Handbuch Der Orientalistik Charles Willemsen, Bart Dessein, Collett Cox.1998 This volume deals with the Sarvastivāda school of Buddhism, the major philosophical school of Hīnayāna. First a general outline is given of the school's origin in the (Indian) Buddhist synods. Part one ends with a general survey of Sarvastivāda Literature. In the actual corpus the philosophical texts of Sarvastivāda are treated in detail. The organization of the work follows the geographical spread of Sarvastivāda. In these Parts special emphasis is laid on the Central Asian history of the school, as well as on how the school eventually reached China ('Abhidharma and Kosa Schools'). Treatment is based on the Chinese versions of the major works of the school (Sūtrapit aka, Abhidharma-pit aka and Vinayapit aka). All in all, this major work throws a new light on the relationship between Sarvastivāda and Mahāyāna and provides an innovative view on the Dharmśāstra and Sautrāntika Schools.

Journey Into Consciousness Charles Breux.1998 In the present book, the author introduces the Tantric methods of Tibetan Buddhism and draws correlations between this practice and the teachings of Carl Jung. In a clear, concise style, Breux points out how many psychological truths are woven into the fabric of the Tantric doctrine. The language of the Tantra is visionary--abounding in symbols and metaphors produced spontaneously in the meditations of ancient yogis. At the heart of tantra is the experience of a divine power within the human being that can be awakened. The format of the book begins in the root chakra and follows the path of your psychological and spiritual continuum up through the chakras. Each chapter includes a meditation practice employing Tibetan Tantric Deities and procedures. Although not a substitute for a genuine Tantric teacher, the book will enable readers to experience the tantra through suggested meditation. You enter the light within when you step outside of your own shadow. The basic drive to remember your essential nature surges beneath all your fears, desires and preconceptions. Although they approach this process from opposite sides of the world, both Tantra and Jungian psychology aspire to fathom this mysterious process and create the necessary conditions so spiritual transformation can occur.

The Dawn of Tantra Herbert V. Guenther, Chogyam Trungpa.2001-11-13 Westerners wanting to know about tantra—particularly the Buddhist tantra of Tibet—often find only speculation and fancy. Tibet has been shrouded in mystery, and tantra has been called upon to name every kind of esoteric fantasy. In *The Dawn of Tantra* the reader meets a Tibetan meditation master and a Western scholar, each of whose grasp of Buddhist tantra is real and unquestionable. This collaboration is both true to the intent of the ancient Tibetan teachings and relevant to contemporary Western life.

Preparing for Tantra Rob Preece.2011-09-16 The preliminary practices of Tantra aren't a hurdle to be gotten through in order to get somewhere else; they're an extraordinarily rich collection of practices which have much to offer as a means of cultivating and maturing the practitioner's psychological ground. They can enable experiences to unfold, and they can clear the way when there seem to be problems or hindrances practitioners are struggling with. In *Preparing for Tantra*, Preece draws on his experience as a Tantric Buddhist practitioner, meditation teacher, and psychotherapist to explain how to make the preliminary practices psychologically meaningful and spiritually transformative. He examines each of the practices with an eye to revealing how they may be used to heal and transform psychological trauma and offers practical suggestions for integrating them into daily life—as well as ensuring that practitioners are prepared psychologically, emotionally, and energetically to start out safely on the tantric path. *Preparing for Tantra* is an accessible guidebook for engaging in ngondro, the preliminary practices that are done before engaging in a long tantric retreat. These practices are also powerful tools for purifying negativities and alleviating guilt, healing difficult experiences, and enriching our minds with goodness so that we will be able to progress in our Dharma practice and gain realizations of the path.

Ornament of Stainless Light Khedrup Norsang Gyatso.2016-03-08 The premiere volume of Thupten Jinpa's thirty-two-volume Library of Tibetan Classics series, inaugurated to coincide with the Dalai Lama's conferral of the initiation rite of Kalacakra in Toronto in April 2004. The Kalacakra, or wheel of time, tantra likely entered Indian Mahayana Buddhism around the tenth century. In expounding the root tantra, the Indian master Pundarika, one of the legendary Kalki kings of the land of Shambhala, wrote his influential *Stainless Light*. *Ornament of Stainless Light* is an authoritative Tibetan exposition of this important text, composed in the fifteenth century by Khedrup Norsang Gyatso, tutor to the Second Dalai Lama. One of the central projects of Kalacakra literature is a detailed correlation between the human body and the external universe. In working out this complex correspondence, the Kalacakra texts present an amazingly detailed theory of cosmology and astronomy, especially about the movements of the various celestial bodies. The Kalacakra tantra is also a highly complex system of Buddhist theory and practice that employs vital bodily energies, deep meditative mental states, and a penetrative focus on subtle points within the body's key energy conduits known as channels. *Ornament of Stainless Light* addresses all these topics, elaborating on the external universe, the inner world of the individual, the Kalacakra initiation rites, and the tantric stages of generation and completion, all in a highly readable English translation.

Buddhism and Language Jose Ignacio Cabezon, José Ignacio Cabezón.1994-07-01 Taking language as its general theme, this book explores how the tradition of Indo-Tibetan Buddhist philosophical speculation exemplifies the character of scholasticism. Scholasticism, as an abstract and general category, is developed as a valuable theoretical tool for understanding a variety of intellectual movements in the history of philosophy of religion. The book investigates the Buddhist Scholastic theory and use of scripture, the nature of doctrine and its transcendence in experience, Mahayana Buddhist hermeneutics, the theory and practice of exegesis, and questions concerning the authority of sacred texts. It also deals with the Buddhist Scholastic theory of conceptual thought as the mirror of language, the Scholastic defense of logic and rationality as a method, as well as the role of language in the idealist and nominalist ontologies of the Mahayana. Finally, the author treats the question of ineffability and the silence of the Buddha from a new perspective.

Mādhyamika and Yogācāra Gadjin M. Nagao.1991-01-08 Nagao invariably focuses on the core of Mahāyāna Buddhism--the path of the Bodhisattva, the doctrine of śūnyatā, and the system of Trisvabhāva are explained. Important technical terms used in the Mahayana textual tradition, whose exact understanding is imperative for the study of Mahāyāna Buddhism, are skillfully presented, making the book indispensable to scholars of Buddhist studies.

Creative Symbols of Tantric Buddhism Sangharakshita.2013-10-23 Tantric Buddhism is concerned with the direct experience of who we are and what we can become. Its sole aim is to help us realize our potential for profound wisdom and unbounded compassion by transforming the energy locked in by old habits, fears and narrow views. For the Tantra this experience is beyond words and thought. But it can be evoked with the help of symbols. Without the help of a reliable guide one could easily get lost or overwhelmed in this unfamiliar world of symbols. Sangharakshita is such a guide.

Wittgenstein: Mind and Language R. Egidi.2013-03-09 Wittgenstein: Mind and Language brings together a collection of previously unpublished essays which offer a systematic account of Wittgenstein's philosophy of mind and contribute in an absolutely new and original way to illuminating his later conception of human perceptive, emotional and cognitive language from both a theoretical and an historical point of view. The focus is on the fundamental categories of philosophical grammar, on the analysis of intentionality, of belief and Moore's paradox, on certainty and doubt, on will, memory, sensations and emotions, as well as on the theory of aspects and private language and the relationship with relativism and psychologism. In the recent literature there are undoubtedly numerous qualified publications dedicated to the themes of philosophical psychology as they emerge from Wittgenstein's Nachlaß and from his writings on this subject published in the last decade. This book, however, provides the essential points of reference of Wittgenstein's late treatment of psychological concepts in the context of the general features of his early philosophy of science and language and in the framework of the trends of his time. The book is of special interest to scholars and students, philosophers, linguists, psychologists, sociologists, cognitive scientists, logicians, historians of contemporary philosophy and science.

Introduction to the Middle Way Chandrakirti.2005-02-08 Introduction to the Middle Way presents an adventure into the heart of Buddhist wisdom through the Madhyamika, or middle way, teachings, which are designed to take the ordinary intellect to the limit of its powers and then show that there is more. This book includes a verse translation of the Madhyamakavatara by the renowned seventh-century Indian master Chandrakirti, an extremely influential text of Mahayana Buddhism, followed by an exhaustive logical explanation of its meaning by the modern Tibetan master Jamgön Mipham, composed approximately twelve centuries later. Chandrakirti's work is an introduction to the Madhyamika teachings of Nagarjuna, which are themselves a systematization of the Prajnaparamita, or Perfection of Wisdom literature, the sutras on the crucial but elusive concept of emptiness. Chandrakirti's work has been accepted throughout Tibetan Buddhism as the highest expression of the Buddhist view on the sutra level. With Jamgön Mipham's commentary, it is a definitive presentation of the wisdom of emptiness, a central theme of Buddhist teachings. This book is a core study text for both academic students and practitioners of Mahayana and Vajrayana Buddhism.

The Taming of the Demons Jacob P. Dalton.2011-06-28 The Taming of the Demons examines mythic and ritual themes of violence, demon taming, and blood sacrifice in Tibetan Buddhism. Taking as its starting point Tibet's so-called age of fragmentation (842 to 986 C.E.), the book draws on previously unstudied manuscripts discovered in the library cave near Dunhuang, on the old Silk Road. These ancient documents, it argues, demonstrate how this purportedly inactive period in Tibetan history was in fact crucial to the Tibetan assimilation of Buddhism, and particularly to the spread of violent themes from tantric Buddhism into Tibet at the local and the popular levels. Having shed light on this dark age of Tibetan history, the second half of the book turns to how, from the late tenth century onward, the period came to play a vital symbolic role in Tibet, as a violent historical other against which the Tibetan Buddhist tradition defined itself. -- Georges Dreyfus

The Realm of Shambhala Shar Khentrul Jamphel Lodrö.2021-03-02 A comprehensive account of Shambhala according to the Jonang school of Tibetan Buddhism. The Realm of Shambhala presents the Kalachakra Tantra's multilayered approach to Shambhala as taught by the Tibetan Buddhist Jonang tradition. Understood to be an ancient kingdom and physical place, Shambhala is also taught to be an exalted state of mind attainable through spiritual practices. Through cultivating peace and extending it into harmonious relationships with others, the transformative power of Shambhala can enter everyday life. This book provides a concise history and analysis of the term Shambhala as received in the Western world and provides a new interpretation of much-debated scriptural passages. It then details the tradition's perspective on the origins of Kalachakra literature and includes extensive lineage narratives of Jonang masters who have upheld this tradition in India and Tibet. Khentrul Rinpoche provides a thorough explanation of Shambhala that joins practical teachings with a cosmic vision for humanity rooted in ancient prophecy. The Kalachakra Tantra foresees a golden age of love and compassion, when the individual peace attained through Kalachakra practice spreads to humankind as a whole. The Realm of Shambhala lays out a vision for how we can cultivate an unbiased mind, overcome our collective afflictions, and usher in an era of perfect peace and harmony.

The Lamp for Integrating the Practices (Caryamelapakapradipa) Aryadeva.2021-05-11 An essential tantric text on the practice of advanced yoga in tantric Buddhism. The Lamp for Integrating the Practices (Caryamelapakapradipa) is a systematic and comprehensive exposition of the most advanced yogas of the Esoteric Community Tantra (Guhyasamaja-tantra) as espoused by the Noble (Nagarjuna) tradition, an influential school of interpretation within the Mahayoga traditions of Indian Buddhist mysticism. Equal in authority to Nagarjuna's famous Five Stages (Pañcakrama), Aryadeva's work is perhaps the earliest prose example of the "stages of the mantra path" genre in Sanskrit. Its systematic path exerted immense influence on later Indian and Tibetan traditions, and it is widely cited by masters from all four major lineages of Tibetan Buddhism. This volume presents the Lamp in a thoroughly annotated English translation. It includes an introductory study discussing the history of the Guhyasamaja and its exegetical traditions, surveying the scriptural and commentarial sources of the Nagarjuna tradition, and analyzing in detail the contents of the Lamp. The book also features a detailed, trilingual glossary. Simultaneously presented online for scholars are a version of its

Sanskrit original, critically edited from recently identified manuscripts, and a critical edition of the eleventh-century Tibetan translation by Rinchen Zangpo, including notes on readings found in “lost,” alternative translations.

The Complete Nyingma Tradition from Sutra to Tantra, Books 15 to 17 Choying Tobden Dorje.2016-08-19 In 1838, Choying Tobden Dorje, a yogin and scholar of northeastern Tibet, completed a multivolume masterwork that traces the entire path of the Nyingma tradition of Tibetan Buddhism from beginning to end. Written by a mantra practitioner for the benefit of mantra practitioners living among the lay community, it was intended to be informative, inspirational, and above all, practical. Its twenty-five books, or topical divisions, offer a comprehensive and detailed view of the Buddhist path according to the early translation school of Tibetan Buddhism, spanning the vast range of Buddhist teachings from the initial steps to the highest esoteric teachings of great perfection. Choying Tobden Dorje’s magnum opus appears in English here for the first time. Books 15 to 17: The Essential Tantras of Mahayoga is presented in two volumes and concerns the first of the three classes of inner tantra. It presents the entire text of the Guhyagarbha Tantra, in Tibetan and English, together with the interlinear sections of one of its most important commentaries, Dispelling the Darkness of the Ten Directions, by the outstanding fourteenth-century master Longchen Rabjam. Also included is Choying Tobden Dorje’s rewriting of Candragomin’s inspirational Extensive Commentary on the Sublime Litany of the Names of Manjushri.

Chinese Buddhist Apocrypha Robert E. Buswell.1990 The study of apocryphal texts is probably the single most important task facing Chinese Buddhist studies today. This volume has done much to get it off on the right foot. --Journal of Asian Studies 50 (1991) Few books of scholarly essays are this ambitious. The editor ... intends to introduce not just new studies, but a new field of study.... However, rather than marking the birth of Buddhist apocrypha studies, the book ... successfully demonstrates its early maturity. --Monumenta Serica 40 (1992) The essays are without exception meticulous in scholarship and path-finding in significance. --Journal of Chinese Religions 20 (1992)

Pointing at the Moon Jay L. Garfield, Tom J.F. Tillemans, Mario D'Amato.2009-09-11 This volume collects essays by philosophers and scholars working at the interface of Western philosophy and Buddhist Studies. Many have distinguished scholarly records in Western philosophy, with expertise in analytic philosophy and logic, as well as deep interest in Buddhist philosophy. Others have distinguished scholarly records in Buddhist Studies with strong interests in analytic philosophy and logic. All are committed to the enterprise of cross-cultural philosophy and to bringing the insights and techniques of each tradition to bear in order to illuminate problems and ideas of the other. These essays address a broad range of topics in the philosophy of mind, philosophy of language, logic, epistemology, and metaphysics, and demonstrate the fecundity of the interaction between the Buddhist and Western philosophical and logical traditions.

Apoha Mark Siderits, Tom Tillemans, Arindam Chakrabarti.2011-09-13 When we understand that something is a pot, is it because of one property that all pots share? This seems unlikely, but without this common essence, it is difficult to see how we could teach someone to use the word pot or to see something as a pot. The Buddhist apoha theory tries to resolve this dilemma, first, by rejecting properties such as potness and, then, by claiming that the element uniting all pots is their very difference from all non-pots. In other words, when we seek out a pot, we select an object that is not a non-pot, and we repeat this practice with all other items and expressions. Writing from the vantage points of history, philosophy, and cognitive science, the contributors to this volume clarify the nominalist apoha theory and explore the relationship between apoha and the scientific study of human cognition. They engage throughout in a lively debate over the theory's legitimacy. Classical Indian philosophers challenged the apoha theory's legitimacy, believing instead in the existence of enduring essences. Seeking to settle this controversy, essays explore whether apoha offers new and workable solutions to problems in the scientific study of human cognition. They show that the work of generations of Indian philosophers can add much toward the resolution of persistent conundrums in analytic philosophy and cognitive science.

Luminous Essence is a specialized guide meant for initiated tantric practitioners. To fully appreciate and assimilate its message, it should be studied under the guidance of a qualified teacher by those who have received the appropriate empowerments, reading transmissions, and oral instructions.

Sure of foot in complex terrain, and packing a blessedly down-to-earth sense of humor, Dinty Moore is the perfect scout for the new frontiers of American Buddhism.--Rodger Kamenetz, author of THE JEW IN THE LOTUS and STALKING ELIJAH.

Borobudur John N. Miksic.1990 This glorious ninth-century Buddhist monument - the largest Buddhist monument in the world - stands in the midst of the lush Kedu plain of central Java in Indonesia, where it is visited annually by over a million people. Borobudur consists of over a thousand exquisite relief sculptures extending along its many terraces for a total distance of more than a mile. The monument is constructed to symbolically represent the pilgrimage to enlightenment. The visitor ascends Borobudur, past scenes depicting the world of desire, through the life story of the Buddha and the heroic deeds of other famous enlightened beings, finally arriving at the great circular terraces at the very top of the structure, symbolizing the formless world of emptiness and the attainment of enlightenment. With over eighty color photographs and an informative text, this book celebrates the art and architecture of this famous Buddhist monument. This is the first volume to be published since the ten-year restoration and reconstruction of Borobudur was completed in 1985. In addition to illuminating the archaeological history, religious symbolism, and cultural context of the monument, it presents a detailed description of the sculptured panels and their significance in Buddhist history and philosophy. This book not only provides a scholarly introduction to Borobudur and its historical context, but it also retells - in text and stunning color photographs - the major stories illustrated in the

hundreds of bas-relief panels that rank among the masterpieces of Asian and Buddhist art. --
