*The Welcoming House* Jane Schwab,Cindy Smith.2013-03-19 The owners of the acclaimed stores and decorating firm Circa Interiors present eight stylish, beautiful homes blending comfort, beauty, and function with classic Southern hospitality. A house with an open door is like a friend with an open heart: inviting, generous of spirit, and constant at the core. In their first book, Jane Schwab and Cindy Smith present beautifully arranged interiors in which the trademarks of their style—subtle color palettes, graceful furniture, an emphasis on comfort and entertaining—harmonize to create fresh yet classic rooms. Walking the reader through each home with their characteristic Southern charm, they share their vision and process, from big-picture topics such as room flow and furniture plans, to the importance of entryways and setting a beautiful table. The lessons also extend from the interior to the garden, as Schwab and Smith discuss how outside spaces can become natural extensions of the home for entertaining. Throughout, they share specific ideas for arranging rooms to welcome one, two, or four people as comfortably as fifty, establishing multifunctional, adaptable gathering places that are both gracious and functional for the family of the house as well as their guests.

*The age of reason* Thomas Paine.1995

**Being the Church in the Midst of Empire** Karen L. Bloomquist.2007 Against the backdrop of a general sense of what empire entails, the purpose of this book is to engage in some constructive theological reflection. Empire refers to various interrelated processes of domination and their effects that are in tension with biblical visions for life in community. There are countless effects and crucial ethical issues raised by empire, especially in economic and political terms. But it also poses deeply theological challenges because of how all-encompassing empire becomes, permeating how we think about ourselves and others, our world, our hopes and our desires. This book presupposes that the publicly embodied identity (or being) of the church in the midst of empire is fundamentally rooted in the life of the Triune God. From this Trinitarian perspective the writers develop theological responses that have the potential to counter, transform, and nurture long-term reform of empire, especially in and through communities of faith.

Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? *Inside The Space Ships* is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later lie is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in *Flying Saucers Have Landed*, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in *Inside The Space Ships*, Adamski gives us 16 photographs and illustrations, no longer of Scouts (flying saucers) mostly, but of the great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.
