Allah Gabriel Said Reynolds.2020-03-03 A concise and illuminating portrait of Allah from one of the world's leading Qur'anic scholars The central figure of the Qur'an is not Muhammad but Allah. The Qur'an, Islam's sacred scripture, is marked above all by its call to worship Allah, and Allah alone. Yet who is the God of the Qur'an? What distinguishes the Qur'anic presentation of God from that of the Bible? In this illuminating study, Gabriel Said Reynolds depicts a god of both mercy and vengeance, one who transcends simple classification. He is personal and mysterious; no limits can be placed on his mercy. Remarkably, the Qur'an is open to God's salvation of both sinners and unbelievers. At the same time, Allah can lead humans astray, so all are called to a disposition of piety and fear. Allah, in other words, is a dynamic and personal God. This eye-opening book provides a unique portrait of the God of the Qur'an.

Short Surahs from the Qur'an & Selected Prayers .2009 The handy book aims to meet the practical need of Muslims of all ages who are willing to learn, teach, or read these surahs for themselves in daily use. It is also suitable for use as supplementary material in schools that provide Islamic education. It consists of selected shorter chapters, surahs, which can be more easily memorised and recited, in addition to the supplications recited during salah, the prescribed daily prayers. Relatively longer surahs such as Ya Sin and Mulk, have been included for they are frequently memorised and recited in various occasions. Some relevant sayings of the Prophet (hadiths) stressing the virtue of these surahs have also been provided to encourage readers.

Dryden:Selected Poems Paul Hammond,David Hopkins.2020-08-17 Dryden: Selected Poems is drawn from Paul Hammond and David Hopkins's remarkable five-volume The Poems of John Dryden, and includes a generous selection of his most important work. The great satires, MacFlecknoe and Absalom and Achitophel, are included in full, as are his religious poems Religio Laici and The Hind and the Panther, along with a number of Dryden's translations from Horace, Ovid, Homer, and Chaucer. Each poem is accompanied by a headnote, which gives details of composition, publication, and reception. The first-rate annotations provide information on matters of interpretation and give

details of allusions that might prove baffling to contemporary readers. Some 300 years after his death, Dryden: Selected Poems will enable new generations of readers to discover the poet of whom Eliot wrote: 'we cannot fully enjoy or rightly estimate a hundred years of English poetry unless we fully enjoy Dryden'.

Radical Islam in the Former Soviet Union Galina M. Yemelianova. 2009-12-16 This is the first comprehensive and comparative examination of Islamic radicalisation in the Muslim regions of the former Soviet Union since the end of Communism. Since the 1990s, the ex-Soviet Muslim Volga-Urals, Caucasus and Central Asia have been among the most volatile and dynamic zones of Islamic radicalisation in the Islamic East. Although partially driven by a wider Islamic resurgence which began in the late 1970s in the Middle East, the book argues that radicalisation is a post-Soviet phenomenon triggered by the collapse of Communism, and the break-up of the de facto unitary Soviet empire. The book considers the considerable differences in perceptions and manifestations of radical Islam in the republics, as well as the level of its doctrinal and political impact. It demonstrates how the particular histories of the regions' Muslim peoples - especially the length and depth of their Islamisation - have influenced the nature and scope of their radicalisation. Other significant factors include the mobilising power of the global jihadist network, and most significantly the level of social and economic hardship. Based on extensive empirical research including interviews with leading members of the political and religious elite, the Islamist opposition as well as ordinary Muslims, the book reveals how unofficial radical Islam has turned into a potent ideology of social mobilisation. It identifies the different dynamics at work and how these relate to each other, assesses the level of foreign involvement and evaluates the implications of the rise of Islamic radicalism for particular post-Soviet states, post-Soviet Eurasia and the wider international

community.

The Cultural and Demographic Aspects of the Islamic Financial System and the Potential for Islamic Financial Products in the German Market Holger Timm.2005-02-07

Inhaltsangabe:Abstract: The aim of this thesis is to show the potential Muslims in Germany have concerning their number and financial power. As assumed, whilst developing the idea for this work, no financial institution is existent in Germany which offers banking services in compliance with Islamic law. Would it not make sense to introduce such instruments in a market which accommodates more than 3 million Muslims? Are the hurdles for introduction too high or is the financial potential of the Muslim population too low to care about such questions? They will be answered in this thesis. To gather information necessary for writing this thesis, the author read various books about Islam, its roots, and its financial systems. The World Wide Web was a valuable source, especially publications of data by statistical offices, ministries, and institutions dealing with the topic. For certain parts specific data were not accessible to the author. For investigation purposes he wrote letters and mails to various institutions to find out that specific data were not available and certain statistical investigations were not undertaken. In that case approximations and extrapolations were used and marked as such. The author has divided the thesis in four parts. The first chapter, Chapter A Islam History, Cultural Aspects, and Principles for the Financial System , introduces Islam, its roots and foundation about 1,400 years ago. In that chapter basic Islamic principles are explained and their relevance in all aspects of Muslim life is shown. With those principles underlying, a financial system developed which is different from the Western one. The development of the financial system is described as are various Islamic financial tools explained. In Chapter B Muslims in Germany it is shown how the Muslim community in Germany developed. It is

explained when processes of migration started and to what extent they developed. The cultural and educational Status Quo of the Muslim community is analysed, and it is looked at their stand concerning school, work, associations, etc. Thereby Islamically cultural distinctions are outlined and resulting obstacles for integration deduced. Following that, the financial Status Quo is looked at. Facts about Muslim savings are provided and examples of instruments available at the German market, which are in compliance with Islamic law, are described. Out of the outlined facts in the Status Quos a potential analyses is [...]

Selected Proceedings from the 1st International Conference on Contemporary Islamic Studies (ICIS 2021) Nur Nafhatun Md Shariff, Mohd Asmadi Yakob, Zety Sharizat Hamidi, Zeiad Amjad Abdulrazzak Aghwan, Najahudin Lateh. 2022-08-28 This book collates selective outputs from the 1st International Conference on Contemporary Islamic Studies, focusing on interdisciplinary research that is relevant and timely. With a selection of regional and international contributions, the volume covers several topics, including Zakat, Wakaf, Islamic philanthropy, Islamic Turath, Islamic astronomy, Islamic texts - both ancient and modern - Halal, the Muslim family, fiqh, and Islamic finance. [A Tentative Guide to the Themes of the Surahs of the Qur'an](#) H.R.H. Prince Ghazi Bin Muhammad. 2020 In this seminal work, the author suggests that each chapter of the Qur'an contains at least one distinct theme that underlies and shows the logical connection between every verse of

that chapter. Moreover, he proposes that the chapters themselves taken together make up a deliberate and unique portrait of human beings and of spiritual life. Finally, the author argues that the secrets to the themes are contained and shown in the hadith literature describing the spiritual rewards and effects (fada'il) of various different chapters of the Qur'an.

Keys to the Qur'an Shaykh Fadhlalla Haeri. 2018-02-19 These commentaries on several essential chapters of the Qur'an are based on Shaykh Fadhlalla Haeri's teachings in the West. The chapters include Surahs Fatiha, Baqarah, Al Imran, Yaseen, Al Ankabut, Al Rahman, Al Waqiah, Al Mulk and the entire Juz Amma (last section of the Qur'an). These explorations of selected chapters of the Qur'an are aimed at those seeking guidance and transformation in the modern world. Emphasising the timeless wisdom of the Qur'an, Shaykh Fadhlalla Haeri uses the linguistic roots of the key terms to offer illuminating insights into its deep inner meanings, and shows its relevance to our present day lives. As a source of understanding for both Muslims and non-Muslims, this volume of 5 parts will be greatly valued. The Qur'an reflects the absolute truth in all respects. It guides towards knowledge of numerous realities. In it one hears the eternal song of mercy, love and the oneness of creational reality. In the Qur'an we see the laws which govern the experiential, physical world as well as the subtle hidden worlds above and below. The Qur'an tells the story of creation from before creation to beyond the end of creation. It takes one to its source--the timeless, boundless, All--Encompassing Absolute Creator. *Keys to the Qur'an* is based on discourses given by Shaykh Fadhlalla Haeri in America and Europe. This volume looks to the Qur'an for existential guidance and direction in this life. It does not resemble other traditional commentaries. It seeks from the Qur'an a way of living that will enable humankind, here and now, to travel courageously, purposefully and humbly toward enlightenment and awakening.

The Koran J P Sloane Ph D, J. P. Sloane.2017-06-27 IMAGINE, SELECTED SŪRAH'S OF INTEREST FOR BIBLE BELIEVERS IN AN EXCITING NEW AND UNIQUE, EASY TO USE METHOD OF STUDYING THE KORAN IN LIGHT OF THE BIBLE-YOU MAY EVEN DISCOVER SOME THINGS ABOUT THE BIBLE YOU DIDN'T KNOW! Many people have asked if there is some way to take the Koran and specifically those sŪrahs which contain Bible references and stories-and place the biblical versions alongside the Koran's versions-which would allow the Bible believer to compare how accurate the Koran is when dealing with biblical issues. To our knowledge, this has never been done before due to the fact that the Bible stories found in the Koran do not follow the same order of events or storyline the Bible does; nevertheless, we have come up with a way for you to not only read each verse in a selected sŪrah (chapter), but to have commentary which explains in simple terms what some of the more complicated verses are about and-when appropriate-placing the actual corresponding Scripture or relevant Scriptures from the Bible along that of the Koran's verse.The handy Torah/Bible icon lets you see at-a-glance-on any particular page-where the Bible verses are. BONUS: We also include a table with a complete list of sŪrahs and the order in which they appear in the Koran, along with a list of the order in which Muhammad actually received them. Now you can

easily find-when dealing with conflicting verses in the Koran-which verse abrogates or replaces another. Speaking of conflicting, sometimes the Koran combines stories, people and events, which are unrelated, into one story. By using the Bible-rather than drawing on our own opinions-you can compare between the Bible and those biblical stories being presented in the Koran, and judge for yourself if the Koran is accurate or not. We also offer text boxes that act like your own personal study-coach-pointing out interesting observations for you to consider. There are no other Koran studies with biblical commentaries and Scriptures like this one! This is not only a wonderful book for Christian schools and colleges; it is also a perfect gift for your pastor. This book is also a great resource for your church or school library, and don't forget your small church study groups. The actual Koran (Qur'an) itself has around 470 pages-about the size of the New Testament. This book is slightly larger than that due to commentary and biblical comparisons. If we were to do a complete commentary of the entire Koran, along with Scriptures from the Bible, this book would be between 1500 and 2000 pages and would not only be huge, but also very expensive; therefore, in order to make this book affordable and give you the most ṣrahs (containing well over 700 verses) within a 500-page format, we have selected ṣrahs geared to the interest of the average Bible believer-especially when compared with the Bible.

How to Read the Qur'an Carl W. Ernst.2011-12-05 For anyone, non-Muslim or Muslim, who wants to know how to approach, read, and understand the text of the Qur'an, How to Read the Qur'an offers a compact introduction and reader's guide. Using a chronological reading of the text according to the conclusions of modern scholarship, Carl W. Ernst offers a nontheological approach that treats the Qur'an as a historical text that unfolded over time, in dialogue with its audience, during the career of the Prophet Muhammad.
