Singing, Soldiering, and Sheet Music in America during the First World War Christina Gier.2016-10-19 An advertisement in the sheet music of the song “Goodbye Broadway, Hello France” (1917) announces: “Music will help win the war!” This ad hits upon an American sentiment expressed not just in advertising, but heard from other sectors of society during the American engagement in the First World War. It was an idea both imagined and practiced, from military culture to sheet music writers, about the power of music to help create a strong military and national community in the face of the conflict; it appears straightforward. Nevertheless, the published sheet music, in addition to discourse about gender, soldiering and music, evince a more complex picture of society. This book presents a study of sheet music and military singing practices in America during the First World War that critically situates them in the social discourses, including

issues of segregation and suffrage, and the historical context of the war. The transfer of musical styles between the civilian and military realm was fluid because so many men were enlisted from homes with the sheet music while they were also singing songs in their military training. Close musical analysis brings the meaningful musical and lyrical expressions of this time period to the forefront of our understanding of soldier and civilian music making at this time.

30 Easy Play Songs every parent/grandparent can play for kids even if they've never played music before Helen Winter. 30 Songs you can play for your baby immediately on any instrument

you may have at home without any musical background. Hi. Now you are parents. Or grandparents. The second is much easier but does not free you from the duty of singing lullabies and other funny kids' songs to your little ones. Do you feel forced to sing them? It's not easy, is it? Especially if you're tone-deaf. Did your schoolmates study violin while you were playing hooky from music class? Now with the kids, you're stuck and everyone expects you to be a lullaby singer. Well, we have a solution for you. If your only singing has been in the shower, let us help you become a real musician. And you can do it with any instrument. Even a toy piano, if it is tuned. If you are a musician, this book is not for you. You can go play your instrument in an orchestra. Kids like simple music. We offer your a guaranteed time-tested set of cool kids' songs. These are famous kids' songs (which you'll recognize) and also some musical nursery rhymes threw in. What do you need for your musical success? Equipment for starters. Your instrument can even be jars with water. But for most songs, it'll be better if they are somewhat tuned. It could be any key instrument like a piano, melodica, kalimba, marimba, synthesizer, xylophone, glockenspiel, or a color bell set with 8 bells or more. Drums, tambourines, castanets, and music rattles are also welcome. The main argument for the idea of not being able to play in a band with your child immediately is I CANNOT READ MUSIC SHEET. Don't worry! You don't have to! We made our pictures large and as simple as possible. You'll easily play by circles. No musical staff or notes. Your listeners are not very critical and won't know the difference. Kids are the best listeners in the world. The sheet music book has 2 parts: Part 1. No musical staff or notes. Simply follow the circles with letters. To show the rhythm, we grouped the circles together. Every song in this section was adapted for the newbie - you - just 8 notes (one octave). Part 2. Here you'll see traditional musical notes and staff added. But don't worry - the helpful letters are still there. Important! You will be able to begin to play right away if the keys of your instrument have

letter notations on the keys (like kalimba or xylophone). For other instruments, you just need to get and apply stickers with letter-notations. Just 8 stickers will be enough. Write the notes with a marker - A B C D E F G and C8. Easy play songs were adapted especially for beginners. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. Songs: 1. Hot Cross Buns 2. Are you sleeping? 3. 70 Simple Songs for the 8-Note Tongue Drum. Without Musical Notes Helen Winter. We call this series "I don't read music" since we are targeting beginners of all ages: children, teens, parents, grandparents. Folk music traditionally is not learned from sheet music or notes. Instead, it is learned by repetition and from being passed from generation to generation. We believe in this method of teaching, which is easier and more enjoyable. All 70 songs in this book have been written without using the classic music score system, because it is for absolute beginner who can not read sheet music. This book is aimed for those who want to add popular melodies to their experimentation. We use circles with numbers because most modern tongue drums have numbers engraved or painted on their keys. We do not show the note duration. You can experiment with a duration on your own. We recommend finding each of these songs on YouTube and listening to the rhythm before beginning to play. Our sheet music is only a guide. The most important thing is to listen and repeat the recordings. All songs from this book are possible to play in one octave. These songs are suitable for a diatonic 8-note tongue drum, which should have numbers 1, 2, 3, 4, 5, 6, 7, and 1 of the next octave. Please note: if you have a model of the tongue drum with 5 tongues, or if some keys from the octave are missing, you will not be able to play all of the songs in this book. The songbook includes very simple, popular children's and folk songs, but even well-known children's songs played on the tongue drum will create an unusual magical sound. Recorder for Absolute Beginners Helen Winter, Nadya Gilbert. This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. We use an “easy-to-play” visual aid so any beginner can play music quickly. No previous knowledge is necessary. Every song has a large and simple letter-coded visual, along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game, where children advance to higher levels themselves. There are 22 songs and 2 options to help children begin to play right away.

PLAYING BY LETTER CIRCLE PLAY WITH THE MUSICAL STAFF The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1. Songs that are played in one octave. All songs here appear twice: once written with circles and the next time with classic music notes. This will help kids remember the staff notes. Level 2 In this part, you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns - Version 1 - CIRCLES Hot Cross Buns - Version 1 - NOTES Hot Cross Buns - Version 2 - NOTES (Here, the player will play songs in a different key and learn

how to transpose.) Generally, the version of the song written with sheet music is a little bit more complex than a letter-coded version. Such versions already have music notations such as rests or beams, etc. You can find an illustrated explanation of the notation at the beginning of this book. Level 3 Here, the first two songs are versions of the same melody (different combinations of notes) written with circles and notes. This is important so that the beginner can see how the same melody can be played in different keys. First of all, this book is addressed to newcomers to the recorder instrument. Also, it is a perfect self-training guide for children and beginner adults to mastering the challenges of flute or recorder.

Ku Klux Klan Sheet Music Danny O. Crew. 2015-09-16 The Ku Klux Klan has received much attention for its violent activities, but comparatively little research has been done on its musical legacy. The printed music that still exists is spread throughout the nation in both public and private collections. This work presents, chronologically, the music associated with the Klan from 1867 to 2002, thus enabling readers to sense the arguments and attitudes of the Klan as they developed and changed over time. Because of the relative scarcity of Klan-related music, non-Klan music that mentions the word "Klan" is included. These obscure references help place the Klan in a larger social perspective and are very important in documenting anti-Klan musical reaction. In instances where a song merely mentions the Klan, usually in only one verse or in the chorus, then only that verse containing the Klan reference, plus appropriate context, is included. The catalogue also includes Klan-related music that does not have lyrics, such as marches, waltzes, two-steps, and several Klan-related pieces that were published in Europe. Sheet music was virtually nonexistent after the 1930s, so in order to capture a feeling of Klan-related music today, a limited discography of Klan-related recordings from 1920 to 2002 is also included.

Suffragist Sheet Music Danny O. Crew.2015-09-16 This is an exhaustive reference work of sheet music published in the United States from the late 18th century to the year after adoption of the 19th amendment to the Constitution granting women the right to vote. In chronological order, the entries present bibliographic data (words by, music by, published in, published by, copyright, size, cover, inside, key, location) on each piece of music, a photographic depiction of the cover or first page (where available), and the complete lyrics for each piece. Included are early music of a rebellious nature, music surrounding the early woman's rights conventions, and pro and anti woman's rights and suffrage pieces from 1795 on; a limited number of entries on non-U.S. sheet music are presented also. General music about women, sentimental and love songs, and songs related to traditional roles and stereotypes have not been included.

Confederate Sheet Music E. Lawrence Abel.2015-06-14 During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, "The South must not only fight her own battles but sing her own songs and dance to music composed by her own children." Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.

Numbered Sheet Music with Worship Songs for 8-Note Tongue Drum Helen Winter.2022-11-09 You have never played music before or you cannot read sheet music, but you want to play famous and inspiring hymns and spirituals. Don't worry! You will begin to play right away. We made our pictured sheet music as simple as possible. You'll play by number-coded circles. No musical staff or notes. The easy-to-play songs and melodies were adapted especially for beginners. The melodies have been transposed to one octave and simplified. Also, the number-coded notations have been added and complex notes and symbols have been reduced. Such simplification makes it possible for people to play melodies, especially those who can't read music or who have never played music before. The steel tongue drum and the handpan are percussion musical instruments designed to help you focus on your feelings, sensations, and body. You don't need classical music training or knowledge of music theory to play them. The primary purpose is relaxation, meditation, and traveling through your inner world. No previous training or skills are necessary to enjoy these fascinating instruments. For tongue drums that have numbered musical notation, numbers 1 to 7 represent the keys of the diatonic major scale. For example, a C Major scale would be: 1 =C (do), 2 =D (re), 3 = E (mi), 4= F (fa), 5 = G (sol), 6 = A (la), 7 =B (ti / si), 8 (i) = C (do) Your drum can be numbered from 1 to 8,

where 8 is note C of the next octave. We use the number 1 with a dot above the digit for this note because the most popular models of tongue drums use this enumeration. All songs in this book have been written with numbers because most modern tongue drums have numbers engraved or painted on their keys. This book is aimed at those new to music and musical instruments, whether child or adult. It allows for simple and easy learning that requires no previous knowledge of reading music. Because most tongue drums include and are tuned to involve the notes of the main octave, all songs from this book are possible to play in one octave. You may need to skip some songs if you have less than one octave of keys on your drum. Each tongue drum is very different and it is impossible to accommodate songs for all kinds of tongue drums in one book. There are the following hymns and spirituals in this book: Amazing Grace Babylon's Falling Be Still My Soul Christ Was Born on Christmas Day Deck the Halls with Boughs of Holly Elijah Rock Every Time I Feel the Spirit God Is So Good Great Big Stars Great Day He's Got the Whole World in His Hands Holy, Holy, Holy I've Got Peace Like a River Jesus Loves Me Jingle Bells Jolly Old Saint Nicholas Joy to the World! 23 Letter-Coded Melodies for Xylophone Helen Winter. This book was written to help the beginner, whether child or adult, learn to play music in a simple and easy way that requires no knowledge of

reading music. Just by following the circles with letters, you will sound like an experienced musician. We made our sheet music large and as simple as possible. You'll play cool kids songs by circles. No musical staff or notes. Playing music can be as simple and enjoyable as a game. Some songs were adapted for a one-octave instrument. That is why most songs are simplified. That is our goal to give you what's necessary to play beautiful music while having fun. This book is just as suitable for the chromatic xylophone as it is for the diatonic. Most songs in this sheet music book can be played within one octave on the xylophone using only 8 notes. Several songs need 1.5 or 2 octaves or a 10-15 note xylophone. The 2 last songs require a chromatic xylophone since they have flat notes. For some melodies, we group circles to show rhythm. Most songs are simple, popular and fanny, some songs are Christian, they are perfectly suitable for church choir or orchestra. Recommended for ages 3 and up. List of kids songs: 1. Hot Cross Buns 2. Super Easy Keyboard for Kids. Learn How to Transpose: Learn to Play 22 Simple Songs in Different Keys Helen Winter. This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. We use an "easy-to-play" visual aid so any beginner can play music quickly. Neither kids nor their parents have to read sheet music or have a musical background. No previous knowledge is necessary. Every song has a large and simple, letter-coded visual, along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game, where children advance to higher levels themselves. There is a total of 22 songs and 2 options to help children to begin to play right away. PLAYING BY LETTER CIRCLE PLAY WITH THE MUSICAL STAFF The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1. Songs that are played in one octave. All songs here

appear twice: once written with circles and the next time with classic music notes. This will help kids remember the staff notes. For example: Mary Had a Little Lamb - Ver 1 - CIRCLES Mary Had a Little Lamb - Ver 1 - NOTES Level 2 In this part, you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns - Version 1 - CIRCLES Hot Cross Buns - Version 1 - NOTES Hot Cross Buns - Version 2 - NOTES (Here the player will play songs in a different key and learn how to transpose.) Generally, the version of the song written with sheet music is a little bit more complex than a letter-coded version. Such versions already have music notations such as rests or beams, etc. You can find an illustrated explanation of the notation at the end of this book. Level 3 Here, the first two songs are versions of the same melody (different combinations of notes) written with circles and notes. This is important so that the beginner can see how the same melody can be played in different keys. First of all, this book is addressed to newcomers to any keyboard instrument (such as Piano or Synthesizer). We offer 22 one-hand piano songs. Also, it is a perfect self-training guide for children and beginner adults to mastering the challenges of percussion instruments such as xylophone, glockenspiel, melodica, or recorder. Additionally, you find funny riddles with engaging activities to teach musical notes and symbols. Table of contents Level 1 Mary Had a Little Lamb Ode to Joy The Whills on the Bus Jolly Old Saint Nicholas Ten Little Fingers London Bridge Do You Know the Muffin Man? we Wish You a Merry Christmas The First Noel Brahms Lullaby Row Row Your Boat Itsy Bitsy Spider Silent Night Oh Susannah Level 2 Hot Cross Buns Are You Sleeping?
