Tales of Terror and Mystery Sir Arthur Conan Doyle.2020-12-01 "Start a story by Conan Doyle and you cannot stop reading, whether you are ten or sixty." -Michael Dirda "The immense talent, passion and literary brilliance that Conan Doyle brought to his work gives him a unique place in English letters." -Stephen Fry Arthur Conan Doyle's Tales of Terror and Mystery (1922) is a haunting collection of twelve stories that highlights his extraordinary skills of storytelling. The first six stories are bloodcurdling tales of horror, and includes the macabre classic "The New Catacomb". The last six stories, closer in form to the Sherlock Holmes work, includes the classic railroad mystery, "The Lost Special". One of the stand-out works in the entire collection is "The Horror of the Heights"; in a story that straddles both the science fiction and horror genres, the journals of a missing pilot reveal the existence of terrifying creatures that lurk in the upper atmosphere. "The New Catacomb", in Doyle's tribute to Edgar Allan Poe, tells the revenge story of two rival archeologists as they sink deeper into an endless Roman catacomb. In the evocative story "The Lost Special", a train has mysteriously disappeared without trace between two stations. When the only evidence of the enigma is the dead body of the locomotive driver, the local newspaper becomes a platform to solve the mystery. The intrigue of speculation and reasoning is on par with the best of the Sherlock Holmes adventures. Tense, disturbing, and dark, these stories will keep readers captivated until the final page. Other stories included are: "The Leather Funnel", "The Case of Lady Sannox", "The Terror of Blue John Gap", "The Brazilian Cat", "The Beetle-Hunter", "The Man with the Watches", "The Japanned Box", "The Black Doctor", and "The Jew's Breastplate". With an eye-catching new cover, and professionally typeset manuscript, this edition of Tales of Terror and Mystery is both modern and readable.

Tales of Terror and Mystery Arthur Conan Doyle.2013-04-27 Tales of Terror and Mystery is a volume of non-Sherlock Holmes stories by the masterful creator of the inimitable detective. This volume presents some of Conan Doyle's unduly neglected masterworks. Each begins in a quietly factual way, making all the more dramatic the crescendo of fear and puzzlement that ensues as each new circumstance is revealed. Even without his supremely logical brain child, Sherlock Holmes, Conan Doyle shows that his tales are unbeatable for thrills and excitement. This is a great opportunity for the listener to discover a new facet of this master's ability to mystify and enthrall. Though Sir Arthur Conan Doyle is best known for his detective stories, he also wrote other short stories which are masterpieces of mystery and suspense. In some of the stories in Tales of Terror and Mystery, a suppressed uneasiness gradually builds up and evolves into sheer terror. In others, the story line unexpectedly changes and comes to a horrific conclusion. Sit back in the comfort of your armchair and let yourself be transported to the strange but compelling world created by Sir Arthur Conan Doyle. The Horror of the Heights A few abandoned items, which include a pair of broken binoculars and a notebook, are found by a farmhand. The notebook has some macabre commentary, but is incomplete because it is missing the first few pages. It has been studied and it appears to have remnants of blood. The Leather Funnel A story in which dreams are effected by objects that retell the purpose they served. In this tale of terror, a leather funnel tells the tale of a horrible execution. The New Catacomb Two enemies, Kennedy and Burger, are students of Roman remains. Burger embarks on a three week affair with a girl and returns alone, also having found a new catacomb. Kennedy attempts to get the story from him. The Case of Lady Sannox The husband of Lady Sannox develops a sinister plot when he finds out that his wife is seeing another man. The Terror of Blue John Gap A story written in the form of a personal diary that investigates the strange disappearances of sheep into the Blue John Gap. The Brazilian Cat A man in desperate need of money contacts his eccentric cousin in hopes of borrowing it from him. However, nothing can prepare him for his encounter with the Brazilian Cat that is ferocious. The Lost Special A man underlying a death sentence shines a light on what is called the most inexplicable crimes of the century. The Beetle-Hunter A medical man answers a strange ad in the paper concerning beetles and is met with a most peculiar task. The Man with the Watches Three people disappear from their various compartments on a train. The Japanned Box A man is a tutor to two young boys in a household. Their father is very quiet and studious and keeps to himself. However, he has a room that no one has set foot in until the tutor saves the youngest from a well. The tutor in this manner learns from the servants about his employer's past as an obnoxious drunk. His wife was the one to tame him and he carries a black Japanned Box, which is believed to hold her letters, with him when he stays somewhere else. The Jew's Breastplate After receiving an anonymous warning letter, a museum is robbed. The letter is a warning to the new owner to have more than one guard on watch and is written in a script similar to that of the previous owner. The Black Doctor A story about a doctor, referred to as the Black Doctor, who was a respectable physician. He was a bachelor for a considerably long time and then became engaged to a woman thirteen years his junior. In June before the wedding, the woman is interviewed and the engagement is suddenly called off. The Black Doctor avoids her and therefore avoids the rest of the town.

In these 120 devotional readings, Elizabeth Danna draws from sources as diverse as Tolkien and Conan Doyle, Star Trek and Shakespeare, comic books and cop shows, and science and nature (and the occasional night at the movies). Kidnapped by the Taliban Dilip Joseph, James Lund.2014-10-21 Being abducted and held captive by the Taliban isn't a tale many survive to tell. An American doctor shares the harrowing story about the four days he spent with his captors after being abducted on a humanitarian mission and his incredible rescue by SEAL Team Six. On December 5, 2012, American medical doctor Dilip Joseph and two colleagues are driving back to Kabul, Afghanistan, after serving villagers that morning at a rural clinic. Suddenly a man waving an AK-47 blocks their path. More armed men jump out of hiding. For Dilip, it is the beginning of a nightmare—he's being kidnapped by the Taliban. Dilip recounts his story with chilling detail, transporting the reader to rural Afghanistan. "As we walk, I fear the worst—that when we reach the top, they will shoot us. God, however this is going to end, please don't let them torture me to death. Let it be one shot and done." Dilip and his friends endure a nine-hour march into the mountains, gruesome images of torture and death, and repeated threats of execution. After four days of uncertainty, gunfire announces the arrival of Navy SEAL Team Six, the elite group of soldiers that took down al-Qaeda founder Osama bin Laden. SEAL team member Nicolas D. Checque loses his life in the rescue, as do the Taliban kidnappers. Yet this is more than a story of desperation, survival, and loss. It is also a tale of surprising connection, compassion, and inspiration. As Dilip begins to view the Taliban not as monsters but as men, both he and his captors are challenged to re-examine everything that matters: courage, sacrifice, hope, and faith. The book includes: First-hand account of a Taliban kidnapping survivor Insights into the Taliban's daily existence Insights into the sacrifices made by the American armed forces Includes a glossary and map of Afghanistan Kidnapped by the Taliban is a story of both terror and triumph. After reading this dramatic and inspiring account, you will never view Afghanistan or the Taliban in the same way again.

The Island of Dr. Moreau Illustrated H G Wells. 2020-03-16 Ranked among the classic novels of the English language and the inspiration for several unforgettable movies, this early work of H. G. Wells was greeted in 1896 by howls of protest from reviewers, who found it horrifying and

blasphemous. They wanted to know more about the wondrous possibilities of science shown in his first book, *The Time Machine*, not its potential for misuse and terror. In *The Island of Dr. Moreau*, a shipwrecked gentleman named Edward Prendick, stranded on a Pacific island lorded over by the notorious Dr. Moreau, confronts dark secrets, strange creatures, and a reason to run for his life. While this riveting tale was intended to be a commentary on evolution, divine creation, and the tension between human nature and culture, modern readers familiar with genetic engineering will marvel at Wells's prediction of the ethical issues raised by producing smarter human beings or bringing back extinct species. These levels of interpretation add a richness to Prendick's adventures on Dr. Moreau's island of lost souls without distracting from what is still a rip-roaring good read.

Tales of H. P. Lovecraft Joyce Carol Oates.2007-09-18 When he died in 1937, destitute and emotionally as well as physically ruined, H. P. Lovecraft had no idea that he would one day be celebrated as the godfather of modern horror. A dark visionary, his work would influence an entire generation of writers, including Stephen King, Clive Barker, Neil Gaiman, and Anne Rice. Now, the most important tales of this distinctive American storyteller have been collected in a single volume by National Book Award-winning author Joyce Carol Oates. In tales that combine the nineteenth-century gothic sensibility of Edgar Allan Poe with a uniquely daring internal vision, Lovecraft fuses the supernatural and mundane into a terrifying, complex, and exquisitely realized vision, foretelling a psychically troubled century to come. Set in a meticulously described New England landscape, here are harrowing stories that explore the total collapse of sanity beneath the weight of chaotic events—stories of myth and madness that release monsters into our world. Lovecraft's universe is a frightening shadow world where reality and nightmare intertwine, and redemption can come only from below.
