**The Little Prince** Antoine Exupery.2015-09-25 The Little Prince [Le Petit Prince], is a novella and the most famous work of the French aristocrat, writer, poet and pioneering aviator Antoine de Saint-Exupéry (1900-1944). The novella is both the most-read and most-translated book in the French language, and was voted the best book of the 20th century in France. After the outbreak of the Second World War Saint-Exupéry became exiled in North America. In the midst of personal upheavals and failing health, he produced almost half of the writings for which he would be remembered, including a tender tale of loneliness, friendship, love and loss, in the form of a young prince fallen to Earth. An earlier memoir by the author had recounted his aviation experiences in the Sahara Desert, and he is thought to have drawn on those same experiences in The Little Prince. Since its first publication in the United States, the novella has been adapted to numerous art forms and media, including audio recordings, radio plays, live stage, film screen, television, ballet, and operatic works. The Little Prince is a poetic tale, with watercolour illustrations by the author, in which a pilot stranded in the desert meets a young prince fallen to Earth from a tiny asteroid. The story is philosophical and includes social criticism, remarking on the strangeness of the adult world. It was written during a period when Saint-Exupéry fled to North America subsequent to the Fall of France during the Second World War, witnessed first hand by the author and captured in his memoir Flight to Arras. The adult fable, according to one review, is actually ...an allegory of Saint-Exupéry's own life--his search for childhood certainties and interior peace, his mysticism, his belief in human courage and brotherhood.... but also an allusion to the tortured nature of their relationship. Though ostensibly styled as a children's book, The Little Prince makes several observations about life and human nature. For example, Saint-Exupéry tells of a fox meeting the young prince during his travels on Earth. The story's essence is contained in the lines uttered by the fox to the little prince: On ne voit bien qu'avec le coeur. L'essentiel est invisible pour les yeux. (One sees clearly only with the heart. What is essential is invisible to the eyes.) Other key thematic messages are articulated by the fox, such as: Tu deviens responsable pour toujours de ce que tu as apprivoisé. (You become responsible, forever, for what you have tamed.) and C'est le temps que tu as perdu pour ta rose qui fait ta rose si importante. (It is the time you have lost for your rose that makes your rose so important.) The fox's messages are arguably the book's most famous quotations because they deal with human relationships.

The Little Prince - Large Print Edition Antoine de Saint-Exupéry.2017-12-02 The Little Prince is one of the most famous books ever written. It is said to have been translated into 300 languages and dialects. The original in French has also been reprinted by Ishi Press as Le Petit Prince - grande Edition imprimée ISBN 4871879275 It was first published by Reynal & Hitchcock, New York, 1943. Copies of the first edition are rare and will sell for more than one thousand dollars. Here we have used for this reprint the original translation by Katherine Woods. There are at least six other published English Language translations and so many translations in other languages that it is difficult to count them. For example, there are said to be 70 translations into Chinese. The book was written in French. The English translation was dictated by the publisher. The Little Prince describes his travels to ten planets. The other little planets are asteroids that circle the Sun between Mars and Jupiter. The asteroids have numbers rather than names. The Little Prince lives on one of these asteroids and visits the others. It appears to be similar to and a predecessor of the Star Trek TV series involving a space ship that goes from one planet to another finding different life forms and new adventures on each planet.

As he is worrying over his predicament, he is approached by the little prince, a very serious little blond boy who asks the narrator to draw him a sheep. The narrator obliges, and the two become friends. The pilot learns that the little prince comes from a small planet that the little prince calls Asteroid 325 but that people on Earth call Asteroid B-612. The little prince took great care of this planet, preventing any bad seeds from growing and making sure it was never overrun by baobab trees. One day, a mysterious rose sprouted on the planet and the little prince fell in love with it. But when he caught the rose in a lie one day, he decided that he could not trust her anymore. He grew lonely and decided to leave. Despite a last-minute reconciliation with the rose, the prince set out to explore other planets and cure his loneliness.
