*Integrating Paleoclimate, Stratigraphy, Sedimentology & Paleontology in Human Evolution and Dispersal Studies - from Early Hominins to the Holocene* Verena E. Foerster, Christian Zeeden, Annett Junginger. 2022-05-25

Return to Babel Priscilla Pope-Levison, John R. Levison. 1999-01-01 In *Return to Babel*, each of ten historically significant biblical texts is interpreted by three scholars: one Latin American, one African, and one Asian. Geographic locales range from a tiny village in the Philippines to the city of Nairobi, Kenya; from Gwangju, South Korea, with its one million inhabitants, to the frontier city of Wiwili in the northern mountains of Nicaragua. The result is a collection of essays that shed new light on familiar texts and make the reader aware of the ways in which culture can shape our understanding of Scripture.

**Christianity and democratisation** John Anderson. 2013-07-19 This book examines the contribution of different Christian traditions to the waves of democratisation that have swept various parts of the world in recent decades. It offers a historical overview of Christianity's engagement with the development of democracy, before focusing in detail on the period since the 1970s. Successive

chapters deal with: the Roman Catholic conversion to democracy and the contribution of that church to democratisation; the Eastern Orthodox 'hesitation' about democracy; the alleged threat to American democracy posed by the politicisation of conservative Protestantism; and the likely impact on democratic development of the global expansion of Pentecostalism. The author draws out several common themes from the analysis of these case studies, the most important of which is the 'liberal-democracy paradox'. This ensures that there will always be tensions between faiths that proclaim some notion of absolute truth and political orders that are rooted in the idea of compromise, negotiation and bargaining. Written in an accessible style, this book will appeal to students of politics, sociology and religion, and prove useful on a range of advanced undergraduate and postgraduate courses.

**The Acquisition of the Present** Dalila Ayoun.2015-10-15 This is the first edited volume that tackles the acquisition of the present (tense, aspect, temporality), an under-researched area, particularly compared to the acquisition of past temporality. The first two chapters focus on the L1 acquisition of English from the perspective of the Aspect hypothesis and the Verb-Island hypothesis (Wang & Shirai) and the L1 acquisition of French from the perspective of the zero-tense hypothesis (Demirdache & Lungu). The remaining chapters tackle the L2 acquisition of English (Liszka, Al-Thubaiti, Vraciu), French (Ayoun, Saillard), Spanish (Gabriele et al.), Russian (Martelle) and Japanese (Shirai & Li) by learners of different L1s (French, English, Arabic, Chinese and Korean), testing various semantic and syntactic hypotheses. The last chapter presents a summary of the findings, and offers a few conclusions as well as broad directions for future research.

**Theology and Practice of Mission** Bruce Riley Ashford.2011-09-01 Theology disconnected from mission is not Christian theology at all. The pastors, professors, and missionaries writing *Theology and Practice of Mission* provide a clear biblical-theological framework for understanding the church's mission to the nations. Toward that goal, the book holds three major sections: God's mission, the church's mission, and the church's mission to the nations. Part one explores the canon of Christian Scripture from narrative and systematic angles, explaining how the mission of God-to redeem a people who will be a kingdom of priests to the praise of his glory, bear witness to his gospel, advance his church, and dwell with him forever on a new heaven and earth-is communicated in the Bible's four movements: Creation, Fall, Redemption, and Restoration. Part two sees the mission of God's people in the light of God's mission, emphasizing not only preaching and church planting but also gospel witness in every dimension of human culture-glorifying God in family, church, work, community, through the arts, sciences, education, business, and the public square. The writers encourage us to live missionally, leaving all of our resources at God's disposal for the sake of his kingdom. Finally, part three contends that the North American church must come to terms with its missional calling-just as international missionaries do-and gives a starting point and parameters for conceiving the church's mission to all people groups and cultural contexts. Chapters here include ones on unreached people groups, Muslims, Hindus, Buddhists, and Postmoderns.

**Pastoralism in Africa** Michael Bollig, Michael Schnegg, Hans-Peter Wotzka. 2013-07-30 Pastoralism has shaped livelihoods and landscapes on the African continent for millennia. Mobile livestock husbandry has generally been portrayed as an economic strategy that successfully met the challenges of low biomass productivity and environmental variability in arid and semi-arid environments. This volume focuses on the emergence, diversity, and inherent dynamics of pastoralism in Africa based on research during a twelve-year period on the southwest and northeast regions. Unraveling the complex prehistory, history, and contemporary political ecology of African pastoralism, results in insight into the ingenuity and flexibility of historical and contemporary herders.

**Music in Kenyan Christianity** Jean Ngoya Kidula. 2013-09-11 “The book contains an excellent mix of deep personal understanding of the culture and copious documentation.” —Eric Charry, Wesleyan University This sensitive study is a historical, cultural, and musical exploration of Christian religious music among the Logooli of Western Kenya. It describes how new musical styles developed through contact with popular radio and other media from abroad and became markers of the Logooli identity and culture. Jean Ngoya Kidula narrates this history of a community through music and religious expression in local, national, and global settings. The book is generously enhanced by audiovisual material on the Ethnomusicology Multimedia website. “The archival and ethnographic research is outstanding, the accounts of mission history, and then the musical explanations of a variety of forms of change that have accompanied mission intervention, the incursion of forms of modernity, and globalization at large are compelling and unparalleled.” —Carol Muller, University of Pennsylvania “Explores contemporary African music through the prism of ethnographies through the people’s

engagement of Christianity as a unifying ideology in the context of history, modernity, nationalisms and globalisation.” —Journal of Modern African Studies “The meticulous and sometimes highly sophisticated musical analyses, transcriptions, and the rich historical and ethnographic perspectives illuminate not only ongoing discourses and contestations of syncretism and related analytical notions, they also represent a plausible model of a balanced approach to ethnomusicology.”

?International Journal of African Historical Studies “An essential text for thinking about world Christianities, because it approaches a particular African Christianity from both insider and outsider perspectives.” —Global Forum on Arts and Christian Faith

**14 Cows for America** Carmen Agra Deedy. 2018-09-18 This New York Times bestseller recounts the true story of the touching gift bestowed on the US by the Maasai people in the wake of the September 11 attacks. In June of 2002, a mere nine months since the September 11 attacks, a very unusual ceremony begins in a far-flung village in western Kenya. An American diplomat is surrounded by hundreds of Maasai people. A gift is about to be bestowed upon the American men,

women, and children, and he is there to accept it. The gift is as unexpected as it is extraordinary. Hearts are raw as these legendary Maasai warriors offer their gift to a grieving people half a world away. Word of the gift will travel newswires around the globe, and for the heartsick American nation, the gift of fourteen cows emerges from the choking dust and darkness as a soft light of hope—and friendship. With stunning paintings from Thomas Gonzalez, master storyteller Carmen Agra Deedy (in collaboration with Naiyomah) hits all the right notes in this elegant story of generosity that crosses boundaries, nations, and cultures.

Pioneer Jewish Texans Natalie Ornish.2011-09-01 With more than 400 photographs, extensive interviews with the descendants of pioneer Jewish Texan families, and reproductions of rare historical documents, Natalie Ornish's Pioneer Jewish Texans quickly became a classic following its original release in 1989. This new Texas A&M University Press edition presents Ornish's meticulous research and her fascinating historical vignettes for a new generation of readers and historians. She chronicles Jewish buccaneers with Jean Lafitte at Galveston; she tells of Jewish patriots who fought at the Alamo and at virtually every major engagement in the war for Texan independence; she traces the careers of immigrants with names like Marcus, Sanger, and Gordon, who arrived on the Texas frontier with little more than the packs on their backs and went on to build great mercantile empires. Cattle barons, wildcatters, diplomats, physicians, financiers, artists, and humanitarians are among the other notable Jewish pioneers and pathfinders described in this carefully researched and exhaustively documented book. Filling a substantial void in Texana and Texas history, the Texas

A&M University Press edition of Natalie Ornish's Pioneer Jewish Texans brings back into circulation this treasure trove of information on a rich and often overlooked vein of the multifaceted story of the Lone Star State.

Ottoman-Iranian Borderlands Sabri Ateş.2013-10-21 Using a plethora of hitherto unused and under-utilized sources from the Ottoman, British and Iranian archives, Ottoman-Iranian Borderlands traces seven decades of intermittent work by Russian, British, Ottoman and Iranian technical and diplomatic teams to turn an ill-defined and highly porous area into an internationally recognized boundary. By examining the process of boundary negotiation by the international commissioners and their interactions with the borderland peoples they encountered, the book tells the story of how the Muslim world's oldest borderland was transformed into a bordered land. It details how the borderland peoples, whose habitat straddled the frontier, responded to those processes as well as to the ideas and institutions that accompanied their implementation. It shows that the making of the boundary played a significant role in shaping Ottoman-Iranian relations and in the identity and citizenship choices of the borderland peoples.

**Constitutional Triumphs, Constitutional Disappointments** Rosalind Dixon, Theunis Roux. 2018-04-19 The 1996 South African Constitution was promulgated on 18th December 1996 and came into effect on 4th February 1997. Its aspirational provisions promised to transform South Africa's economy and society along non-racial and egalitarian lines. Following the twentieth anniversary of its enactment, this book, co-edited by Rosalind Dixon and Theunis Roux, examines the triumphs and disappointments of the Constitution. It explains the arguments in favor of the Constitution being replaced with a more authentically African document, untainted by the necessity to compromise with ruling interests predominant at the end of apartheid. Others believe it remains a landmark attempt to create a society based on social, economic, and political rights for all citizens, and that its true implementation has yet to be achieved. This volume considers whether the problems South Africa now faces are of constitutional design or implementation, and analyses the Constitution's external influence on constitutionalism in other parts of the world.

The Cult of Smart Fredrik deBoer.2020-08-04 Named one of Vulture's Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In The Cult of Smart, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we'll never achieve this dream until the Cult of Smart is destroyed.

**Recapturing the Wesleys' Vision** Paul Wesley Chilcote.2009-08-20 Scholar and teacher Paul Wesley Chilcote provides a full and clear introduction to the dynamic faith of John and Charles Wesley. The vital theology of John is skillfully gleaned from his voluminous writings. The corresponding faith of Charles is culled from his enduring hymns. For students and general readers this book illuminates the vital balance the Wesleys found in Christian teaching that overcomes the often mutually exclusive options presented in other theological traditions. Chilcote shows that such a synthetic faith is not boring or irrelevant but transforming and life-giving, bringing together faith

and works, Word and Spirit, the personal and the social, the head and the heart, mission and service.

It's easier than you think to get free Kindle books; you just need to know where to look. The websites below are great places to visit for free books, and each one walks you through the process of finding and downloading the free Kindle book that you want to start reading. Freebooksy is a free eBook blog that lists primarily free Kindle books but also has free Nook books as well. There's a new book listed at least once a day, but often times there are many

listed in one day, and you can download one or all of them. The time frame a book is available as a free download is shown on each download page, as well as a full description of the book and sometimes a link to the author's website. The site itself is available in English, German, French, Italian, and Portuguese, and the catalog includes books in all languages. There's a heavy bias towards English-language works and translations, but the same is true of all the ebook download sites we've looked at here. Social media pages help you find new eBooks from BookGoodies, but they also have an email service that will send the free Kindle books to you every day. Kobo Reading App: This is another nice e-reader app that's available for Windows Phone, BlackBerry, Android, iPhone, iPad, and Windows and Mac computers. Apple iBooks: This is a really cool e-reader app that's only available for Apple. FeedBooks: Select the Free Public Domain Books or Free Original Books categories to find free ebooks you can download in genres

like drama, humorous, occult and supernatural, romance, action and adventure, short stories, and more. Bookyards: There are thousands upon thousands of free ebooks here. Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in. Our comprehensive range of products, services, and resources includes books supplied from more than 15,000 U.S., Canadian, and U.K. publishers and more.
