In Love in Pain Janice Moss.2015-10-10 In love In Pain reveals the strange, but so true correlation between love and pain. Being in love is associated with happiness and joy in the normal scheme of things. But in reality, there is often times so much pain associated with loving someone unconditionally. This book addresses the many sources of pain associated with loving. The pain of lies, deceit, disappointment, discovery, and the very harsh pain of being forced to accept reality instead of the perfect fantasy relationships we dream up for ourselves.In Love in Pain is a study of how women behave in relationships. It takes a candid look at the destructive behaviors women adopt while trying to find and maintain love. It is the rational mind in touch with the emotions of a woman. It is a candid look at how willing they are to give away parts of themselves to keep or attract men that if women truly are healthy they would not tolerate. The book reads like a suspense/romance novel style. But can serve as an personal examination and inventory that each woman can use to evaluate her life. Each story is a fictionalized depletion of a real life scenario. Where a woman finds herself faced with important decisions that will affect and effect her life and relationships. The stories of In Love In Pain are not designed to focus on men and how they treat women, but on how the woman's behavior, the woman's decisions and response to the stimuli created by love or obsession affects her life and her relationships. Each woman in the stories had to make decisions about how she would pilot her own life and how she would determine when it was appropriate for her to cut her losses and come to grips with a relationship where the love is overshadowed by the pain. The primary focus: how each woman responds to what she perceives as love and how she behaves in order to try to keep that love. In Love In Pain reveals the hard part of relationships and how women in love will put themselves in physical, emotional, spiritual and physical danger to keep the facade of a relationship that is not nourishing, supportive or fulfilling. Caitlyn, Dedra, Yasmine, Marva and Sherese are in love. Each one has some heavy decisions regarding that love. Can love conquer all things? Will Caitlyn's love be able to overcome her husband's second family? Is Dedra's love enough to endure a prison term? Will Yasmine's love be enough for her and her husband? Will Marva and Sherese's love overcome a con artist and lazy man? These women are faced with hard decisions but they don't have to face them alone.Each character has a pot on the stove boiling and it's about to boil over. Caitlyn finds out that everything she thought was her own is not, Dedra realizes that if loving her baby daddy is wrong she finally wants to be right. Yasmine understands that love must be a two-way street, while Marva's heart unfortunately cashes a check one too many times for her husband and Sherese can't see the gift in her situation.If the truth be known, what many if not most of the characters are looking for is not love, but rather, an in-love experience and that is exactly what they got. But they stayed too long and that experience turned to pain.Women when you finish reading it. Conveniently lay it around so that your man will pick it up. This book holds a very special message for men and women.I recently read this book and I would recommend this book to anyone who has loved someone too much only to find out they were not worthy of you. I went away from this book with a sense of hope and understanding of why people stay. The characters are people we know and love and in the best of trying to be there can be difficult and painful to watch. The author manages to give realistic outcomes for her characters. My hope is when you read this book you will know that you are not alone and there is help out there if you are willing to ask and accept it.

She is seven; he is fifty-one. When Peter invites her and her mother to his house, the little girl finds a child's paradise of exotic pets and an elaborate backyard garden. Her mother, beset by mental illness and overwhelmed by caring for Margaux, is grateful for the attention Peter lavishes on her, and he creates an imaginative universe for her, much as Lewis Carroll did for his real-life Alice. In time, he insidiously takes on the role of Margaux's playmate, father, and lover. Charming and manipulative, Peter burrows into every aspect of Margaux's life and transforms her from a child fizzing with imagination and affection into a brainwashed young woman on the verge of suicide. But when she is twenty-two, it is Peter—ill, and wracked with guilt—who kills himself, at the age of sixty-six. Told with lyricism, depth, and mesmerizing clarity, *Tiger, Tiger* vividly illustrates the healing power of memory and disclosure. This extraordinary memoir is an unprecedented glimpse into the psyche of a young girl in free fall and conveys to readers—including parents and survivors of abuse—just how completely a pedophile enchants his victim and binds her to him.

Marijuana Nation Roger Roffman.2014-04-20 Roger Roffman first discovered marijuana while serving as a US Army officer in Vietnam. From these seemingly innocuous beginnings, Roffman has been fascinated by marijuana, as a researcher, scholar, therapist, activist, and user. Ever since America's youth first marched in opposition to the war in Vietnam, pot's popularity has periodically ebbed and surged. Calls for greater, fewer, or no marijuana penalties also have swung on their own pendulum. From lobbying in Washington, to talking to doctors and nurses in oncology wards, and watching his brother struggle with addiction, Roffman has experienced the layered and complex relationship Americans have with marijuana first-hand. With one foot on each side of the fence, at times feeling at odds with both camps, Roffman is on a quest to challenge those who insist we think of marijuana as a weapon of mass destruction, as well as those who would have us see it as a harmless source of pleasure and relief.
