ACTIVE VOICE - Definition The form of a verb in which the subject is the person or thing that performs the action. Example: They finished the work. I buy new books. We will celebrate his birthday. PASSIVE VOICE - Definition The form of a verb in which the subject is affected by the action of the verb. Important Note -- The object of the active voice becomes the subject in the passive voice. Example: The work was finished by them. And move the subject of the active voice into the position of the object in the passive voice. Rule 2: Passive voice needs a helping verb to express the action. Put the helping verb in the same tense as the original active sentence. The main verb of the active voice is always changed into past participle (third form of the verb) in different ways. Rule 3: Place the active sentence's subject into a phrase beginning with the preposition 'by'. Rule 4: If the object in an active voice sentence is a pronoun (me, us, you, him, her, they, it), it changes in passive voice sentence as follows: me -- I; us -- we; you -- you; him -- he; her -- she; them -- they; it -- it Rule 5: Subject- Verb Agreement Make the first verb agree with the new subject in passive voice. Rule 6: When there are two objects (direct object and indirect object), only one object is interchanged. The second object remains unchanged. Following Tenses Cannot Be Changed Into Passive Voice: 1.
