Reinventing the Body, Resurrecting the Soul Deepak Chopra.2010-01-21 This important book picks up where Dr Deepak Chopra left off in his pioneering work *Ageless Body, Timeless Mind*. Having revealed the connection between our health and our thoughts, Dr Chopra shows us how to create a whole new self - the self we want to be - in this revolutionary sequel. Dr Chopra explains how the body is a reflection of the mind, 'a symbol in flesh and blood of everything you think and feel'. From early childhood each one of us has invented our bodies and our personalities through our beliefs, conditioning and responses to everyday stress. But we have mostly done this unconsciously, which is why we may now feel unfulfilled. *Reinventing the Body, Resurrecting the Soul* will help us to reconnect with our ideal sense of self, guiding us one step at a time through a remarkable process of renewal and discovery. Chopra invites us all to live from the soul, to satisfy our deepest desires in a life rich with joy and meaning. 'You are inventing your body in every moment of life,' he reasons. 'Why not take control and reinvent it from the highest level?'

Muhammad LP Deepak Chopra.2010-09-21 In this riveting novel, beloved international bestselling author Deepak Chopra captures the spellbinding life story of the great and often misunderstood Prophet. Islam was born in a cradle of tribal turmoil, and the arrival of one God who vanquished hundreds of ancient Arabian gods changed the world forever. God reached down into the life of Muhammad, a settled husband and father, and spoke

through him. Muhammad's divine and dangerous task was to convince his people to renounce their ancestral idols and superstitious veneration of multiple gods. From the first encounter, God did not leave Muhammad alone, his life was no longer his own, and with each revelation the creation of a new way of life formed and a religion was born. Muhammad didn't see himself as the son of God or as one who achieved cosmic enlightenment. His relatives and neighbors didn't part the way when he walked down the parched dirt streets of Mecca. There was no mark of divinity. Orphaned by age six, Muhammad grew up surrounded by dozens of cousins and extended family to become a trusted merchant. Muhammad saw himself as an ordinary man and that is why what happened to him is so extraordinary. Rooted in historical detail, Muhammad brings the Prophet to life through the eyes of those around him. A Christian hermit mystic foretells a special destiny, a pugnacious Bedouin wet nurse raises him in the desert, and a religious rebel in Mecca secretly takes the young orphan under his spiritual wing. Each voice, each chapter brings Muhammad and the creation of Islam into a new light. The angel Gabriel demands Muhammad to recite, the first convert risks his life to protect his newfound faith, and Muhammad's life is not a myth but an incredible true and surprisingly unknown story of a man and a moment that sparked a worldwide transformation.

I Moved Your Cheese Deepak Malhotra. 2013-09-02 The author of *Negotiating the Impossible* "tackles our assumptions about business and life with humor, zest, and wisdom in this delightful fable" (Daniel H. Pink, New York Times bestselling author). If you were a mouse trapped in a maze and someone kept moving the cheese, what would you do? In a world where most mice dutifully accept their circumstances, ask no questions, and keep chasing the cheese, Deepak Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. *I Moved Your Cheese* reveals what is possible when we finally discard long-held and widely accepted assumptions about how we should live our lives. After all, achieving extraordinary success, personal or professional, has always depended on the ability to challenge assumptions, reshape the environment, and play by a different set of rules—our own. But rejecting deeply ingrained beliefs is not easy. As Zed explains, "You see, Max, the problem is not that the mouse is in the maze, but that the maze is in the mouse." "Deepak Malhotra allows you to glimpse a world of your own making without the limits and barriers that others create." —Stephen R. Covey, New York Times bestselling author of *The 7 Habits of Highly Effective People* "A magnificent story with a powerful message. As someone who has encouraged scores of professionals into breaking through the maze and defining their own pursuits, I find this to be a gem of a book." —Vinod Khosla, cofounder, former CEO and Chairman, Sun Microsystems, and founder, Khosla Ventures "This book's message is both profound and durable. Malhotra has left the maze, and so can we." —Foreword Reviews

Lives of Our Own Caroline Bird. 1995 Women over the age of fifty-five who live alone are the fastest-growing population group in the United States. And for a woman in her mid-fifties, who probably has more than a quarter of a century of living before her, the news is both surprising and encouraging. In this groundbreaking book, Caroline Bird reports on the hitherto undocumented world of lively, productive, independent women who are inventing satisfying new lives for themselves, mostly after spending years in the traditional roles of wives and mothers. In searching for these pioneers, Bird found an immensely varied group of women who are living full lives well into their seventies, eighties, even nineties. What they have in common is a zest for living that will inspire the rest of us - and, even better, show us how to seek out a future that may not be easy but that is full of possibilities. The women in this book are the pioneers, the success stories. For them, it often wasn't easy. To get where they are, they have had to be both inventive and persistent. In the second half of Bird's book, she documents the many, frequently subtle types of discrimination against older women.--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. The Ten Commitments David Simon.2010-01-01 We all know the Ten Commandments—and unfortunately most of us try to use the philosophy of thou shalt not (eat too much, work too hard, etc.) to command ourselves to make changes. David Simon, noted researcher and co-founder with Deepak Chopra of The Chopra Center, suggests a different path: instead of dwelling on the negative, embrace the positive and make commitments to live a better life. In doing so, we will transform our intentions (losing weight, spending more time with family, etc.) into concrete actions that will make change happen. This short, precise book is not a lecture, but a practical primer on thoughtful change. There is a continuing hunger for Eastern philosophy and spirituality among Westerners—finally, one of the West's top experts, who has been writing on, lecturing, teaching, and practicing Eastern thought for over three decades, has melded these principles with our core Western beliefs, giving us a new perspective on the basic way we live our lives. Key Features Very warm and engaging tone, excellent writing, and numerous anecdotes make for a very compelling reading experience. No new thought jargon: just precise, easily accessible advice. Fifteen years after his #1 New York Times bestseller, *Ageless Body, Timeless Mind*, Deepak Chopra revisits the forgotten miracle—the body's infinite capacity for change and renewal. You cannot take advantage of this miracle, Chopra says, unless you are willing to completely reinvent your body, transforming it from a material object to a dynamic, flowing process. Your physical body is a fiction, Chopra contends. Every cell is made up of two invisible ingredients: awareness and energy. Transformation can't stop with the body, however; it must involve the soul. The soul—seemingly invisible, aloof, and apart from the material world—actually creates the body. Only by going to the level of the soul will you access your full potential, bringing more intelligence, creativity, and awareness into every aspect of your life. *Reinventing the Body, Resurrecting the Soul* delivers ten breakthroughs—five for the body, five for the soul—that lead to self-transformation. In clear, accessible terms, Chopra shows us how to commit ourselves to deeper awareness, focus on relationships instead of consumption, embrace every day as a new world, and transcend the obstacles that afflict body and mind. Deepak Chopra has inspired millions with his profound teachings over the years. His bestselling books have explored the mind/body connection and the power of spirit. Once that connection is made, you have unlimited access to the most vital qualities a leader can possess: creativity, intelligence, organizing power, and love. *The Soul of Leadership* aims to fill the most critical void in contemporary life, the void of enlightened leaders. “You can be such a leader,” Chopra promises. “The path is open to you. What Are You Hungry For? Deepak Chopra, M.D..2013-11-12 The basis for the PBS Special, *What Are You Hungry For?* is the breakthrough book that can bring weight under effortless control by linking it to personal fulfillment in every area of a reader's life. After promoting this message worldwide for thirty years, bestselling author Deepak Chopra focuses on the huge problem of weight control in America with exciting new concepts. What are you hungry for? Food? Love? Self-esteem? Peace? In this manual for higher health, based on the latest findings in both mainstream and alternative medicine, Deepak Chopra creates a vision of weight loss based on a deeper awareness of why people overeat - because they are trying to find satisfaction and wind up using food as a substitute for real fulfillment. Repudiating the failed approaches of crash dieting and all forms of deprivation, Chopra's new book aims directly at the problem of finding fulfillment. When that problem is solved, he argues, normal eating falls into place automatically, and the entire system of mind and body achieves what it really desires. "Everyone's life story is complicated, and the best intentions go astray because people find it hard to change," writes Chopra. "Bad habits, like bad memories, stick around stubbornly when we wish they'd go away. But you have a great motivation working for you, which is your desire for happiness. I define happiness as the state of fulfillment, and everyone wants to be fulfilled. If you keep your eye on this, your most basic motivation, then the choices you make come down to a single question: "What am I hungry for?" Your true desire will lead you in the right direction. False desires lead in the wrong direction." Wherever you are in life, this book will help point you in that right direction.
