If you have an internet connection, simply go to BookYards and download educational documents, eBooks, information and content that is freely available to all. The web page is pretty simple where you can either publish books, download eBooks based on authors/categories or share links for free. You also have the option to donate, download the iBook app and visit the educational links. How to Download Your Free eBooks. If there's more than one file type download available for the free ebook you want to read, select a file type from the list above that's compatible with your device or app. Once you've found a book you're interested in, click Read Online and the book will open within your web browser. You also have the option to Launch Reading Mode if you're not fond of the website interface. Reading Mode looks like an open book, however, all the free books on the Read Print site are divided by chapter so you'll have to go back and open it every time you start a new chapter. Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon. Think of this: When you have titles that you would like to display at one of the conferences we cover or have an author nipping at your heels, but you simply cannot justify the cost of purchasing your own booth, give us a call. We can be the solution. Being an Android device owner can have its own perks as you can have access to its Google Play marketplace or the Google eBookstore to be precise from your mobile or tablet.
