The CSDP in 2020 Daniel Fiott.2020 The past 20 years of the Common Security and Defence Policy have taught us more about the EU as an international actor. While the Union has not entirely lived up to the ambitions set down by European ministers at the Helsinki European Council in December 1999, the EU has developed the ability to deploy civilian and military missions and operations. In more recent years, the EU has advanced cooperation on defence through the EU Global Strategy with a range of new tools. Looking back over the last 20 years of CSDP, this book provides an analytical overview of the key historical developments and critically appraises the successes and failures charted over two decades. A host of leading think tank analysts and a senior EU official look at issues such as institutional design, operations and missions, capabilities, industry and civilian crisis management. The book is not just a historical record, however: several chapters look at the geopolitical challenges facing the EU. The contributors look at emerging security challenges, the nature of permissibility, the internal-external security nexus, the defence industry and civilian CSDP. Together, the chapters underline the need for the EU to match its rhetoric on security and defence with capabilities and political ambition.

A Suit of Light Anne Hébert.2000-09-01 This magnificent and final novel from Anne Hebert completes an internationally acclaimed literary oeuvre that is fearless in its explorations of the dark and violent side of human passion. Rose-Alba Almevida, her husband Pedro, and her son Miguel live by modest means in a Paris apartment, but each, in their way, dreams of returning home to Spain to reclaim the honour and identity stripped of them by the immigrant struggle. Yet where Pedro plans and saves for a vineyard plot to which he can retire, Rose-Alba and Miguel have vastly different dreams. For them Spain is an emotional state, where impulse and instinct prevail, where passions are untempered by foreign, unfamiliar values. When a mysterious stranger enters their lives and offers all that Rose-Alba and Miguel seek, the Almevida family is torn violently apart and their innocent dreams become the barbed weapons of their own destruction.

Foreign Words Vassilis Alexakis.2006 Crossing countries and continents, this narrative follows a son lost for words over the death of his father. Unable to write the phrase My father is dead in either his native Greek or his adopted French, he heads for Africa to undertake the learning of Sango. Traveling across both borders and time, he examines his past, his family history, and the colonial and political ties of his homelands. While at first he does not know why learning a new and uncommon language has become vital to him, he comes to discover that the new language enables him to easily write of his father's passing. But as he truly experiences Sango--meets its speakers, travels where it emerged and has struggled to survive--his intimacy with it grows, and he is once again unable to utter the telling phrase. Meditating on language, loss, and the power of words to express or constrain human emotion, this tale of speaking, living, and letting go is filled with delicate suspense, humor, and honesty.

The Great Nocturnal Jean Ray.2020-06-23 In English for the first time, the collection that launched Jean Ray's reputation as the Belgian master of the weird tale After the commercial failure of his 1931 collection of fantastical stories *Cruise of Shadows*, Jean Ray spent the next decade writing and publishing under other names in the stifling atmosphere of Ghent. Only in the midst of the darkest years of the Nazi Occupation of Belgium would he suddenly publish a spate of books under his earlier nom de plume. The first of these volumes was *The Great Nocturnal*. Published in 1942, the collection, as its subtitle indicates, consists of tales of fear and dread, but a dread evoked not by the standard tropes of horror but what had by now evolved into Ray's personal brand of fear, drawn from a specifically Belgian notion of the fantastic that lies alongside the banality of everyday life. An aging haberdasher's monotonous life opens up to a spiritual fourth dimension (and serial murder); an inebriated young man in a tavern draws cryptic symbols and mutters statements that evoke an inexplicable terror among some sailors, and, as he sobers up, himself; three students drink Finnish Kummel and keep watch over a deceased woman's apartment, awaiting a horrific transmutation. Yet

these tales are laced with a certain mordant humor that bears as much allegiance with Ambrose Bierce as Edgar Allan Poe, and toy as much with the reader's expectations as they do with their characters. Jean Ray(1887-1964) is the best known of the multiple pseudonyms of Raymundus Joannes Maria de Kremer. Alternately referred to as the Belgian Poe and the Flemish Jack London, Ray authored some 6,500 texts in his lifetime, not including his own biography, which remains shrouded in legend and fiction, much of it of his own making. His alleged lives as an alcohol smuggler on Rum Row in the Prohibition Era, an executioner in Venice, a Chicago gangster, and hunter in remote jungles in fact covered over a more prosaic, albeit ruinous, existence as a manager of a literary magazine that led to a prison sentence.

Oedipus on the Road Henry Bauchau.1994 Oedipus on the Road is a rendering of the journey that leads Oedipus from Thebes to Colonus - and from a world of exile to one of legend. This is the chapter that Sophocles never wrote, the redemptive passage of the fallen, blinded king to his final - this time glorious - encounter with destiny. Bauchau finds Oedipus stranded outside the walls of his former palace, eye sockets and soul still bleeding, and leads him - along with his daughter Antigone and the seductive shepherd-bandit Clius, whose loyalty to the pair probably has less to do with his allegiance to Oedipus than his intentions toward his daughter - through a geographical and spiritual landscape littered with the physical, artistic, and mental rites of passage that separate Oedipus from immortality.

Malpertuis Jean Ray.1998 ne of the most famous gothic/uncanny novels of 20th century French writing, Ray's work has been compared to the best of Lovecraft and Meyrink and has never been out of print since its first publication in 1943. The author was a man surrounded by as much mystery as

the bizarre old mansion of Malpertuis where the insane and horrific events of this novel ineluctably unfold. Fellow writer, Thomas Owen, said of him: Jean Ray was a Gothic personality. He had about him a touch of the damned priest or the cathedral gargoyle.'

Broadband Services Imrich Chlamtac, Ashwin Gumaste, Csaba Szabo. 2005-06-14 Access to the Internet is an increasing problem in many areas of the world. As the popularity and usefulness of the Internet increases on a daily basis, lack of access to the technology is putting many groups at a disadvantage in terms of better education, better jobs and even in terms of higher levels of civic participation. However, creating a network infrastructure to serve outlying communities and sectors of the population is not straight-forward. This book brings together all the aspects of the problem - technical, regulatory and economic - into one volume to provide a comprehensive resource. It describes the latest technological advances that allow cost-effective network infrastructures to be built, and places them in the context of the applications and services that the infrastructure will deliver. A section on business models and case studies from North American and Europe demonstrate that the solutions are economically and practically viable. This book is essential for anyone looking to gain an understanding of the issues and technology surrounding the access debate. It will be of particular relevance to network engineers/designers/planners at the incumbent operator companies charged with delivering broadband access to as yet unconnected regions. Governments and regulatory bodies will also find this a useful guide to the problems that they may face.

La Jeune Parque Paul Valéry. 1997 Paul Valéry (1871-1945) was a poet and essayist, and along with Verlaine and Mallarmé is regarded as one of the most important Symbolist writers, and an influence

on poets from Eliot to Ashbery. He had a quiet life by many standards, but in one respect it was exemplary, even legendary; he made an early reputation in little magazines, decided to stop writing verse when still only 20, kept his silence for 20 years, then began again; and his first book of verse, published when he was 45, was his masterpiece *La Jeune Parque*. 'A poem should not mean, but be,' said Archibald MacLeish. *La Jeune Parque* ('the goddess of Fate as a young woman') certainly exists: she's beautiful and makes great gestures. And as for what she means, there's a substantial amount of argument about that, so *La Jeune Parque* is a poem by either definition. It's a classic, by general agreement, written to the full 17th-century recipe for alexandrine couplets, and it's modern, with every word pulling its weight in more than one direction. Alistair Elliot's translation with notes is aimed at making this rewarding but difficult long poem accessible enough for bafflement to turn into admiration. He attempts to clarify its small puzzles and also trace the overall narrative line of Paul Valéry's poem: it does have a story (what should a young woman do?) and does struggle towards a resolution. He also provides an introduction which deals with the interesting circumstances of the poem's four-year composition (1913-17), which resulted in Valéry's instantly becoming a famous poet at the age of 45, after having written no poetry for 20 years.

The Hanged Man of Saint-Pholien Georges Simenon. 2014-01-02 The third book in the new Penguin Maigret series: Georges Simenon's haunting tale about the lengths to which people will go to escape from guilt, in a compelling new translation by Linda Coverdale. A first ink drawing showed a hanged man swinging from a gallows on which perched an enormous crow. And there were at least twenty other etchings and pen or pencil sketches that had the same leitmotif of hanging. On the edge of a forest: a man hanging from every branch. A church steeple: beneath the weathercock, a human body dangling from each arm of the cross. . . Below another sketch were written four lines

from François Villon's Ballade of the Hanged Men. On a trip to Brussels, Maigret unwittingly causes a man's suicide, but his own remorse is overshadowed by the discovery of the sordid events that drove the desperate man to shoot himself. Penguin is publishing the entire series of Maigret novels in new translations. This novel has been published in previous translations as *Maigret and the Hundred Gibbets* and *The Crime of Inspector Maigret*. 'Compelling, remorseless, brilliant' John Gray 'One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories' Guardian 'A supreme writer . . . unforgettable vividness' Independent

La Terre Paternelle Patrice Lacombe. 1972

EU Security Strategies Spyros Economides, James Sperling. 2017-12-06 This volume offers a coherent analysis of the European Union's security strategies within a comparative framework. If the EU is to survive and prosper as an effective security actor, it requires that greater attention be devoted to taking a cohesive and common position on the relationship between EU foreign policy means and goals. The major claim of this edited collection is that there is a European grand security strategy that disciplines member state security strategies. That grand strategy has two distinct substantive goals: (1) the preservation and expansion of the EU system of security governance; and (2) the implementation of specific strategies to meet internal and external threats and sources of insecurity. The EU has sought to develop a grand security strategy that not only accounts for the proliferation of threats possessing a military or non-military character and differentiates between core and peripheral regions of interest, but also addresses the requirements to bridge the

increasingly blurred boundary between internal and external security threats and the necessary reconciliation of the competing security preferences of its member states. The empirical contributions to this volume examine the EU security strategies for specific issue areas and regional threat complexes. These case studies assess whether and how those strategies have consolidated or expanded the EU system of security governance, as well as their successes and limitations in meeting the security threats confronting the EU and its member-states. This volume will be of great interest to students of EU policy, foreign policy, security studies and IR.

French Fascism Robert Soucy. 1995-01-01 Did fascism have a significant following in France in the 1930s? Were its supporters predominantly from the political right or left? This provocative book, in conjunction with its acclaimed predecessor, *French Fascism: The First Wave*, demolishes the notion that fascism never took hold in France. Robert Soucy argues that France has a long-standing fascist tradition, one that arose, he argues, more from counterrevolutionary forces on the right than from forces on the left. Analyzing fascist double-talk, Soucy underscores the social and economic conservatism of such mass movements as Francisme, the Solidarité Française, the Parti Populaire Français, and the Croix de Feu--as well as the ideological and membership crossovers between them. Examining police reports of the era, he penetrates beneath the socialist rhetoric of these movements and describes their financial backing from the steel and electricity industries and the middle- and lower-middle-class constituencies (rather than workers) who provided most of their recruits. Soucy investigates why thousands of French men and women found fascist ideas attractive during this period and what fueled the more authoritarian and brutal aspects of French fascism. According to Soucy, these tendencies (seen most recently in the right-wing activity of Jean-Marie Le Pen's National Front) periodically emerge from perceived threats from alien elements in French

society--whether they be Communists, Socialists, immigrants, Jews, feminists, hedonists, democrats, or liberals soft on Marxism and secularism.

Thirty Acres Ringuet.1989 Thirty Acres traces the course of one man's life as he enters into the age-old rhythms of the land and of the seasons. At the same time, it is a novel on a grand social scale, spanning and documenting the tumultuous half-century in which a new, industrial urban society crowded out Quebec's traditional rural one.

Libye : guerres et convoitises .2021-10-27 Dix ans après l'éclosion de son Printemps, la Libye peine toujours à voir le bout du tunnel. Les différentes phases qu'elle a connues ont mis en exergue de nombreuses logiques de division : politique, institutionnelle, idéologique, militaire ou encore économique, sur fond de rivalités de pouvoir. Les représentants politiques libyens ne sont pas exempts de responsabilités, et leurs profonds désaccords ont ouvert le champ à la projection d'ambitions étrangères sur le territoire libyen. Ce numéro explore et explique plusieurs de ces logiques, et fait le point sur les principales raisons de la déroute du processus révolutionnaire libyen.

Citizens of Beauty Jean Sénac.2016-04-01 Now available in English for the first time, translated by the poet Jack Hirschman, this beautiful collection of poems by the Algerian poet Jean Sénac (1926-1973) was originally published when he was forty-one. Sénac represented the hope of the new

generation of Algerians who were celebrating their independence from France after 130 years of colonialism, and in the tradition of René Char and the early Albert Camus, he portrayed an Algeria whose land and people would finally sing with their own voice. Sénac celebrates revolution, love, and the body, beginning with the resonant verses: "And now we'll sing love / for there's no Revolution without love." He sang, as well, of beauty: "No morning without smiling. / Beauty on our lips is one continuous fruit."

Marie Calumet Rodolphe Girard.1976 Marie Calumet is a light hearted, satirical account of rural life in the fictional parish of Saint Ildefonse, Quebec, in 1860. The appearance of Suzon, an alluring adolescent of 17 and cousin to Curé Flavel produces a scandal.The priest is forced to look reality in the face. The novelty of Suzon's sensual presence is its appearance in a place where it is traditionally forbidden: this is the first instance of a woman becoming a disturbing element in the French-Canadian novel.

What Is Africa to Me? Maryse Condé.2017 What Is Africa to Me? traces the late 1950s to 1968, chronicling Condé's life in Sékou Touré's Guinea to her time in Kwame N'Krumah's Ghana, where she rubbed shoulders with Malcolm X, Che Guevara, Julius Nyerere, and Maya Angelou. Accusations of subversive activity resulted in Condé's deportation from Ghana. Settling down in Sénégal, Condé ended her African years with close friends in Dakar, including filmmakers, activists, and Haitian exiles, before putting down more permanent roots in Paris. --Front flap.

Krieghoff J. Russell Harper, Cornelius Krieghoff.1999 Originally published in 1979 in hardcover, and now available in paperback, *Krieghoff* is the definitive study of the life and work of this important Canadian painter. Cornelius Krieghoff (1815-1872) is one of the most popular and well-known of Canada's early painters: his work was greatly appreciated in his lifetime and continues to captivate new audiences today. *Krieghoff's* subject matter was uniquely Canadian - French Canadian habitants, Native peoples, landscapes, people at work and play in the outdoors - but his vivid style won him supporters in the art community worldwide. The eminent art historian J. Russell Harper spent five years researching this book on two continents, trying to piece together the life story of his subject from sources that were often confusing and contradictory. Harper used the details of *Krieghoff's* formative years, his time in Montreal, his move to Quebec City, and his final years to

illuminate the impact on his art, and vice versa. A chapter has been included on the many Krieghoff forgeries that have plagued art historians over the years, and the insightful text is accompanied by 50 colour plates and over 100 black and white illustrations. Long out of print, this stunning book is available again for art lovers.

Collective Securitisation and Security Governance in the European Union Sonia Lucarelli,James Sperling,Mark Webber.2020-06-04 Collective Securitisation and Security Governance in the European Union presents an integrated theory of collective securitisation – a theoretical foundation for explaining how the process of collective securitisation sustains and makes effective an identifiable system of regional security governance. The volume demonstrates the empirical utility of collective securitisation in the EU security space through a set of structured case studies focusing on the collective securitisation of terrorism, cyberspace, migration, energy, health and climate change. The contributions to this collection address three questions: Under what conditions does collective securitisation occur? How does collective securitisation affect the scope and domains of EU security governance? And how does collective securitisation explain the emergence of the EU system of security governance? This volume breaks new ground in the field of EU security studies and provides a theoretical orientation that contributes to our understanding of how and why the EU has developed as a security actor in the 21st century. Developing and testing the theory of collective securitisation with reference to some of the most pressing contemporary security issues, *Collective Securitisation and Security Governance in the European Union* will be of great interest to scholars of the European Union and Security Studies. The chapters were originally published as a special issue of *West European Politics*.

Reticence Jean-Philippe Toussaint.2012-04-10 A man on vacation in a small Mediterranean village senses he is being surveilled by a writer, but the lack of events occurring in the town during his stay may be clouding his perception of reality, hindering his ability to figure out why.

The Truth about Marie Jean-Philippe Toussaint.2011-09-06 Moving through a variety of locales and adventures, The Truth about Marie revisits the unnamed narrator of Toussaint's acclaimed Running Away, reporting on his now disintegrated relationship with the titular Marie—the story switching deftly between first- and third-person as the narrator continues to drift through life, and Marie does her best to get on with hers. Like all of Toussaint's novels, The Truth about Marie's plot matters far less than its pace and tempo, its chain of images, its sequence of events. From pouring rain in Paris to blazing fires on the island of Elba, from moments of intense action to perfectly paced lulls, The Truth about Marie relies on a series of contrasts to tell a beguiling, and finally touching, story of intimacy forever being regained and lost.

October Long Sunday Guy Vaes.1997 First published in 1956, October Long Sunday tells the story of Laurent Carteras, a sensitive and cultured young man, who gradually discovers that friends and colleagues no longer recognize him. In this poetic and intriguing narrative of mental and physical metamorphosis, the Belgian author Guy Vaes displays a mastery of both realistic and fantastic forms that reflect many of the exciting innovations of modern European fiction.
