Our comprehensive range of products, services, and resources includes books supplied from more than 15,000 U.S., Canadian, and U.K. publishers and more. However, Scribd is not free. It does offer a 30-day free trial, but after the trial you'll have to pay \$8.99 per month to maintain a membership that grants you access to the site's entire database of books, audiobooks, and magazines. Still not a terrible deal! World Public Library: Technically, the World Public Library is NOT free. But for \$8.95 annually, you can gain access to hundreds of thousands of books in over one hundred different languages. They also have over one hundred different special collections ranging from American Lit to Western Philosophy. Worth a look. Ebook Bike is another great option for you to download free eBooks online. It features a large collection of novels and audiobooks for you to read. While you can search books, browse through the collection and even upload new creations, you can also share them on the social networking platforms. Because this site is

dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). A few genres available in eBooks at Freebooksy include Science Fiction, Horror, Mystery/Thriller, Romance/Chick Lit, and Religion/Spirituality. Our goal: to create the standard against which all other publishers' cooperative exhibits are judged. Look to \$domain to open new markets or assist you in reaching existing ones for a fraction of the cost you would spend to reach them on your own. New title launches, author appearances, special interest group/marketing niche... \$domain has done it all and more during a history of presenting over 2,500 successful exhibits. \$domain has the proven approach, commitment, experience and personnel to become your first choice in publishers' cooperative exhibit services. Give us a call whenever your ongoing marketing demands require the best exhibit service your promotional dollars can buy. You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles. DailyCheapReads.com has daily posts on the latest Kindle book deals available for download at Amazon, and will sometimes post free books.
