Governing as New Labour Steve Ludlam, Martin J. Smith. 2004 Publisher Description

Bergsonism Gilles Deleuze. 1988-03 In this analysis of one major philosopher by another, Gilles Deleuze identifies three pivotal concepts - duration, memory, and *lan vital* - that are found throughout Bergson's writings and shows the relevance of Bergson's work to contemporary philosophical debates. He interprets and integrates these themes into a single philosophical program, arguing that Bergson's philosophical intentions are methodological. They are more than a polemic against the limitations of science and common sense, particularly in Bergson's elaboration of the explanatory powers of the notion of duration - thinking in terms of time rather than space.

Take Back Your Time John de Graaf. 2003-09-03 Take Back Your Time is the official handbook for TAKE BACK YOUR TIME DAY, a national event. Organizers have enlisted the support of colleges, universities, religious organizations, labor unions, businesses, activist groups, and non-profit organizations to create events that will take place across the country, calling attention to the ways overwork and lack of time affect us-at home, in our workplaces, and in our communities-and to inspire a movement to take back our time. In Take Back Your Time, well-known experts in the fields of health, family therapy and policy, community and civic involvement, the environment, and other fields examine the problems of overwork, over-scheduling, time pressure and stress and propose personal, corporate and legislative solutions. This book shows how wide-ranging the impacts of time famine in our society are, and what ordinary citizens can do to turn things around and win a more balanced life for themselves and their children.

Atomic Diplomacy Gar Alperovitz. 1994 'A daring and elaborate work of historical reconstruction.' New York Review of Books 'Since its publication almost everyone who has written about the beginning of the atomic age has praised or denounced the book.' New York Times 'Tightly written and well presented [this seminal work] is very accessible.' Bob Hulteen, Sojourners (Canada) 'Atomic Diplomacy is a classic account of the use of the atomic bombs on Hiroshima and Nagasaki and its connections with America's confrontation with the Soviet Union. Fifty years after the destruction of Hiroshima and Nagasaki, it is more important than ever that we understand how political and military leaders make decisions about the use of nuclear weapons. Atomic Diplomacy is, therefore a timely book. It is also a very readable book, admirably researched. It should be essential reading for all politicians.' Medicine & War Hailed as a classic on its first publication in the 1960s, Atomic Diplomacy, has now been reissued in a completely revised and expanded edition. Alperovitz provides important new evidence to support the thesis that the primary reason for bombing Hiroshima and Nagasaki was not to end the war in Japan, as was said at the time, but to 'make the Russians more manageable'. Drawing on recently released diaries and records of Truman, Eisenhower and others, Alperovitz reevaluates the assumptions, hesitations and decisions that precipitated the use of atomic weapons and traces how possession of the bomb changed American strategy toward the Soviet Union at the Potsdam Conference and helped to set it on a course that contributed to the swift beginning of the Cold War. Most historians of the period now agree that diplomatic considerations related to the Soviet Union played a major role in the decision to use the bomb. Atomic Diplomacy pioneered this new understanding. Today we still live in Hiroshima's shadow; this path breaking work is timely and urgent reading for anyone interested in the history -- and future -- of peace and war.

Rez Dogs Joseph Bruchac. 2021-06-08 ****Four starred reviews!**** From the U.S.'s foremost Indigenous children's author comes a middle grade verse novel set during the COVID-19 pandemic, about a Wabanaki girl's quarantine on her grandparents' reservation and the local dog that becomes her best friend Malian loves spending time with her grandparents at their home on a Wabanaki reservation. She's there for a visit when, suddenly, all travel shuts down. There's a new virus making people sick, and Malian will have to stay with her grandparents for the duration. Everyone is worried about the pandemic, but Malian knows how to keep her family and community safe: She protects her grandparents, and they protect her. She doesn't go outside to play with friends, she helps her grandparents use video chat, and she listens to and learns from their stories. And when Malsum, one of the dogs living on the rez, shows up at their door, Malian's family knows that he'll protect them too. Told in verse inspired by oral storytelling, this novel about the COVID-19 pandemic highlights the ways Malian's community has cared for one another through plagues of the past, and how they keep caring for one another today.

Drawing on texts from the literature, film, journalism, and political debate of the period, Antifascisms offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

THE CONSOLATION OF PHILOSOPHY (The Sedgefield Translation) Anicius Manlius Severinus Boethius.2017-10-06 Consolation of Philosophy (Latin: Consolatio Philosophiae) is a philosophical work by Boethius, written around the year 524. It has been described as the single most important and influential work in the West on Medieval and early Renaissance Christianity, and is also the last great Western work of the Classical Period. Anicius Manlius Severinus Boethius, commonly called Boethius (c. 480-524 or 525 AD), was a philosopher of the early 6th century. He was born in Rome to an ancient and prominent family which included emperors Petronius Maximus and Olybrius and many consuls. His father, Flavius Manlius Boethius, was consul in 487 after Odoacer deposed the last Western Roman Emperor. Boethius, of the noble Anicia family, entered public life at a young age and was already a senator by the age of 25. Boethius himself was consul in 510 in the kingdom of the Ostrogoths. In 522 he saw his two sons become consuls. Boethius was imprisoned and eventually executed by King Theodoric the Great, who suspected him of conspiring with the Eastern Roman Empire. While jailed, Boethius composed his Consolation of Philosophy, a philosophical treatise on fortune, death, and other issues. The Consolation became one of the most popular and influential works of the Middle Ages.

Living Room Revolution Cecile Andrews.2013-04-01 The author of *The Circle of Simplicity* “joyfully invites us to discover a robust and real personal expansion with each other as we remake our society” (Mark Lakeman, cofounder, The City Repair Project). Every man for himself! For too long we have lived in a competitive, consumer-oriented culture, destroying the well-being of people and the planet. We believe that money brings happiness, yet all too often, the opposite is true. The pursuit of wealth at any cost corrupts our values and diminishes our lives. The resulting inequality breaks down social cohesion and generates envy, bitterness, and resentment. Greed breeds more greed. *Living Room Revolution* refutes the notion that selfishness is at the root of human nature. Research shows that people—given the right circumstances—can be caring, nurturing and collaborative. Presented with the opportunity, they gravitate toward actions and policies embodying empathy, fairness, and trust instead of competition, fear, and greed. The regeneration of social ties and the sense of caring and purpose that comes from creating community drive this essential transformation. At the heart of this movement is the ancient art of conversation. *Living Room Revolution* provides a practical toolkit of concrete strategies to facilitate personal and social change by bringing people together in community and conversation. The heart of happiness is joining with others in good talk and laughter. Each person can make a difference, and it can all start in your own living room! “Small groups. Study circles. Stop ‘n chats. House parties. Movie nights. Online sharing. Bring people together, and you never know what kind of fuse you’ll ignite for change.” —Wanda Urbanska, author of *The Heart of Simple Living*
