

Amharic Bible Commentary

You Can Understand the Bible Dr Bob Utley.2017-04-25 Biblical interpretation is a rational and spiritual process that attempts to understand an ancient inspired writer in such a way that the message from God may be understood and applied in our day. The spiritual process is crucial but difficult to define. It does involve a yieldedness and openness to God. There must be a hunger (1) for Him, (2) to know Him, and (3) to serve Him. This process involves prayer, confession, and the willingness for lifestyle change. The Spirit is crucial in the interpretive process, but why sincere, godly Christians understand the Bible differently is a mystery. The rational process is easier to describe. We must be consistent and fair to the text and not be influenced by our personal, cultural, or denominational biases. We are all historically conditioned. None of us are objective, neutral interpreters. This commentary offers a careful rational process containing four interpretive principles structured to help us attempt to overcome our biases. First Principle The first principle is to note the historical setting in which a biblical book was written and the particular historical occasion for its authorship (or when it was edited). The original author had a purpose and a message to communicate. The text cannot mean something to us that it never meant to the original, ancient, inspired author. His intent-not our historical, emotional, cultural, personal, or denominational need-is the key. Application is an integral partner to interpretation, but proper interpretation must always precede application. It must be reiterated that every biblical text has one and only one meaning. This meaning is what the original biblical author intended through the Spirit's leadership to communicate

to his day. This one meaning may have many possible applications to different cultures and situations. These applications must be linked to the central truth of the original author. For this reason, this study guide commentary is designed to provide a brief introduction to each book of the Bible.

Second Principle The second principle is to identify the literary units. Every biblical book is a unified document. Interpreters have no right to isolate one aspect of truth by excluding others. Therefore, we must strive to understand the purpose of the whole biblical book before we interpret the individual literary units. The individual parts-chapters, paragraphs, or verses-cannot mean what the whole unit does not mean. Interpretation must move from a deductive approach of the whole to an inductive approach to the parts. Therefore, this study guide commentary is designed to help the student analyze the structure of each literary unit by paragraphs. Paragraph and chapter divisions are not inspired, but they do aid us in identifying thought units.

Third Principle The third principle is to read the Bible in different translations in order to grasp the widest possible range of meaning (semantic field) that biblical words or phrases may have. Often a phrase or word can be understood in several ways. These different translations bring out these options and help to identify and explain the manuscript variations. These do not affect doctrine, but they do help us to try to get back to the original text penned by an inspired ancient writer.

Fourth Principle The fourth principle is to note the literary genre. Original inspired authors chose to record their messages in different forms (e.g., historical narrative, historical drama, poetry, prophecy, gospel [parable], letter, apocalyptic). These different forms have special keys to interpretation. This Textbook offers a quick way for the student to check his interpretations. It is not meant to be definitive, but rather informative and thought-provoking. These principles have helped me to overcome much of my historical conditioning by forcing me to struggle with the ancient text. My hope is that it will be a blessing to you as well. Dr.

Africa Bible Commentary Tokunboh Adeyemo. 2016-08-30 The Africa Bible Commentary is a publishing event--the first one-volume Bible commentary ever to be produced in Africa by African theologians to meet the needs of African pastors, students, and lay leaders. Focusing the Word of God on African realities today, it furnishes powerful and relevant biblical insights to help church leaders in Africa and elsewhere establish and nurture a vibrant church under the guidance of the Holy Spirit. This volume does not delve into critical and exegetical details. Rather, the Africa Bible Commentary is a section-by-section interpretation of Scripture text, providing a contextual, readable, affordable, and immensely useful guide to the entire Bible.

ICNT: Acts of the Apostles Babu Immanuel Venkataraman.2016-07-05 The ICNT series aims to give a well-informed exposition of the meaning of the text and relevant reflections in everyday language for today's Indian context. The intended audience is the theological seminary or bible college, both students and faculty. However, the commentaries are also suitable for pastors and lay people with an interest in theology. The commentaries are culturally-rooted and the various applications relating to culture, society and religious life will help those involved in cross-cultural evangelism and mission work. There is no direct equivalent of the ICNT and hence this will be the first Indian commentary series serving India, and hopefully the entire subcontinent—India, Nepal, Bangladesh and Sri Lanka.

Africa Bible Commentary Tokunboh Adeyemo.2006 Publisher description

Ethiopian Biblical Commentaries on the Prophet Micah Miguel Angel García Rodríguez.1999 Ethiopian biblical commentaries are a corpus of ancient, traditional teaching that comment on all books of the Bible following a relatively uniform methodology. This Ethiopian tradition is an heir of the traditional branches of Antiochene and Alexandrian Eastern Christianity.The existence of these exegetical commentaries is practically unknown outside the Ethiopian Orthodox Church, whose mission has been to keep and faithfully transmit them from generation to generation. Most of the commentaries still are in the form of privately owned parchment manuscripts. These have been handed down from masters to disciples until today.This volume presents a critical edition of nine manuscripts containing commentaries on prophet Micah. It also provides an English translation of the originals written in the Gezez and Amharic languages as well as a study of the literary form of these commentaries.

The Oxford Handbook of the Bible in Orthodox Christianity Eugen J. Pentiu.2022 The Oxford Handbook of the Bible in Orthodox Christianity investigates the various ways in which Orthodox

Christian, i.e., Eastern and Oriental communities have received, shaped, and interpreted the Christian Bible. The handbook is divided into five parts, including the introduction (Balancing Tradition with Modernity) that sets the tone and scope of the volume. Part I: Text The Orthodox Church has never codified the Septuagint or any other textual witnesses as its authoritative text. Textual fluidity and pluriformity, a characteristic of Orthodoxy, is demonstrated by the various ancient and modern Bible translations such as, Syriac, Coptic, Ethiopian, Armenian, etc. Part II: Canon Unlike the Protestant and Roman-Catholic situations where the canon of the Bible, specifically the Old Testament canons which are closed and limited to 39 and 46 books, respectively, the Orthodox canon is open-ended consisting of 39 canonical books and 10 or more (e.g., Ethiopian canon) anaginoskomena readable books (Septuagint additions). Part III: Scripture within Tradition Unlike the classical Protestant view of sola scriptura and the Roman Catholic way of placing Scripture and Tradition on par as sources / means of divine revelation, the Orthodox view accords a central role to Scripture within Tradition, with the latter conceived not as a deposit of faith but rather as the Church's life through history. Part IV: Towards an Orthodox Hermeneutics and Part V: Looking to the Future The last two parts survey Orthodox traditional hermeneutics consisting mainly of patristic commentaries and liturgical interpretations found in hymnography and iconography, and the ways by which Orthodox biblical scholars balance these traditional hermeneutics with modern historical-critical approaches to the Bible--

Hebrews Dr. Matthew N. O. Sadiku.2016-01-14 Every serious student of the Bible desires to understand the text, discover the biblical principles, and apply the truths to his/her life. This commentary is designed to help students, pastors, and Bible teachers understand the book of Hebrews in a simple manner. Working from the popular New International Version (NIV), the author provides helpful commentary on the text verse-by-verse. This verse-by-verse commentary is different from others in two respects. First, it is brief while some commentaries are unnecessarily wordy and verbose. Second, it is Pentecostal in outlook. This implies that we generally adhere to the doctrine of biblical inerrancy and adopt a literalist approach to the interpretation of the Bible. Hebrews has many deep truths which make it a thrilling adventure to read through. It is a treasured work for centuries in the life of the church. It is an indispensable contribution to the New Testament.

Preaching the Scriptures Joel K. T. Biwul.2018-01-31 The African church needs preachers who preach the Scriptures to bring people to Christ and nurture them in the faith. Yet many are failing at this task. Some use their sermons to promote themselves rather than Christ, while others do not know how to preach from the Scriptures. In Preaching the Scriptures Dr Joel Biwul addresses these

problems. Using African stories and illustrations, he clearly sets out the process of preparing and delivering a sermon that is rooted in the Scriptures. He also provides sample sermons and outlines that will help preachers apply these principles in their own preaching preparation.

The Traditional Teaching of the Ethiopian Orthodox Täwahedo Church Christine Chaillot. Christine Chaillot's new book, *The Traditional Teaching of the Ethiopian Orthodox Täwahedo Church: Faith and Spirituality*, presents a topic that is little - if at all - known outside Ethiopia, even in Christian circles. Moreover, it is a much neglected field in the wider study of African education. It is a teaching based on ancient texts and books, taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life. The studies of the different disciplines are pursued at different schools and at different levels, in liturgy, theology with commentaries of books (Old and New Testaments, books of the Church fathers and monks) as well as composition of poems (qenes) and iconography. All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church. This teaching is a unique intangible cultural heritage. One wonders, however, what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over the last half-

century.

Bible Commentary and Teachings Cidi Mahammed.2014-10-07 For we are royal priesthood, a peculiar people and that to show forth the praises of him, that hath call us out of darkness in to his marvelous light. As such, we are sons and daughters of the Lord our God, the eternal heavenly king. In this regard, it is gracious to be in honour of the salvation of the Lord our God who dwells eternally. Children should delight in sharing the testimony and word of the Lord, so as making the light of the Lord to show proof in our locality and region. We know that the word of the Lord hath shown light to us. That we all descended from Adam and Eve, and that through the word of the Lord, we all become children of Abraham in Christ the Lord. This testimony of the word of the Lord makes known through the gospel and in the ministry of apostles of the Lord our Saviour Christ. So in essence, we children in the Lord should aspire to share this testimony in the word of the Lord, so as to draw more others to come to light in to this testimony of the Lord, shed through in the word of the Lord. Thus in regard, I have taken this initiative in producing this booklet, Bible Commentary and Teachings, to share some testimony in to the word of the Lord and draw some light in to the word of the Lord. This is so that we can delight for more passion and aspiration to learn of the doctrine of our Lord Christ and God the Father. The commentary can lead us to make way for a grasp look in to the word of the Lord so that we'll be in place to take a quick note of the lessons of the Lord. The

teachings would make us edified in the word of the Lord and lead us in forbearance in the Lord.

The Genre of Biblical Commentary Timothy D. Finlay, William Yarchin. 2015-10-16 The genre of biblical commentary is as old as the Bible itself, and remains very much alive as a point of illuminating contact between the ancient text and its modern readers. In this volume, fourteen international Old Testament experts reflect upon multiple challenges of contemporary biblical commentary as a scholarly endeavor. How does a commentator strike a balance between engagement with the biblical text and the commentary tradition that the text has generated over the centuries? How does academically rigorous commentary-writing remain relevant for pastoral and lay readers of the Bible? Ancient biblical writers are notoriously diverse in their theological and literary nuances. Modern readers approach the Bible from an equally wide spectrum of interests. How does today's commentator act responsibly for all the text's stakeholders? John E. Hartley is widely respected for the multiple volumes he has produced with these questions in mind. This collection of essays appears in celebration of his accomplishments in the genre of Old Testament biblical commentary.
