**Radical Awakening** Stephen Jourdain.2000-05 At the age of sixteen, Stephen Jourdain experienced a radical awakening while contemplating (in the manner of a Zen koan) the famous Descartes statement I think, therefore I am. As a result of this fundamental change in perception--and at that very moment--the essential basis of Jourdain's identity collapsed once and for all, as he realized the truth of what all of us essentially are: the fundamental I principle, or Consciousness.Radical Awakening is a collection of extraordinary dialogues between Jourdain and the well-known writer, Gilles Farcet. These spirited talks--provocative and highly original--offer the reader an exceptional vantage point into the nature of authentic spiritual awakening and its embodiment. Jourdain lives the gift of awakening in the most ordinary manner, clearly articulating both the reality and the myth of enlightenment through deep understanding and piercing discernment.

The Death of the Mythic God Jim Marion.2004-07-19 Is God dead? Jim Marion says that what has really died is our myth of God, our worn-out notion of the deity in the sky, separate from us, who intervenes in our lives only when petitioned strenuously. God still exists, but we need to update our interpretation of God's nature. The mythic sky God was never real, says Marion. It was only a concept of God, now outdated.The real God is in the human heart, within the world, operating as the engine of evolution. God grows us from within into ever higher levels of awareness.In a bold revisioning of contemporary spirituality, Marion, author of the acclaimed Putting on the Mind of Christ, shows us how to expand consciousness and follow the genuine path of Jesus and the world's mystics into greater inner development.

Each step in the meditation practice (Recognize, Allow, Investigate, Nurture) is brought to life by memorable stories shared by Tara and her students as they deal with feelings of overwhelm, loss, and self-aversion, with painful relationships, and past trauma--and as they discover step-by-step the sources of love, forgiveness, compassion, and deep wisdom alive within all of us. *White Fragility* Dr. Robin DiAngelo.2018-06-26 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

**Embodied Enlightenment** Amoda Maa Jeevan.2017-06-01 In Embodied Enlightenment, contemporary spiritual teacher Amoda Maa Jeevan dispels the outdated view of a transcendent enlightenment and instead presents a new, feminine expression of awakened consciousness for all—one that is felt and known through what our everyday lives are made of: our emotions, bodies, intimate relationships, work, and life's purpose. This book is a direct invitation to awaken in a profound, embodied way, and to participate in a collective evolution that can create a new world. When many of us think of enlightenment, we may envision a life of seclusion and contemplation, transcending the body and worldly attachments, or the achievement of karmic perfection. But what if, rather than something reserved for the mountaintop meditator or sage, the call to awaken is meant for us all? And how can we consciously live that awakening in the midst of our complex, messy, modern lives? Speaking from her own awakened experience, Amoda Maa Jeevan offers a timeless wisdom, busting some of the common myths about enlightenment and addressing topics often excluded from more traditional spiritual conversations—from the connection between consciousness and the body to relationships to planetary health. In addition, she covers the unfamiliar territory of what happens after enlightenment, delving into awakened action, creative expression, and more. There's an urgency today to evolve beyond humanity's current ego-based paradigm, and along with it, a unique expression of enlightenment is emerging. With clarity, passion, and grace, Embodied Enlightenment invites you on an exploration of consciousness that embraces both the messiness of your earthly experience and the non-duality of pure awareness, offering guidance on how your daily life can bring you into alignment with a divine destiny of individual and collective awakening.

**Do You Need a Guru?** Mariana Caplan.2002 In the 21st century there will be a shift back to the student-teacher relationship as we realise the limitations of trying to do it on our own. However, this relationship will have to be created anew to reflect our new awareness.

**Radical Awakening** Amoda Maa Jeevan.2016-03-15 Revised New Edition of How to Find God in Everything (published in 2008). We are all looking for meaning among the chaos that is modern life. When we look around it is all too easy to see a world that is spiralling out of control, but if we can make changes to our own perceptions - changing our own reality - we can start to make a genuine difference to the world around us. We can turn suffering to joy and terror to peace by opening ourselves up to the concept of fulfilling our own potential. To do this, we must see that everyone and everything is a manifestation of God (or Awakeness, Presence or Being) - that everyone and everything is one with the divine and at every moment we can make the choice of what we let ourselves feel. If we can learn to use this control in every area of our lives - from how we eat, move, breathe, think and feel to how we relate to one another, our work, our finances and our creativity - we can change not just our own lives but also the world we live in. Written in a lively, engaging and very accessible style that sparkles with clarity and grace, Amoda explains her use of the word 'God' in this context, and the book reflects the important changes in Amoda's teaching in recent years as her own awakening has evolved. Beautifully presented and practical as well as inspiring, this is a brilliant introduction to the world of non-duality, non-separation and our intrinsic oneness, and supports the reader on their path to inner joy and freedom. 'No amount of fighting to save the whales or singing for world peace will ultimately create a harmonious humanity if we are still divided within. If you have not fully embraced yourself, then how can you fully embrace the world?'

**Post-metaphysics and the Paradoxical Teachings of Jesus** Cameron Freeman.2010 Post-Metaphysics and the Paradoxical Teachings of Jesus: The Structure of the Real uncovers the authentic voice-print of Jesus' teachings on the Kingdom of God and thereby outlines a new approach to theological language after the 'end of metaphysics'. By showing that the paradoxical 'deep structure' of Jesus' most radical teachings survives the Death of God and the deconstruction of metaphysics in twentieth-century continental philosophy, this book aims to reconstruct the original teachings of Jesus in a way that can begin a new conversation on what it means to be a Christian in a post-Christian world, while drawing on a remarkable range of supporting material, including John D. Caputo's award-winning theological appropriation of Derrida's deconstruction, the pioneering work of John Dominic Crossan on the parables of Jesus, and the novel insights of Jesus Seminar scholars Robert Funk and Branden Scott. Beginning with questions surrounding the 'end of metaphysics' in Martin Heidegger's existentialist philosophy and moving on to the ethico-political dimensions of Derrida's work, this volume examines Nicholas of Cusa's notion of God as the coincidence of opposites, Buddhist genius Nagarjuna's dialectic of Emptiness, and the Hindu concept of non-duality in raising the possibility of a post-metaphysical theology. Following an original unpacking of the parables of Jesus, the central thesis is woven together with reference to Moltmann's important work on the crucified God, as well as Kierkegaard and the Absolute Paradox, negative/mystical theology in the Christian tradition, twentieth-century Japanese philosopher Nishida Kitaro, and aspects of Nietzsche, Thomas Aquinas, Plato, Aristotle, Meister Eckhart, G. K. Chesterton, Slavoj Zizek, and Ken Wilber.

**The Awakening of Intelligence** J. KRISHNAMURTI.2023-04-15 When thought sees that it is incapable of discovering something new, that very perception is the seed of intelligence, isn't it? That is intelligence: 'I cannot do.' I thought I could do a lot of things, and I can in a certain direction, but in a totally new direction I cannot do anything. The discovery of that is intelligence. This comprehensive record of J. Krishnamurti's teachings is an excellent, wide-ranging introduction to the insights of the great philosopher and religious teacher. Apart from existential issues such as violence, insecurity, conflict, pleasure, fear, and suffering, Krishnamurti examines larger but related questions, such as the role of the guru (with Professor Jacob Needleman); the traditional methods prescribed by Vedanta (with Swami Venkatesananda); the problem of good and evil (with Alain Naude); and the relationship between thought and intelligence (with Dr. David Bohm). First published in 1973, this book contains, apart from Krishnamurti's public talks and answers to questions from the audience, his incisive dialogues with some of the eminent minds of his time.

**The Rhetoric of Immediacy** Bernard Faure.2021-06-08 Through a highly sensitive exploration of key concepts and metaphors, Bernard Faure guides Western readers in appreciating some of the more elusive aspects of the Chinese tradition of Chan Buddhism and its outgrowth, Japanese Zen. He focuses on Chan's insistence on immediacy--its denial of all traditional mediations, including scripture, ritual, good works--and yet shows how these mediations have always been present in Chan. Given this apparent duplicity in its discourse, Faure reveals how Chan structures its practice and doctrine on such mental paradigms as mediacy/immediacy, sudden/gradual, and center/margins.

The Brain That Changes Itself Norman Doidge.2007-03-15 “Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

E.O. Wilson and B.F. Skinner Paul Naour.2009-02-27 Reviewers have characterized Paul Naour's *A Dialogue Between Sociobiology and Radical Behaviorism*, which includes brief introductions by E.O. Wilson and B.F. Skinner's elder daughter, Julie Vargus, as an idea book. The work will undoubtedly have a significant academic market and provide students and scholars in biology, ethology, psychology, anthropology, sociology and economics a strong foundation in twentieth century history and systems. Praise for *A Dialogue Between Sociobiology and Radical Behaviorism*: - E.O. Wilson says of the book: . . . excellent, an outstanding addition to the history of ideas. It will put Fred Skinner back in the pantheon and, providing context, serve as an excellent introduction to the content and central truths in radical behaviorism. Needless to say, I'm also grateful to have my work following Sociobiology given proper attention. -David Sloan Wilson, author of *Darwin's Cathedral* writes: E.O. Wilson and B.F. Skinner agreed that the human capacity for change is both a product of genetic evolution and an evolutionary process in its own right. Yet, the paradigms of sociobiology and radical behaviorism went in very different directions. Paul Naour's insightful analysis of a taped conversation between Wilson and Skinner goes beyond the historical significance of the conversation and helps to integrate the two paradigms for the future. -Carl Haywood writes: The present question is whether evolution by natural selection is a useful set of concepts for the development of psychology. Naour's proposed confluence of radical behaviorism and sociobiology suggests not only that it is, but also that radical behaviorism shares with sociobiology a debt and an allegiance to Darwinism.

**The Craving Mind** Judson Brewer.2017-03-07 A leading neuroscientist and pioneer in the study of mindfulness explains why addictions are so tenacious and how we can learn to conquer them We are all vulnerable to addiction. Why are bad habits so hard to overcome? Is there a key to conquering the cravings we know are unhealthy for us? This book provides groundbreaking answers to the most important questions about addiction. Dr. Judson Brewer, a psychiatrist and neuroscientist who has studied the science of addictions for twenty years, reveals how we can tap into the very processes that encourage addictive behaviors in order to step out of them. He describes the mechanisms of habit and addiction formation, then explains how the practice of mindfulness can interrupt these habits. Weaving together patient stories, his own experience with mindfulness practice, and current scientific findings from his own lab and others, Dr. Brewer offers a path for moving beyond our cravings, reducing stress, and ultimately living a fuller life.

**Natural Perfection** Klong-chen-pa Dri-med-'od-zer.2010-04-20 \* Dzogchen will be the next meditation tradition boom, what mindfulness is now, Dzogchen will be soon\* This book is a translation of a work by the most significant figure in the history of this profound meditative tradition. Dzogchen or the Great Perfection is the apex of Tibetan Buddhism, and Longchen Rabjam is recognized as the pre-eminent master of Dzogchen and one of Tibet's greatest writers and sages. His *Treasury of Reality* encompasses and optimizes the radical precepts of Dzogchen and is a shining example of why people continue to turn to the traditions of Tibet for spiritual and personal transformation. Transcending the Tibetan context, Longchen Rabjam's book is a manual of practical wisdom for all people of all times, cultures, and traditions. Dzogchen teaches the natural perfection of all experience, phenomena, and life, just as it is, with no need to alter or fabricate complex ideas or philosophical views. This discipline of spiritual transcendence provides the key not only to our inner enlightenment but to the health and survival of our planet.

Mysticism and Intellect in Medieval Christianity and Buddhism Yongho Francis Lee.2020-03-09 *Mysticism and Intellect in Medieval Christianity and Buddhism* explores two influential intellectual and religious leaders in Christianity and Buddhism, Bonaventure (c. 1217-74) and Chinul (1158-1210), a Franciscan theologian and a Korean Zen master respectively, with respect to their lifelong endeavors to integrate the intellectual and spiritual life so as to achieve the religious aims of their respective religious traditions. It also investigates an associated tension between different modes of discourse relating to the divine or the ultimate—positive (cataphatic) discourse and negative (apophatic) discourse. Both of these modes of discourse are closely related to different ways of understanding the immanence and transcendence of the divine or the ultimate. Through close studies of Bonaventure and Chinul, the book presents a unique dialogue between Christianity and Buddhism and between West and East.

**Irreversible Damage** Abigail Shrier.2020-06-30 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES *Irreversible Damage* . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts. —Janice Turner, *The Times of London* Until just a few years ago, gender dysphoria—severe discomfort in one's biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country

are coming out as “transgender.” These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans “influencers.” Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and “gender-affirming” educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to “detransitioners”—young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls’ social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier’s essential book will help you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.

**Alone with Others** Stephen Batchelor. 1994-02 This uniquely contemporary guide to understanding the timeless message of Buddhism, and in particular its relevance in actual human relations, was inspired by Shantideva's 'Guide To The Bodhisattva's Way Of Life', which the author translated into English, the oral instructions of living Buddhist masters, Heidegger's classic 'Being and Time', and the writings of the Christian theologians Paul Tillich and John MacQuarrie.
