Jataka Parijata V. Subramanya Sastri.1993-01-01

Bhrigu Samhita T. M. Rao.2008 Bhrigu Samhita is an astrological classic written by Maharishi Bhrigu in the Vedic Period. This was the first treatise on predictive astrology which formed the basis for further research and analysis. This book is a concise version of the original Bhrigu Samhita. It is specially written to cater to the needs and interests of both laymen and experts. It provides valuable hints on how to find out the character of a native, his moral inclination, and his fortunes and misfortunes in various walks of life. It also imparts useful information with regard to longevity and prosperity of the native, his parents, brothers and children. Self-explanatory content well-segregated into various chapters would enable not only a professional astrologer, but also an amateur to predict with accuracy the future of the native and form an opinion as to how a planet is disposed in a particular nativity.

Phaldeepika Gopesh Kumar Ojha.2014-01-01 Mantreswar was the greatest astrologer of the 12th century from the South of India. He compiled in Sanskrit the principles of Predictive Astrology propagated by Maharshi Parashar, Jaimini and various other great astrologers in his famous work Phaldeepika. This is one of the best books on Predictive Astrology. It includes the essence of Parashar, Jaimini and many more masters. Four hundred and fifty Yogas of Bhavartha Ratnakar of Shri Ramanuja have been added to benefit the title Phaldeepika; Bhavartha Bodhini. The 28 chapters in the book cover various topics: the characteristics, house divisions, strength of planets, career, various yogas, raja yogas, marriage, children, longevity, periodic influence of planets, the effect of transits and ashtakvargas. The 11th chapter exclusively deals with the nativity of women; the 22nd chapter gives the interpretations and calculation of the Kalachakra dashas. This English edition also includes many horoscopes, tables and a glossary of Sanskrit and Hindi words. The language is easy to understand and even beginners after studying this book for a few months will be able to arrive at the right interpretations and timing of events.

Bhrigu Samhita Paddhati Bhagwan Das Mital.1966

Bhrigu Samhita (Predictive Techniques Deciphered) Shanker Adawal. It gives me immense pleasure to bring forth the second revised edition of my highly cherished work of Bhrigu Samhita, an ancient and unique treatise in predictive astrology. I was equally elated and feel ecstatic for having received encouraging as well as critical responses from the esteemed and avid readers. In deference to their valuable suggestions and also some ambiguity pointed by them, I have revised some part of the chapter on "Basic Astrology" and also brought about improvement and amplifications in certain parts of the analyses of various charts wherein the evolved principles which are specifically important in delineating horoscopes on the format of Bhrigu Samhita are further explained. This was done with a view to make the explanations more cogent and comprehensible. This will also address the concern sown by the valued readers in some places of earlier narrations.

Mars in Aries Alexander Lernet-Holenia.2003 Although this story of a romance between an aristocratic Wehrmacht officer and a mysterious woman in Vienna set against the 1939 invasion of Poland was deemed unacceptable fare for Third Reich readership due to its ambiguity, lack of heroic military images, and the sympathetic portrayal of a suffering Poland, the novel's actual purpose and highly subversive quality were hardly suspected by the Ministry of Propaganda.--Jacket.

Amatyakaraka Secrets Saket Shah.2023-12-17 In Vedic astrology, the term Amatyakaraka refers to a specific planet in an individual's astrological chart. The Amatyakaraka planet is the planet with the second-highest degree in a person's natal chart. The word Amatyakaraka is derived from the Sanskrit words Amatya, meaning minister or counselor, and Karaka, meaning significator. The Amatyakaraka planet is believed to represent qualities related to career, profession, guidance, and

counseling in a person's life. It is considered significant in determining the individual's professional path and the nature of their interactions with authority figures or mentors. The concept of Amatyakaraka is part of the Jaimini astrology system, a branch of Vedic astrology that focuses on spiritual aspects and life path. The Amatyakaraka planet is one of several factors considered in analyzing a person's career and life direction in Vedic astrology. The specific influence and interpretation of the Amatyakaraka depend on its placement, aspects, and conjunctions in the natal chart. In this book we will discuss in depth about Amatyakaraka and secrets of it. I hope readers will love it. Regards, Saket Shah

About the Author: Shri Vinod Prakash Goel is a former officer of the Indian Engineering and has served with the Ministry of Defence, India. He has held managerial positions with private companies in India and abroad setting up an engineering manufacturing and contracting firm. Presently he is consultant to the Defence Research and Development Organisation. Shri Goel has an M. Tech. degree from IIT Kharagpur and B. Sc Mechanical Engineering (Honours) degree from Benaras Hindu University. He is a published author of four books on Astrology prior to this presentation. About the Book: Three distinguishing features of Hindu Astrology are divisional charts, dasha systems and yogas. This book deals with divisional charts. We all know the concept of divisional charts after we go through the Brihat Parashar Hora Shastra. It is for the first time that the practical application of these are given. The book deals with all Parashari and non Parashari divisional charts and brings out their predictive value and the technique. The highlights of the book are: 1. Rules for examination of each divisional chart. 2. House significations of divisional charts. 3. Linking of divisional charts. I hope that this book will be helpful to all students and scholars of Astrology in sharpening their predictive accuracy.

Timing of Events Through Dasha & Transit S.K. Sawhney. This book deals with the determination of method of timing of events through dasha and transit. The horoscope and related divisional charts can simply give an indication about the auspicious and inauspicious probabilities on the basis of the

study of house, house lord and significator whereas the timing of an event cannot be calculated without understanding the impact of major period & transit in operation so for getting timing of events in one's life, we use Dasha and transits. Dasha tells which planet is affecting the native at a particular time, whereas transit tells us which natal planet is vibrating because of the transiting planet. A combined result of Dasha and transit gives us the behavior of the native at a particular time. In nutshell the Horoscope and concerned divisional charts only indicate the promise in the horoscope, negative or positive, according to the position of house, house lord, significator, concerned house from the significator. But the time of fructification of event is indicated by the Dasha/Anterdasha of different planets. If a good dasha is in operation, the native will get good results according to the significations of the concerned dasha nath and its lordship in the horoscope. For determining the timing of events for various events such as education, profession, marriage, children, acquiring of vehicle, land and property, foreign travels, each subject is discussed in detail in different chapters. The principles to identify the timing of events are given with illustrations / examples.

An Epic Life Prem Sagar.2023-05-29 On 25 January 1987, with the telecast of the very first episode of Ramayan, Indian television changed for all time to come. In a matter of weeks, the series became a national obsession. During the Ramayan slot, roads emptied out. No marriages and political rallies were scheduled for that time. More than three decades later, there has been nothing to match it. Ramanand Sagar, the man behind the phenomenon and a successful filmmaker from Bombay, was among the first to recognise the immense power of television. He first made his mark as a writer in Raj Kapoor's Barsat (1949). From 1961 to 1970, Sagar wrote, produced and directed six consecutive silver jubilee hits-Ghunghat, Zindagi, Arzoo, Ankhen, Geet and Lalkar. An Epic Life: Ramanand Sagar, From Barsaat to Ramayan, written by his son, Prem Sagar, an award-winning cinematographer, is an intimate look at the life of a visionary. It traces Sagar's life from his birth in Kashmir in 1917, his dramatic escape in 1947 when Pakistani tribesmen attacked the state, his arrival in Bombay and his subsequent glorious career-the crowning achievement of which was the smashing success of Ramayan.

Encyclopedia of Astrology Nicholas DeVore.2005-07 Complete, concise, informative and highly intelligent.

Varshphal (Annual Predication) S.P. Gour. Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology. Parashar gives more importance to the planets while Jaimini considers the rashis to be more important. Tajik is mainly used in Prashna Shastra and in Varshaphal. Tajik diverts slightly always from the main stream of the traditional methods and employs newer techniques of Astrology. 'Tajik Neelakanthi', of Acharya Neelakantha, which was composed in the 16th century AD, is the base of Taik Jyotish. This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this. 'Uttar Kalamrit' of Kalidas mentions and describes the computation of Varshaphal dasha which is different from the 'Mudda dasha' of Varshaphal. Apart from this, 'Shat Panchashikha' of Prithyushyas is the established classic of Prashna Shastra, which was composed centuries before 'Tajik Neelakanthi'. Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique. The influence of Greek and Arab culture is clearly seen on the word 'Tajik'. Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia. This exchange introduced some newer techniques to our Vedic Astrology. One of these techniques was Tajik. This has been marked as the beginning of Tajik jyotish. Tajik word does not belong to Sanskrit. There are different opinions regarding this issue. Some scholars consider it to be a distorted form of the word 'Jatak'. Another view is that meaning of Tajik is a horse in Turkish and Persian language. The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik. In any case the influence of Mohammedans on this knowledge is very clear. This is also confirmed by the other words of Tajik, namely mudda, muntha, saham and the names of the Tajik yogas like Ithasal, Ikkabal, Ishraf, nakta, radda and khallasar etc. Moving at the average speed of 1° per day, Sun completes one round of the Zodiac in one year. For casting the annual horoscope we select the time

when Sun reaches the longitude of the natal Sun. The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope. In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope. In other words the annual horoscope is based on the longitude of the natal Sun and not on the date and time of birth. This also means that the date, day and time of the annual horoscope is generally different from that of the birth horoscope.

Bhrgu Shmhita Lakshmi Narayan.2019-10-25 The book in your hand is a simplified version of the original Bhrigu Samhita. The original volume is an astrological classic written by Maharishi Bhrigu thousands of years ago during the Vedic Period in a tone, manner and language with which the present day readers are not familiar with. The book has 25 chapters based on 'Laghu Parashari' principles and written in the form of 42 Shlokas that describe basic rules, effects of planetary positions and their influence on a human being. The original Bhrigu Samhita was written essentially for those well versed with astrology, this book has been simplified to help common people understand how to read a horoscope or make predictions.

Domestic Vastu Pramod Kumar Sinha. This book talks about the fundamentals of domestic vastu. The word Vastu originated from the Sanskrit word "Vas" and the meaning of this word is to live life or to reside. The word "Vasu" originated from "Vas" and finally this word "Vastu" originated from "Vasu". Meaning of the word Vastu is a place where a person resides. The meaning of Shastra is a book which deals with the mysterious and systematic explanation of a subject, therefore the meaning of Vastushastra is a book related to the residence. The origin and anatomy of Vastushastra is based on the principle of the five elements of creation. As our body is also made up of these five elements, if enough attention is paid to the incorporation of these five elements in the construction of a house then the people residing in the building shall reside happily. These five elements are- Earth, Water, Fire, Air and Space. Our universe also is made up of these five elements only. Therefore the saying goes - (Yatpindetatbramhande). God (bhagwan) has given these five gifts to us- from (bha) bhumi (land), from (ga) gagan (sky, ether), from (va) vayuq (air), from (na) neer (water). God is represented by the symbol (Om). These five elements are present in this Om also. "Aa" is Agni (fire), "Au" is Jal (water), "Ma" is Vayu (air), " W " (ardhachandra) is Bhoomi (land) and "0" is Akash (ether, sky). Similarly the word Vastu also denotes these five elements. From "Va" Vayu (air), from "Aa" Agni (fire), from "Sa" "Srishti" Bhoomi (land), from "Ta" Tat means Akash (ether/ sky) and from "Au" Jal (water). These five elements also are represented by the five planets. 1. Earth is represented by Mars 2. Water is represented by Venus 3. Fire is represented by Sun 4. Air is represented by Saturn 5. Ether is represented by Jupiter. Similarly mind is controlled by Moon. Intelligence is controlled by Mercury. Ego and arrogance is controlled by Rahu and moksha or spirituality by Ketu. Disbalance of these elements in the body produces ill health and disease. In a similar manner the disbalance of these elements in a house creates varied kind of troubles for the persons living in it. There are unlimited forces present in nature. Some of these forces influence us, for example the gravitational force of earth, the magnetic and electrical energy of the universe and the electromagnetic force present everywhere. These energies also exist in the constructed house and they continue influencing the electromagnetic force present in the human body. This produces the auspicious or inauspicious results. These results vary from place to place depending on the geographical location. For these reasons the results of vastu principles are not the same all over the world. They differ according to the longitude and latitude of the place. They also differ according to the horoscope of the person concerned. If man goes along with the flow of nature's energies, it produces good health, progress and prosperity. If he goes against the flow of nature, he faces hurdles and obstructions everywhere. Hence it is utmost important and necessary for us to organize our lives according to nature, only then we can live happily. Halayudha kosha says that, Vastu is that art of house construction, which starts from Ishan kona etc and which protects the residents of the house from natural calamities and obstructions.
