Crafting a Future Archana Shah.2021 - A book that maps down the journey of the tradition of textile and crafting - Locates the culture of craft in the pages of history - A guideline to the generations to explore the field Crafting a Future is a heartfelt celebration of artisans and their vocational skills. Each region in India has its own distinctive raw materials, craft techniques, textiles, motifs and color palettes, and through her well-researched narrative enriched with numerous stories, Archana Shah demonstrates the diversity and true value of handcrafted textile processes. She believes that handspun, handwoven fabrics made using indigenous fibers and natural materials for dyeing will help create a unique identity for handcrafted textiles, and suggests ways to repurpose the abundant artisanal talent available across the country to rejuvenate this sector. These tenets are woven throughout the book, which is broadly divided into three sections based on natural fibres: cotton from plants, silk from insects and wool from animals. This resonates with Gandhiji's concept of developing khadi and village industries to rejuvenate the rural economy, and stimulate development through a bottom-up approach. Beyond its beauty and heritage value, artisanal production is eco-friendly, has a negligible carbon footprint and fulfils most of the United Nations Sustainable Development Goals (SDGs). It has the potential for creating dignified employment opportunities for millions of people in their own regional location, so that they are not compelled by economic constraints to abandon their ancestral professions and migrate to urban slums to earn a meagre livelihood as unskilled laborers. In essence, the book focuses on artisans, their aspirations and fulfilment in their work. It also draws upon their traditional wisdom to address two of the most serious challenges that we face today: growing unemployment and climate change.

Something Borrowed, Someone Dead M. C. Beaton.2013-09-17 *Something Borrowed, Someone Dead* continues the tradition in M. C. Beaton's beloved Agatha Raisin cozy mystery series—now a hit show on Acorn TV and public television. Gloria French was a jolly widow with dyed blonde hair, a raucous laugh and rosy cheeks. When she first moved from London to the charming Cotswolds hills, she was heartily welcomed. She seemed a do-

gooder par excellence, raising funds for the church and caring for the elderly. But she had a nasty habit of borrowing things and not giving them back, just small things, a teapot here, a set of silverware there. So it's quite the shock when she is found dead, murdered by a poisoned bottle of elderberry wine. Afraid the murder will be a blight on the small town, Parish councillor, Jerry Tarrant, hires private detective Agatha Raisin to track down the murderer. But the village is secretive and the residents resent Agatha's investigation. Of course that doesn't stop the ever-persistent Agatha from investigating and sticking her nose where no one wants it—especially as the suspect list grows. And, as if it isn't enough that Agatha's ex has reentered the picture, the murderer is now targeting Agatha! With M.C. Beaton's *Something Borrowed, Someone Dead* the bossy, vain, and absolutely irresistible, Agatha Raisin continues to be a fan favorite.

Good Luck Alex Rovira, Fernando Trías De Bes. 2004-08-24 Good Luck is a whimsical fable that teaches a valuable lesson: good luck doesn't just come your way—it's up to you to create the conditions to bring yourself good luck. Written by Alex Rovira and Fernando Trias de Bes—two leading marketing consultants—this simple tale is universally applicable and uniquely inspirational. Good Luck tells the touching story of two old men, Max and Jim, who meet by chance in Central Park fifty years after they last saw each other as children. Max achieved great success in life; Jim sadly did not. The secret to Max's success lies in a story his grandfather told him long ago. This story within a story has a tone reminiscent of the classic *The Alchemist* and shows how to seize opportunity and achieve success in life. In a surprise ending, Good Luck comes full circle, offering the reader inspiration, instruction, and an engaging tale.

A Theory of Liberty H. N. Hirsch. 2019-11-21 First published in 1992. *A Theory of Liberty* seeks to change the way we think about the American constitution. The focus of the book is the legal status of minority groups in the United States a topic at the top of the current political agenda. Arguing that minority rights were vitally important to the founding fathers, H. N. Hirsch presents an original and provocative look at issues such as affirmative action, abortion, and the rights of children, lesbians and gay men, mental patients, and the physically disabled. In an analysis which blends history, philosophy, law, and social science, Hirsch attacks both liberals who hide from history and conservatives who push for original intent. He argues that we can remain faithful to the most basic intent of the founding fathers without losing our ability to reinterpret the Constitution against the backdrop of contemporary social facts. Hirsch exposes the errors and hypocrisy of the current Supreme Court majority, and argues that the Constitution's liberty can and should be interpreted to protect the rights of minority groups. Timely and controversial, this title offers a challenging look at some of America's most basic ideological commitments, and will appeal to anyone concerned with the current state of American law or the treatment of minority groups.

Avian Nutrition Nityanand Pathak. 2020-12-02 The scope of book has relevant and important informations on some of the popular tamed birds reared

as pet in cages. Among these Parrots and Mayana are companion species capable of learning and limited conversation with members of the house. Bulbul, partridges and pigeon are used for sports. Owners of these birds expect guidance for care and management from the experts of poultry science because so far there appears to be no school on the management of such avian species. Incorporation of these avian species in the book is expected to enrich the knowledge of students and teachers of the Avian and Poultry Science. Moment Maker Carlos Whittaker.2014-04-01 Life is made of moments. What are you doing to make the most of them? In Moment Maker, Carlos Whittaker shows you how to make each moment count, so those moments add up to a life rich with meaning, deeply satisfying, and full of purpose. Every day we have an opportunity to make our lives meaningful, to make them matter. Yet, for so many of us, we let too much of life happen without taking notice. For author, speaker, and podcaster Carlos Whittaker, living deliberately has become a way of life. Making moments that are significant, memorable, or impactful are a part of how he navigates each day, and it has forever changed the landscape of his story. In Moment Maker, Carlos shares powerful stories and examples from ordinary life, as well as insights from Scripture, that have formed his practical and meaningful game plan for living on purpose and with purpose. In these pages, he will guide you to: Increase awareness of your surroundings, the people you encounter, and the needs of others Recognize opportunities that present themselves and be encouraged to seize them Discover how to create, receive, and rescue key moments in everyday life Unlock the satisfaction of living to the full depth of your life's potential The beauty of having a moment-making life is that it does not require a big investment of time, energy, or money. It simply requires a commitment to pay attention. All around you there are opportunities to meet a need, shift your focus, and begin healing. It is time to become a Moment Maker.
