Le registre des préparations Il s'agit d'un registre obligatoire pour les établissements réalisant ou délivrant des préparations magistrales ou officinales comme les pharmacies. Le registre des préparations doit être rempli par les pharmaciens titulaires, adjoints ou remplaçants conformément à l'Article R5125-45 du Code de la Santé Publique. Ce registre a été conçu de manière à ce qu'il soit simple à compléter tout en respectant les obligations légales.

Le préparateur en pharmacie Jean-Marie Gazengel, Anne-Marie Orecchioni.1999 Comme le rappelle dans sa préface Jean Parrot, président du Conseil national de l'Ordre des pharmaciens, Le préparateur en pharmacie - Guide théorique et pratique aborde avec clarté et simplicité les différents aspects du savoir polyvalent que l'on attend du préparateur, appelé à seconder les pharmaciens titulaires et assistants dans maintes tâches de l'officine : délivrance, préparation et conditionnement, conseil et information du public, vigilance, accueil et vente, documentation, gestion des stocks, administration, hygiène et maintenance... Le personnel de l'officine doit aujourd'hui exercer sa mission de conseil avec d'autant plus de clairvoyance que le public, exposé à un discours médiatique et publicitaire à forte consonance scientifique, dispose de produits cosmétiques et de thérapeutiques alternatives où le naturel et le végétal jouent un très grand rôle, mais où les risques de l'automédication imposent un effort de toxicovigilance accru. S'il constitue un guide de référence pour les préparateurs en pharmacie en respectant le

programme 1999 du brevet professionnel, le présent ouvrage s'avérera également fort utile aux étudiants en pharmacie, dont le cursus comprend deux stages d'initiation et de pratique officinales.
