Rahu and Ketu in Predictive Astrology: North and South Nodes of the Moon Dr Prem Kumar Sharma, Manisha Koushik. 2024-02-24 It is a well-established fact that since Vedic astrology has its basis in Vedic knowledge, it is as old as human creation and has been used from time immemorial to dispel the unfounded horrors and prejudices of the human mind. Rahu and Ketu, the two nodal points of the Moon, constitute the core of Vedic astrology. Ancient Indian seers visualised the north and the south nodes of the Moon as the most interesting and mysterious planetary influences. However, Rahu and Ketu have either been ignored or misunderstood in studies of Vedic astrology. This book is an attempt to dispel the darkness that surrounds Rahu and Ketu so that they can be better understood and their importance in Vedic astrology appreciated. By no means the final word on Rahu and Ketu, this book attempts to provide readers with a practical understanding of these two nodes so that they can be placed in perspective. The book also provides other insights into Vedic astrology. The use of horoscopes of some prominent persons makes an understanding of Rahu and Ketu easier both for astrology enthusiasts and for other readers.

The Mahabharata of Krishna-Dwaipayana Vyasa Adi Parva Kisari Mohan Ganguli.2018-07-10
The Mahabharata of Krishna-Dwaipayana Vyasa Translated into English Prose Adi Parva by Kisari Mohan Ganguli SECTION I Om! Having bowed down to Narayana and Nara, the most exalted male being, and also to the goddess Saraswati, must the word Jaya be uttered. Ugrasrava, the son of Lomaharshana, surnamed Sauti, well-versed in the Puranas, bending with humility, one day approached the great sages of rigid vows, sitting at their ease, who had attended the twelve years' sacrifice of Saunaka, surnamed Kulapati, in the forest of Naimisha. Those ascetics, wishing to hear his wonderful narrations, presently began to address him who had thus arrived at that recluse abode of the inhabitants of the forest of Naimisha. Indian Palmistry J. B. Mrs. Dale.2022-06-02 Palmistry, chiromancy, or palm reading is practiced worldwide with roots in Indian astrology and gypsy fortune-telling. The goal is to assess a person's character and elements of their life by examining the palm of their hand. This invaluable booklet on Indian palmistry describes everything in simple and easy words with symbols, marks, and illustrations concerning the placement of planets and their respective mounts. The author of this work does not claim that there is anything new in this work, but the way of translating, setting, and presenting the information is original. It's a helpful book for beginners or those curious about palmistry.

The Five Dharma Types Simon Chokoisky.2014-05-14 A handbook for unlocking the soul's purpose and manifesting a fulfilling life • Reinterprets the traditional Dharma system of ancient India as a map for revealing one's true purpose • Provides tests for determining one's Dharma type • Explains the benefits, challenges, and social, interpersonal, and health dynamics associated with each of the 5 Dharma types Have you ever wondered why, despite great obstacles, some people achieve success, while others, though given everything, seem to squander it away? Or why some people, despite

having very little, radiate joy, while others appear miserable though surrounded by opulence? The answer is Dharma: knowing your soul's purpose and living it is the key to creating a fulfilling life. Built on a deep body of Vedic knowledge, the ancient system of social structure and spiritual duty known as Dharma has modern applications for people seeking their life's purpose. Author Simon Chokoisky explains the five Dharma archetypes--Warrior, Educator, Merchant, Laborer, and Outsider--and how your life's purpose goes hand-in-hand with your Dharma type. Providing tests to determine your type, he outlines the benefits, challenges, emotional and learning styles, and social, interpersonal, and health dynamics associated with each type. Chokoisky reveals how the Dharma types function as an operating system for your identity, helping you map your life and play to your innate strengths, whether in choosing a prosperous career or field of study or in facing health challenges and meeting fitness goals. By accepting and understanding the nature of your type, you begin to align with your true purpose and, regardless of fate, find joy and meaning in life.

Samudrika Shastra Lambert M Surhone, Mariam T Tennoe, Susan F Henssonow. 2011-04-21 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Samudrika Shastra is the study of face reading, aura reading, and whole body analysis in the Vedic tradition, a Sanskrit term that translates roughly as knowledge of body features. Often used in Vedic astrology, as it is contiguous to astrology and palmistry (Hast-samudrika) as well as phrenology (kapal-samudrik) and face reading (physiognomy, mukh-samudrik). It is also one of the themes incorporated in the ancient Hindu text, the Garuda Purana. This tradition assumes that every natural or acquired bodily mark encodes its owner's psychology and destiny. Elevation, depression, elongation, diminution, and other marks become relevant. Traditional stories in India thus abound with descriptions of rare auspicious markings found on the bodies of memorable people. Legends about the Rama and Krishna Avatars, Gautama the Buddha, and Mahavira the Tirthankara conform to this tradition.

Scientific Basis for Ayurvedic Therapies Lakshmi C. Mishra. 2003-09-29 Arguably the oldest form of health care, Ayurveda is often referred to as the Mother of All Healing. Although there has been considerable scientific research done in this area during the last 50 years, the results of that research have not been adequately disseminated. Meeting the need for an authoritative, evidence-based reference, Scientific Basis for Ayurvedic Therapies is the first book to analyze and synthesize current research supporting Ayurvedic medicine. This book reviews the latest scientific information,

evaluates the research data, and presents it in an easy to use format. The editor has carefully selected topics based on the availability of scientific studies and the prevalence of a disease. With contributions from experts in their respective fields, topics include Ayurvedic disease management, panchkarma, Ayurvedic bhasmas, the current status of Ayurveda in India, clinical research design, and evaluation of typical clinical trials of certain diseases, to name just a few. While there are many books devoted to Ayurveda, very few have any in-depth basis in scientific studies. This book provides a critical evaluation of literature, clinical trials, and biochemical and pharmacological studies on major Ayurvedic therapies that demonstrates how they are supported by scientific data. Providing a natural bridge from Ayurveda to Western medicine, *Scientific Basis for Ayurvedic Therapies* facilitates the integration of these therapies by health care providers.

Gaṇeśapurāṇa Greg Bailey.2008 This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the

important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

Sahaja Yoga Shri Mataji Nirmala Devi.2018-04-15 Shri Mataji writes that “India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it.” This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. “The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book,

but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form.”
