writing, and literary milieus in Alexandria, Egypt's second city. It de-centres cosmopolitan avant-gardes and secular-revolutionary aesthetics that have been intensively documented and studied since 2011. Instead, it offers a fieldwork-based account of various milieus and styles, and their common grounds and lines of division. Structured in two parts, *Shared Margins* gives an account of literature as a social practice embedded in milieus that at once enable and limit literary imagination, and of a life-worldly experience of plurality in absence of pluralism that marks literary engagements with the intimate and social realities of Alexandria after 2011. Literary writing, this book argues, has marginality as an at once enabling and limiting condition. It provides shared spaces of imaginary excess that may go beyond the taken-for-granted of a societal milieu, and yet are never unlimited. Literary imagination is part and parcel of such social conflicts and transformations, its role being neither one of resistance against power nor of guidance towards norms, but rather one of open-ended complicity.

A Merciful Death Kendra Elliot.2017 Soon to be a TV series by Warner Brothers Television and Ellen Degeneres's A Very Good Production. FBI special agent Mercy Kilpatrick has been waiting her whole life for disaster to strike. A prepper since childhood, Mercy grew up living off the land--and off the grid--in rural Eagle's Nest, Oregon. Until a shocking tragedy tore her family apart and forced her to leave home. Now a predator known as the cave man is targeting the survivalists in her hometown, murdering them in their homes, stealing huge numbers of weapons, and creating federal suspicion of a possible domestic terrorism event. But the crime scene details are eerily familiar to an unsolved mystery from Mercy's past. Sent by the FBI to assist local law enforcement, Mercy returns to Eagle's Nest to face the family who shunned her while maintaining the facade of a law-abiding citizen. There, she meets police chief Truman Daly, whose uncle was the cave man's latest victim. He sees the survivalist side of her that she desperately tries to hide, but if she lets him get close enough to learn her secret, she might not survive the fallout...

Slow Violence and the Environmentalism of the Poor Rob Nixon.2011-06-01 The violence wrought by climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Using the innovative concept of slow violence to describe these

threats, Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today. Slow violence, because it is so readily ignored by a hard-charging capitalism, exacerbates the vulnerability of ecosystems and of people who are poor, disempowered, and often involuntarily displaced, while fueling social conflicts that arise from desperation as life-sustaining conditions erode. In a book of extraordinary scope, Nixon examines a cluster of writer-activists affiliated with the environmentalism of the poor in the global South. By approaching environmental justice literature from this transnational perspective, he exposes the limitations of the national and local frames that dominate environmental writing. And by skillfully illuminating the strategies these writer-activists deploy to give dramatic visibility to environmental emergencies, Nixon invites his readers to engage with some of the most pressing challenges of our time.

Re-Authoring Life Narratives After Trauma: A Holistic Narrative Model of Care Charles B.

Manda. 2019-12-12 Re-authoring Life Narratives after Trauma is an interdisciplinary, specialist resource for traumatic stress researchers, practitioners and frontline workers who focus their research and work on communities from diverse religious backgrounds that are confronted with trauma, death, illness and other existential crises. This book aims to argue that the biopsychosocial approach is limited in scope when it comes to reaching a holistic model of assessing and treating individuals and communities that are exposed to trauma. The holistic model must integrate an understanding of and respect for the many forms of religion and spirituality that clients might have (Pargament 2011). It will not only bring a spiritual perspective into the psychotherapeutic dialogue, but it will also assist in dealing with the different demands in pastoral ministry as related to clinical and post-traumatic settings. The book makes several contributions to scholarship in the disciplines of, although not limited to, traumatic stress studies, pastoral care and counselling, psychology and psychiatry. Firstly, the book brings spirituality into the psychotherapeutic dialogue; traditionally, religious and spiritual topics have not been a welcome part of the psychotherapeutic dialogue. Secondly, it underscores the significance of documenting literary narratives as a means of healing trauma; writing about our traumas enables us to express things that cannot be conveyed in words, and to bring to light what has been suppressed and imagine new possibilities of living meaningfully in a changed world. Thirdly, it proposes an extension to the five-stage model of trauma and recovery coined by Judith Herman.

Hell Yes / Hell No John Reid Noe.2011-09-01 This compelling and controversial book strikes at the heart of Christian theology and Christianity itself. It presents a balanced and scholarly re-exploration of one of Christianity's most offensive doctrines-Hell and the greater issue of the extent of God's grace (mercy, love, compassion, justice) and wrath in the eternal, afterlife destiny for all people. Inside, conflicting views are re-evaluated, their strengths and weaknesses re-assessed, and all the demands of Scripture are reconciled into one coherent and consistent synthesized view. The author further suggests that our limited earthly view has been the problem, re-discovers the ultimate mystery of God's expressed desire, will, and purpose, and transcends troubling traditions as never before. Bottom line is, God's plan of salvation and condemnation may be far different and greater than we've been led to believe. In a clear and straightforward manner, this book lays out the historical and scriptural evidence as never before.

Becoming a Church that Cares Well for the Abused Brad Hambrick.2019-06-04 Is your church

prepared to care for individuals who have experienced various forms of abuse? As we continue to learn of more individuals experiencing sexual abuse, domestic violence, and other forms of abuse, it's clear that resources are needed to help ministries and leaders care for these individuals with love, support, and in cooperation with civil authorities. This handbook seeks to help the church take a significant step forward in its care for those who have been abused. Working in tandem with the Church Cares resources and videos, this handbook brings together leading evangelical trauma counselors, victim advocates, social workers, attorneys, batterer interventionists, and survivors to equip pastors and ministry leaders for the appropriate initial responses to a variety of abuse scenarios in churches, schools, or ministries. Though the most comprehensive training is experienced by using this handbook and the videos together, readers who may be unable to access the videos can use this handbook as a stand-alone resource.

Building a Bridge to the 18th Century Neil Postman. 2011-06-08 At a time when we are reexamining our values, reeling from the pace of change, witnessing the clash between good instincts and pragmatism, dealing with the angst of a new millennium, Neil Postman, one of our most distinguished observers of contemporary society, provides for us a source of guidance and inspiration. In *Building a Bridge to the Eighteenth Century* he revisits the Enlightenment, that great flowering of ideas that provided a humane direction for the future -- ideas that formed our nation and that we would do well to embrace anew. He turns our attention to Goethe, Voltaire, Rousseau, Diderot, Kant, Edward Gibbon, Adam Smith, Thomas Paine, Jefferson, and Franklin, and to their then-radical thinking about inductive science, religious and political freedom, popular education, rational commerce, the nation-state, progress, and happiness. Postman calls for a future connected to traditions that provide sane authority and meaningful purpose -- as opposed to an overreliance on

technology and an increasing disregard for the lessons of history. And he argues passionately for specific new guidelines in the education of our children, with renewed emphasis on developing the intellect as successfully as we are developing a computer-driven world. Witty, provocative, and brilliantly reasoned, *Building a Bridge to the Eighteenth Century* is Neil Postman's most radical, and most commonsensical, book yet.

Journal of Nicholas Cresswell Nicholas Cresswell.2007 Nicholas Cresswell was twenty-four years old when he left his birthplace of Edale, England to sail for Virginia, believing that a person with a small fortune may live much better and make greater improvements in America than he can possibly do in England. From the time he left, sailing from Liverpool in 1774, until the time he returned, he kept a

diary detailing his experiences in pre-Revolutionary America. As a loyal subject to King George, Cresswell found himself often unhappy in America, detailing the turmoil and abuses often suffered by Loyalists in the colonies. Confining his travel mainly to the mid-Atlantic region, Cresswell not only had occasion to attend a slave gathering and observe what went on there, but also traded amongst many of the native tribes, including the Lenape, Tuscarora, Ottawa and Shawnee. Despite his ambivalence about returning to England, (toward the end of the book he moans, I wish to be at home and yet dread the thought of returning to my native Country a Beggar (P. 251)), life in the colonies becomes too much for this loyal subject and Cresswell's journal ends in 1777 with his return to England.
