If you love to read but hate spending money on books, then this is just what you're looking for. You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles. Amazon has hundreds of free eBooks you can download and send straight to your Kindle.
