Plan to Protect: Us Edition Carol Wiebe, Melodie Bissell, Jane Cates. 2016-07-11 Plan to Protect (TM) A protection plan for children and youth; A protection plan for those who work with them. Plan to Protect (TM) is not about what we need to do to run programs and activities, and it is not about placing a hardship on your staff and volunteers. Abuse prevention and protection of children and young people is not something we have to do, but something we have the privilege of doing. It is a privilege to create a safe environment in order to have our communities trust us with their family members. As you implement Plan to Protect (TM) your efforts are a ministry in itself to: protect children protect young people demonstrate your care for your staff and volunteers demonstrate care to parents and family members empower and nurture the healing of victim-survivors demonstrate grace, restoration and welcome to the offender that comes into your church demonstrate accountability and integrity and bring Glory to God Children are among society's most vulnerable

members, and child-serving organizations must make the protection of children a key concern. World Vision believes child protection standards are an essential tool to help safeguard children from exploitation and abuse. Then, once the standards are on paper, they must be enforced and there must be a commitment to continually examine efforts to reduce risks to children, and to heighten awareness of child protection in the community and home. Plan to Protect (TM) is a valuable tool to aid in the process. - Dave Toycen, President, World Vision Canada, Mississauga, Canada I'm grateful to recommend this resource, carefully created by Plan to Protect (TM). Here you will find the information and wisdom needed to not only protect children, but to help each church become a beautiful place of healing and redemption. - Mary DeMuth, Author of 31 books including Not Marked: Finding Hope and Healing After Sexual Abuse Plan to Protect (TM) is a resource program and tool kit that is critical and strategic for the times in which we live. It takes complex issues of child protection and makes resources accessible and affordable and its comprehensive frameworks helps small and large organizations alike. I highly recommend them. - Dr. Gary V. Nelson, President and Vice Chancellor, Tyndale University College and Seminary, Toronto, Ontario Having devoted the majority of my career to managing and insuring the risks of religious and secular nonprofits, I know well the pitfalls of having inadequate protection for their most vulnerable constituents. Plan to Protect (TM) provides a cost-effective, comprehensive, turnkey risk management solution that can be easily adapted to the specific needs of any religious entity -- from the parish church to a denominational headquarters. I know of no other resource providing this depth and quality of actionable, hands-on content approaching this price point, and I commend Plan to Protect (TM) to any institution seeking to fortify its youth risk management programming. - Scott R. Konrad, Senior Vice President, Willis of New York, Inc.

Church Administration Robert H. Welch.2011-07-15 For churches and religious nonprofit operations, the business of business is not business - it is ministry. Still, such institutions have to make plans. Because skilled organization is needed to accomplish specific tasks, a leader must train and motivate workers in progress and effectiveness. This second edition of Church Administration helps pastors and church staff become effective and efficient leaders, managers, and administrators. Among the topics discussed are: Administration Documents, Organizing the Church, Administering Personnel Resources, Financial Resources, Physical Resources, and Administering Risk Management. Writing for students as well as those already in this line of work, author Robert H. Welch promises, If you understand the tenants of general administration and the techniques of ministerial leadership your job will be made significantly easier.

Bring these practical things home and put them to work. Great results have already been seen from individuals who respect Gods Word and value what it can bring to the Board room as well as to the church service. You will not be sorry you invested in this training for you and your ministry team. Rev. Lloyd Tremain, Paradise Community Church of the Nazarene A thorough, practical and much needed Biblically sound treatment. Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman, Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational

levels of any Christian Church today. John Steffensen, Radio Host, Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry. I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore, or church maintenance, or the myriad other duties needed to keep a church going. The result was that the church stayed the same size. Some leave; others enter. But no growth was apparent despite the considerable preaching talents of the pastor. God is apparently making sure he has only the amount of people that he can handle. We learn that the ancient church had some of the same challenges we face today. Acts 6:14 says, Now in those days, when the number of the disciples was multiplying, there arose a complaint against the Hebrews by the Hellenists, because their widows were neglected in the daily distribution. Then the twelve summoned the multitude of the disciples and said, It is not desirable that we should leave the word of God and serve tables. (Read this as doing manual labor.) Therefore, brethren, seek out from among you seven men of good reputation, full of the Holy Spirit and wisdom, whom we may appoint over this business; (the manual labor) but we will give ourselves continually to prayer and to the ministry of the word. It was even bringing strife to the local body. What did they do? And what was the result? The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties (the manual labor). This freed up the apostles so they could minister the Word of God. Wow, Gods way is so simple, and our grandiose plans just waste time and get nothing done. Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes Gods church. This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them.

Relates information about organization, objectives, ministry plans, human resources, providing controlling factors, and basic skills of church administration. Includes appendix and bibliography.

Moving out from the Pew: Equipping the Saints for the Work of Ministry Rev. Dr. Connie Welch.2017-01-03 This is a transformational training course designed to give church leaders of all educational levels the basic biblical interpretation, homiletical, public speaking, and leadership skills necessary to fulfill their role as lay leaders. It provides all of the resources necessary to facilitate class discussions in each of the four learning modules, including recommendations for suggested textbooks, power point presentations, and other class room materials to be distributed to the students as study guides. A church can only go as far as its leaders. When the leadership as a whole grows spiritually, the church also grows spiritually. We grow in the Lord as we learn how to accurately handle the word of truth (2 Timothy 2:15; NASB). Focused bible study, enhanced with the proper biblical interpretation skills, provides a much deeper and more thorough understanding of Gods word and thus

strengthens our relationship with Him. It also provides the foundation for our theological development and biblical worldview.

Starting Right Kenda Creasy Dean,Chap Clark,Dave

Rahn.2010-05-11 Starting Right: Thinking Theologically About

Youth Ministry is the first academic textbook that introduces youth ministry students (whether undergraduate or graduate level) to a marriage of solid research, real life, and accessible design. Whereas most college-level texts may reflect a thorough (though impenetrable) mastery of the field, they tend to expect readers to plow through unnecessarily thick prose and bland design because "it's good for them." Youth Specialties doesn't agree. In this debut title to a continuing academic book line, college and seminary students will be introduced to real-life research, real-life youth ministry dilemmas, and real-life solutions. Contributing writers represent a spectrum of Christian Education thought and practice, as well as widespread recognition in their field...transdenominational, yet the perfect background to ministry in any denomination or ministry organization This text includes thorough indexes, design, and graphics that compel readers from page to page (now that's a first for a college text!); organization that permits professors to use any part of the text, in any order, rather than plod through the entire book from beginning to end; a perfect primary text that gives students a rich, academic, and readable (though not "popular") grasp of every aspect of youth ministry a typical Intro course touches, while also serving as an ideal secondary text.

*Understanding the Future Impact of Today's Decisions and
Developing a Roadmap to Achieve Your Vi Mba Cba*

Heard.2020-06 The goal of this workbook is to provide a framework for African-American congregations of 50 - 500 members to use in developing a strategic plan. Exercising proper stewardship involves making decisions about your assets and your opportunities. These decisions, if made only for the moment and without consideration of their consequences, can result in poor stewardship. Planning involves anticipating as much as possible the future impact of current decisions, much more than it involves future decisions, so that we can invest our resources (finance, personnel, programs, ministries, facilities, reputation) effectively. The foundation for planning is the Church's vision - a clear and challenging picture of the future. A strategic plan will help a congregation align its goals and objectives with the vision of the church. It provides a basis for unity of focus, motivation, stewardship, assessment and communication. Strategic planning is an on-going process of direction-finding that provides a context for the future in making present decisions. It is a process that looks outward as well as inward and is focused on keeping the Church in step with the changing environment - both internal and external. Adrienne Heard has a BA in Personnel Management from Michigan State University, an MBA in Management and Finance from the University of Dayton and an Ohio SBDC CBA (Certified Business Advisor(R)) designation from the University of Toledo. Adrienne Heard established a career in business administration with a number of Fortune 500 companies as well as with not-for-profit and privately-held firms. Heard Management was formed in 1993 to provide these planning and staff development services on a consulting basis. Heard Management is a minority female owned sole proprietorship consulting firm specializing in management consulting services which include business plans, strategic plans, action plans, management accounting, standard operating procedures, training

& development, coaching and problem solving. Using training and experience from a variety of workplace settings, Heard Management develops management tools to help organizations succeed. The emphasis is on Procedures to Prevent Problems.

Get Right Church Earl Sorrell.2018-07-19 As Christians, we need to be aware that we are in spiritual warfare every day. This is what Get Right Church is about. The book is written with hopes that the reader can see the many missed opportunities that God places before us daily to be blessing to others and opportunities to witness and attest to His greatness. It also allows the reader to see through the experiences of others what should be our reasonable service. It is our duty to be strong for the weak and share the gospel of Christ correctly. Too often, we as Christians negate the need for true spiritual and religious revivals in our personal lives. Many times the purpose of a revival is not clearly understood by Christians. Revivals are spiritual feasting on God's word. The duty of a Christian is to lead others to Christ through witnessing, not in words only, but through lifestyle. Get Right Church shares the trials, tribulations, and victories of believers as they continue to grow in the true knowledge, understanding, and wisdom of God. This growth is not just for their lives but to share freely while leading others to Christ as ambassadors. Get Right Church is about a lifestyle. Second Timothy 2:1516 and 3:1617 gives directions to study and control our speech with confirmation of the author of the Holy Bible and the reason to study. Romans 12:12 gives us directions how to live in this world and honor God, which is our reasonable service. These experiences are shared to help others see that we can live a victorious lifestyle in Christ while giving glory and honor to God through our daily lives. Start your personal revival with Christ, and allow others to see him in you, which is your reasonable service to God.

The Next Evangelicalism Soong-Chan Rah.2009-08-20 2010
Golden Canon Leadership Book Award winner The future is now.

Philip Jenkins has chronicled how the next Christendom has shifted away from the Western church toward the global South and East. Likewise, changing demographics mean that North American society will accelerate its diversity in terms of race, ethnicity and culture. But evangelicalism has long been held captive by its predominantly white cultural identity and history. In this book professor and pastor Soong-Chan Rah calls the North American church to escape its captivity to Western cultural trappings and to embrace a new evangelicalism that is diverse and multiethnic. Rah brings keen analysis to the limitations of American Christianity and shows how captivity to Western individualism and materialism has played itself out in megachurches and emergent churches alike. Many white churches are in crisis and ill-equipped to minister to new cultural realities, but immigrant, ethnic and multiethnic churches are succeeding and flourishing. This prophetic report casts a vision for a dynamic evangelicalism that fully embodies the cultural realities of the twenty-first century. Spiritual renewal is happening within the North American church, from corners and margins not always noticed by those in the center. Come, discover the vitality of the next evangelicalism.

Prison Ministry Made Easy Wanda Langley.2010-07-18 Prison Ministry is one of the most intimidating and unpopular ministries in the church. This manual contains the operating procedures necessary to be an effective prison volunteer. This manual is capable of assisting those that are interested or actively serving in prison ministry.

Guidebook for Church Leaders and Officers Marjorie Mercer.2012-10-22 Guidebook for Church Leaders and Officers was published to assist leaders in the ministry who need assistance in the daily operations of church administration. Dr. Mercer believes that leaders (male or female) who enter the

ministry should be fully equipped in the unity of faith with knowledge of kingdom principles to fully operate in the body of Christ. She believes that a church working together is successful when members understand their roles and responsibilities. Finally, Dr. Mercer believes that communication between church leaders and officers is the key component in doing a job well for the Lord.

MINISTERS-WORKERS TRAINING MANUAL GODSWORD
GODSWILL ONU.

Christian Minister's Manual Willie Dwayne Francois (III), Martha Simmons.2017-06 This manual was created for Christian pastors and laity. The purpose of the authors is singular: publish a manual that can be used by African-American preachers and church leaders of every background and every educational level. The manual is the only one of its kind. It provides a list of more than 50 entities and organizations that can be called upon to help pastors and lay leaders carry out effective ministry. An extensive list of helpful books is also included. Users will find the manual easy to read, easy to follow, and easy to implement. It will enable ministers and lay leaders to save time on research, organize their presentations, and provide internal and external ministry. The book also contains important advice on how to handle internal church crises and external emergencies,

press and media inquiries, and compliance with applicable governmental laws, rules, and regulations. Information on how to develop and utilize standard protocols for Church operations is also included. The manual covers many of the major ceremonies, rituals, and practices of the 21st-century Christian Church. It addresses traditional and non-traditional issues faced by the modern Church, including, but not limited to, church administration, the work of twenty-first-century deacons and trustees, bi-vocational pastoring, rape trauma, suicide, substance abuse disorders, the prison-industrial complex, and so much more. In addition to providing guidance on many non-traditional issues, the manual includes step-by-step instructions for baptisms, weddings, funerals, infant dedications, and ordinations. It also includes much-needed information regarding the training of associate ministers and other church leaders. This is a desk reference. However, wherever they are, pastors and lay leaders can download the manual to their tablets, for ease of use. The manual can be used by lay leaders in every department of the Church and can be used by a variety of denominations. Further, it meets the holistic needs of the modern pastor who is faced with a myriad of tasks, parishioners needs, and societal concerns. Readers who purchase the hard-copy of the book can download several, extremely helpful, full-sized forms that are only in the tablet/e-book version. The Church Organization Manual Robert H. Welch, Kevin Walker. 2011-05-15 Church policies and procedures will have a definite impact on the working and personal relationships of the personnel who comprise the church professional, lay, and support staff. If one is to consider this group a team, then each member must work together in a coordinated effort. Consider a football team. They have a playbook that describes what each player is to do for a particular play. When the quarterback calls a play, each member of the squad knows what he is to do to cause the play to

be a success. Even the players on the sideline know the play requirements. It might be said that such is the same for a church staff and the individuals within the church who make up the total team. It is suggested that the presence of a church playbook is essential for the success of the ministry. We will call this playbook the CHURCH ORGANIZATION MANUAL.

Church Administration Handbook Bruce P. Powers.2008-01-01 What's new about this third edition of the long respected and

often used Church Administration Handbook? In addition to time and technological-sensitive updates to the basic organizational details, editor Bruce Powers writes: "The needs of people and churches have continued to change, with questions now being raised about the quality of congregational life, nature of leadership, and responsibility for ministry among all believers . . . As we have prepared this edition, we have sought to address five primary needs. 1. Leadership skills and administrative tools that can be adapted for use in a variety of contexts from traditional to contemporary, from rural to urban, and from unicultural to multicultural settings; 2. Spiritual formation that relates to all of life (from birth to death); 3. Mission consciousness (in community, regionally, nationally, and globally); 4. Ministry of all believers (particularly calling out and equipping vocational, bivocational, and lay ministers); and 5. Leadership competence (the ability to inspire, motivate, and equip the saints for the work of ministry)."

How to Lead a Church to Reach People and Grow Robert A. Young.2009-05 This book presents a unique approach to church growth. It is written mainly to help churches that are declining, but will help all churches. The underlying premise is that churches do not grow and reach new people because they do not know how, or because they are so poorly structured and organized that they spend most of their time and efforts in conflict. This disrupts the fellowship and leaves very little time and energy for reaching new people. The subtitle could be, Fifteen Essential Steps To Growth- Basic growth and administrative principles. The combining of these areas makes this a unique book. Young has brought together these basic

elements, from over 40 years of experience. . The book is a practical guide for a local church to follow to function efficiently and effectively, and reach people for Christ. When the steps are followed, and in the proper order, the church can pretty well be assured of growth and effective ministry. Dr. Robert A. Young is currently President of Samuelite Corp., Church Outreach and Consulting. He served as Associate Pastor/Administration of Walnut Street Baptist Church, Louisville, KY, and Park Cities Baptist Church, Dallas, TX, and President of the National Association of Church Business Administration. He has conducted Total Church Consultations and Capital Fund Campaigns for churches of all sizes and denominations. He is now available to serve churches as a consultant in these areas. He is also the author of *The Development of A Church Manual of Administrative Policies*.

Spiritual COVID Wayne Kniffen.2023-08-01 Every church is not the Lord's church, but the legitimate church is waking up—and miracles, signs, and wonders will appear to those who believe. God is going to take those of us who want to participate to zones where the Holy Spirit is our only comfort. The supernatural is going to become natural to those who have the audacity to believe and to those who expect it. Steeped in Scripture, this book seeks to answer questions such as: • Have we turned the church into something it wasn't meant to be? • Should we be more interested in gathering and keeping people or in releasing and sending them out? • What is our motivation for reaching more people? The author contends that most churches are spending more time, energy, and resources on building bigger crowds. Absolutely nothing is wrong with that if your intent is to help members cultivate their faith so they can then share it with others. However, far too many churches are focused on attracting bigger crowds, building bigger buildings, and buying more land than sending people out to share their faith with a lost and dying world.

This revised edition offers guidance on many new topics that are of vital importance to churches, including protecting children, information security, approaches to preventing and responding to violence, planned giving, social media, and hybrid work and worship. Whether clergy are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.

Faith, Hope, and Sustainability Cybelle T. Shattuck. 2021-06-01 Faith, Hope, and Sustainability explores the experiences of fifteen faith communities striving to care for the earth and live more sustainably. A church in Maine partners with fishermen to create the first community-supported fishery so they can make a living

without overfishing. A Jewish congregation in Illinois raises extra funds to construct a green synagogue that expresses their religious mission to heal the world. Benedictine sisters in Wisconsin adopt caring for the earth as part of their mission and begin restoring one hundred acres of prairie, reviving their community in the process. Presbyterians in Virginia, dismayed by air pollution in Shenandoah National Park, take courage from their conviction that God does not call us to do little things and advocate for improved national air pollution policies. Stories such as these highlight the variety of environmental actions that people of faith are enacting through congregational venues. Beyond simply narrating inspiring stories, however, this book compares these case studies to explore in detail the processes through which the communities took action. In addition to examining why faith communities engage in earth care, Cybelle T. Shattuck explores how they put intention into action and how the congregational context affects what they do. She introduces an analytical framework focusing on four domains of activity—champions, faith leaders, congregations, and organizations—to explicate the full range of factors that influence how initiatives develop and whether sustainability becomes embedded in these religious organizations. Both the framework and the information on process presented in this book will be highly useful to scholars and to people of faith interested in implementing an earth-care ethic through sustainability programs.
