La splendeur des dieux: Quatre études iconographiques sur l'hellénisme égyptien (2 vols)

Gaëlle Tallet.2020-12-29 Dans La Splendeur des dieux, Gaëlle Tallet aborde la question de la transformation des divinités égyptiennes à l'époque gréco-romaine et de l'hellénisation de leur iconographie en interrogeant les enjeux de l'élaboration d'un hellénisme proprement égyptien, et les stratégies qu'il recouvre. In La Splendeur des dieux, Gaëlle Tallet provides a full reappraisal of the transformation of Egyptian deities and of their Hellenized depiction in Graeco-Roman times, and questions the issues and strategies at stake behind the elaboration of an Egyptian Hellenicity.

La Hierarchie Des Saints Shaykh Muhammad Hicham Kabbani.2014-04-01 La Hierarchie des Saints peint schématiquement les travaux des croyances soufies relatives aux statuts des saints avec leurs rôles et devoirs particuliers. Le livre offre une méthode de leurs identifications, un exposé de niveaux de conduite et de caractères plus raffinés permettant à l'aspirant d'accéder à des sphères spirituelles supérieures. Ce travail prend appui sur des preuves coraniques, les saintes Traditions Prophétiques (les Ahadith) et enfin sur les anciens enseignements de quarante générations d'éminents Maîtres de la chaîne D'oree Naqchbandie . Les niveaux de la sincérité (ikhlass) et du Tawhîd sont minutieusement exposés avec les instructions corrélatives pour accéder à des échelons spirituels supérieurs. Ce volume rarissime, revêt en son sein une connaissance secrète que l'aspirant absorbe uniquement en s'appliquant aux rigoureux exercices codifiés par les éminents Maîtres soufis. C'est donc au bout d'un périple, à travers rigueur et constance, que l'on dompte l'ego et les desirs matériels pour finalement forger un sentier unique qui débouche sur le Mandat Sacré. Familiarisez-vous ici avec le potentiel de la conscience spirituelle, la purification du Cœur au moyen du dhikr et aussi la contemplation. Ce ouvrage est donc conseillé à tous les disciples et aspirants à l'étude du Soufisme.

Jan A. Aertsen, Andreas Speer.2012-12-17 The series MISCELLANEA MEDIAEVALIA was founded by Paul Wilpert in 1962 and since then has presented research from the Thomas Institute of the University of Cologne. The cornerstone of the series is provided by the proceedings of the biennial Cologne Medieval Studies Conferences, which were established over 50 years ago by Josef Koch, the founding director of the Institute. The interdisciplinary nature of these conferences is reflected in the proceedings. The MISCELLANEA MEDIAEVALIA gather together papers from all disciplines represented in Medieval Studies - medieval history, philosophy, theology, together with art and literature, all contribute to an overall perspective of the Middle Ages.

Representation in Religion Jan Assmann, Albert I. Baumgartner.2018-08-14 The role of representation in religion is complex. While often perceived as essential, it is also associated in many traditions with the liability of idolatry and provokes iconoclasm. The essays in this volume examine the nuances of representation in religion and the debate concerning its place across a variety of traditions from the three Abrahamic faiths, to those of antiquity and the East. This volume consists of presentations made at an international conference held in honor of Moshe Barasch, art historian and cultural critic, who has done much to elucidate the light which representation and religion shed on each other. It pays tribute to Barasch by expanding the base of understanding and insight he has erected. It should be of interest to students of religion and of art history.

Syncretistic Religious Communities in the Near East Kehl-Bodrogi, Otter-Beaujean, Barbara Kellner-Heikele.2018-11-13 This volume deals with Islamic sects in the Near East such as the Alevis (Turkey), Druzes (Libanon), Alawis (Syria), Ahl-i Haqq (Iran, Iraq) and Shabak (Iraq), which have in

common a syncretistic system of belief with a strong Shi'ite influence, as well as secrecy and endogamy. The contributions in this volume focus on the present situation of these communities, their relation to mainstream Islam, their involvement in national and ethnic politics, aspects of faith and rituals, the relevance of sacred texts, modes of religious and social transformation, and the recent revival of Alevism. In view of the new visibility of these formerly hidden sects and their increasing social and political importance, this volume provides important information for all scholars interested in the religious and political situation of the region.

Christine de Pizan 2000 .2022-09-12 Christine de Pizan (ca. 1364-ca. 1430)—whether read as lyric poet, prose polemicist or historian, feminist or universal moralist—has over the past thirty years become more widely read than any other medieval French author. The attraction of her works continues to grow amongst the general public, as well as among critics and historians of literature, ideas, science and the visual arts, political scientists and philologists, and specialists in feminist theory. Christine intrigues readers by her intellectual paradoxes as much as by her prefiguration of modern attitudes by and toward women. This collection of essays honours Angus J. Kennedy, an illustrious scholar who has greatly contributed to fostering this modern growth in interest. The editors here present a significant sampling of varieties of inquiry on Christine: a broad range of contributors, from around the world, represent different approaches and levels of experience. The volume contains two indexes, and a bibliography structured to serve as an integrated and integral reference source to pertinent primary and secondary materials. This volume thus charts the progress of Christine de Pizan studies at the start of the new millennium. True to the spirit of its honoree, it also aims to serve as a gateway to future research.

Women's Studies of the Christian and Islamic Traditions Kari Elisabeth Børresen, Kari Vogt. 1993 In this collection of articles, Kari Elisabeth Borresen and Kari Vogt point out the convergence of androcentric gender models in the Christian and Islamic traditions. They provide extensive surveys of recent research in women's studies, with bio-socio-cultural genderedness as their main analytical category. Matristic writers from late Antiquity, the Middle Ages and the Renaissance are analyzed in terms of a female God language, reshaping traditional theology. The persisting androcentrism of 20th-century Christianity and Islam, as displayed in institutional documents promoting women's specific functions, is critically exposed.

Byzantine Court Culture from 829 to 1204 Henry Maguire. 2004 The imperial court in Constantinople is central to the outsider's vision of Byzantium. However, in spite of its fame in literature and scholarship, there have been few attempts to analyze the court in its entirety as a phenomenon. These studies provide a unified composition by presenting Byzantine courtly life in all its interconnected facets.

France: An Adventure History Graham Robb. 2022-07-05 A wholly original history of France, filled with a lifetime's knowledge and passion—by the author of the New York Times bestseller *Parisians*. Beginning with the Roman army's first recorded encounter with the Gauls and ending in the era of Emmanuel Macron, France takes readers on an endlessly entertaining journey through French history. Frequently hilarious, always surprising, Graham Robb's France combines the stylistic versatility of a novelist with the deep understanding of a scholar. Robb's own adventures and discoveries while living, working, and traveling in France connect this tour through space and time

with on-the-ground experience. There are scenes of wars and revolutions from the plains of Provence to the slums and boulevards of Paris. Robb conveys with wit and precision what it felt like to look over the shoulder of a young Louis XIV as he planned the vast garden of Versailles, and the dangerous thrill of having a ringside seat at the French revolution. Some of the protagonists may be familiar, but appear here in a very different light—Caesar, Charlemagne, Louis XIV, Napoleon Bonaparte, General Charles de Gaulle. This extraordinary narrative is the fruit of decades of research and thirty thousand miles on a self-propelled, two-wheeled time machine (a bicycle). Even seasoned Francophiles will wonder if they really know that terra incognita on the edge of Europe that is currently referred to as “France.”

The Eucharist in Theology and Philosophy István Perczel, Réka Forrai, György Geréby. 2005 Discusses the conceptual, doctrinal, theological, and philosophical aspects of the developments concerning the Eucharistic doctrines of the Christian Churches, not just the Western ones, but the Byzantino-Slavic and Oriental ones, too.

Perspectives on Early Islamic Mysticism Sara Svirī. 2019-10-21 This monograph explores the original literary produce of Muslim mystics during the eighth-tenth centuries, with special attention to ninth-century mystics, such as al-Tustarī, al-Muḥāsibī, al-Kharrāz, al-Junayd and, in particular, al-Ḥakīm al-Tirmidhī. Unlike other studies dealing with the so-called ‘Formative Period’, this book focuses on the extant writings of early mystics rather than on the later Ṣūfī compilations. These early mystics articulated what would become a hallmark of Islamic mysticism: a system built around the psychological tension between the self (nafs) and the heart (qalb) and how to overcome it. Through their writings, already at this early phase, the versatility, fluidity and maturity of Islamic mysticism become apparent. This exploration thus reveals that mysticism in Islam emerged earlier than customarily acknowledged, long before Islamic mysticism became generically known as Ṣūfism. The

central figure of this book is al-Ḥakīm al-Tirmidhī, whose teaching and inner world focus on themes such as polarity, the training of the self, the opening of the heart, the Friends of God (al-awliyā'), dreams and visions, divine language, mystical exegesis and more. This book thus offers a fuller picture than hitherto presented of the versatility of themes, processes, images, practices, terminology and thought models during this early period. The volume will be a key resource for scholars and students interested in the study of religion, Ṣūfī studies, Late Antiquity and Medieval Islam.

The Cult of Saints among Muslims and Jews in Medieval Syria Josef W. Meri.2002-11-14 This accessible study is the first critical investigation of the cult of saints among Muslims and Jews in medieval Syria and the Near East. Through case studies of saints and their devotees, discussion of the architecture of monuments, examination of devotional objects, and analysis of ideas of 'holiness', Meri depicts the practices of living religion and explores the common heritage of all three monotheistic faiths. Critical readings of a wide range of contemporary sources - travel writing, geographical works, pilgrimage guides, legal writings, historical sources, hagiography, and biography - reveal a vibrant religious culture in which the veneration of saints and pilgrimage to tombs and shrines were fundamental.

Kabbalah and Jewish Modernity Roni Weinstein.2016-05-19 Roni Weinstein's sociological reading of the kabbalistic ideas of the early modern period suggests that they gained acceptance because they met the needs of contemporary Jewish society. Although these ideas were presented as continuing a tradition, their goal was reformation: few aspects of Jewish life were not changed in consequence. This broadly based and innovative study challenges accepted ideas on the origins of Jewish modernity, and also shows how Counter-Reformation Catholicism affected these developments.

The Council of Trent: Reform and Controversy in Europe and Beyond (1545-1700) Wim François,Violet Soen,Christopher B. Brown,Günter Frank,Bruce Gordon,Barbara Mahlmann-Bauer,Tarald Rasmussen,Zsombor Tóth,Günther Wassilowsky,Siegrid Westphal.2018-09-10 Exactly 450 years after the solemn closure of the Council of Trent on 4 December 1563, scholars from diverse regional, disciplinary and confessional backgrounds convened in Leuven to reflect upon the impact of this Council, not only in Europe but also beyond. Their conclusions are to be found in these three impressive volumes. Bridging different generations of scholarship, the authors reassess in a first volume Tridentine views on the Bible, theology and liturgy, as well as their reception by Protestants, deconstructing many myths surviving in scholarship and society alike. They also deal with the mechanisms 'Rome' developed to hold a grip on the Council's implementation. The second volume analyzes the changes in local ecclesiastical life, initiated by bishops, orders and congregations, and the political strife and confessionalisation accompanying this reform process. The third and final volume examines the afterlife of Trent in arts and music, as well as in the global impact of Trent through missions.

Before Sufism Christopher Melchert.2020-06-08 Christopher Melchert proposes to historicize Islamic renunciant piety (zuhd). As the conquest period wound down in the early eighth century c.e., renunciants set out to maintain the contempt of worldly comfort and loyalty to a greater cause that had characterized the community of Muslims in the seventh century. Instead of reckless endangerment on the battlefield, they cultivated intense fear of the Last Judgement to come. They spent nights weeping, reciting the Qur'an, and performing supererogatory ritual prayers. They stressed other-worldliness to the extent of minimizing good works in this world. Then the decline of tribute from the conquered peoples and conversion to Islam made it increasingly unfeasible for most Muslims to keep up any such régime. Professional differentiation also provoked increasing criticism of austerity. Finally, in the later ninth century, a form of Sufism emerged that would accommodate those willing and able to spend most of their time on religious devotions, those willing and able to spend their time on other religious pursuits such as law and hadith, and those unwilling or unable to do either.
