Essentials of Business Research Methods Joseph F. Hair, Jr, Mary Wolfinbarger, Arthur H Money, Phillip Samouel, Michael J Page. 2015-03-04 Managers increasingly must make decisions based on almost unlimited information. How can they navigate and organize this vast amount of data? *Essentials of Business Research Methods* provides research techniques for people who aren't data analysts. The authors offer a straightforward, hands-on approach to the vital managerial process of gathering and using data to make clear business decisions. They include such critical topics as the increasing role of online research, ethical issues, data mining, customer relationship management, and how to conduct information-gathering activities more effectively in a rapidly changing business environment. This is the only such book that includes a chapter on qualitative data analysis, and the coverage of quantitative data analysis is more extensive and much easier to understand than in other works. The book features a realistic continuing case throughout the text that enables students to see how business research information is used in the real world. It includes applied research examples in all chapters, as well as Ethical Dilemma mini - cases, and interactive Internet applications and exercises.

College Algebra Jay Abramson. 2018-01-07 College Algebra provides a comprehensive exploration of

algebraic principles and meets scope and sequence requirements for a typical introductory algebra course. The modular approach and richness of content ensure that the book meets the needs of a variety of courses. College Algebra offers a wealth of examples with detailed, conceptual explanations, building a strong foundation in the material before asking students to apply what they've learned. Coverage and Scope In determining the concepts, skills, and topics to cover, we engaged dozens of highly experienced instructors with a range of student audiences. The resulting scope and sequence proceeds logically while allowing for a significant amount of flexibility in instruction. Chapters 1 and 2 provide both a review and foundation for study of Functions that begins in Chapter 3. The authors recognize that while some institutions may find this material a prerequisite, other institutions have told us that they have a cohort that need the prerequisite skills built into the course. Chapter 1: Prerequisites Chapter 2: Equations and Inequalities Chapters 3-6: The Algebraic Functions Chapter 3: Functions Chapter 4: Linear Functions Chapter 5: Polynomial and Rational Functions Chapter 6: Exponential and Logarithm Functions Chapters 7-9: Further Study in College Algebra Chapter 7: Systems of Equations and Inequalities Chapter 8: Analytic Geometry Chapter 9: Sequences, Probability and Counting Theory

The Project Management Answer Book Jeff Furman PMP.2014-12-01 If it's essential to project management... it's in here! The first edition of *The Project Management Answer Book* addressed all the key principles of project management that every project manager needs to know. With a new chapter on scrum agile, updates throughout, and many new PMP® test tips, this new edition builds on that solid foundation. The structure of this update maps closely to the PMBOK® Guide, Fifth Edition, and is designed to assist anyone studying for the PMP® and other certification exams. Helpful sections cover:

- Networking and social media tips for PMs, including the best professional organizations, virtual groups, and podcast resources
- The formulas PMs need to know, plus a template to help certification candidates prepare and self-test for their exams
- Quick study sheet for the processes covered on the PMP® exam
- Key changes in PMBOK® Guide, Fifth Edition, for readers familiar with earlier versions who want “the skinny” on the new version. PMs at every level will find real gold in the information nuggets provided in this new edition. Those new to project management will find the comprehensive coverage and the depth of the answers especially valuable, and will like the easy-to-read style and Q&A format. For experienced managers looking for new tools and skills to help them pass their PMP® or other certification exams, this is a must-have resource.

Rise Patty Azzarello.2012-05-01 A straight-shooting Silicon Valley executive reveals insider career strategies to becoming a great leader, developing your network, succeeding without wasting time, and managing trade-offs between your work and life so your life works. Patty Azzarello became the youngest general manager at Hewlett-Packard at age thirty-three, ran a \$1 billion software business at thirty-five, and became a CEO at thirty-eight-all without turning into a self-centered, miserable jerk. In *Rise*, Azzarello shares the insider secrets to advancing your career (while having a life) in three practical steps: Do Better: Set ruthless priorities, and work and lead more strategically to deal with frustrating obstacles. Look Better: Build your credibility with the people who can help (or blacklist) you. Connect Better: Develop your network without being political. Get on the List of people who get the best opportunities. Whether you are just starting up the corporate ladder, stuck midcareer, transitioning, or eyeing the corner office, *Rise* shows you the difference between getting ahead and just working hard.

F in Exams Richard Benson.2014-01-21 F stands for funny in this perfect gift for students or anyone who has ever had to struggle through a test and needs a good laugh. Celebrating the creative side of failure in a way we can all relate to, F in Exams gathers the most hilarious and inventive test answers provided by students who, faced with a question they have no hope of getting right, decide to have a little fun instead. Whether in science (Q: What is the highest frequency noise that a human can register? A: Mariah Carey), the humanities (Q: What did Mahatma Gandhi and Genghis Khan have in common? A: Unusual names), math, or other subjects, these 250 entries prove that while everyone enjoys the spectacle of failure, it's even sweeter to see a FAIL turn into a WIN.

Lippincott's Textbook for Nursing Assistants Pamela J. Carter, Susan Lewsen.2005 This textbook for nursing assistants will prepare students not only to function in the traditional nursing assistant role in nursing homes, hospitals, and home health, but also will prepare students to advance their careers. A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and ultimately an RN role. The text offers a compelling art program, a direct, conversational writing style, and an emphasis on professionalism and humanism. A back-of-book CD-ROM includes an audio glossary.
