Summary of José Silva & Robert B. Stone's You the Healer Everest Media.2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Silva Method is a mental technique that helps healers direct their minds to correct their bodies. It is not taught in medical school, and most physicians are unable to accept our ability to direct our minds to correct our bodies. #2 The Silva Method is based on the concept of relaxation. It teaches us to relax actively, and use our minds to relax and then picture positive images. This process activates the creative role of our brain, which is a function of the right hemisphere. #3 The Silva Method for better health is based on the use of positive mental instructions during relaxation. The method is simple and easy, and it becomes more effective with practice. You will eventually be able to help yourself gain better health, and you will be able to program others for better health. #4 To be in control of your body, you must control your mind. To learn to control your mind, you must control the alpha level. To control the alpha level, you must control your state of relaxation.

The Wisdom of the Shamans Don Jose Ruiz.2019-05-07 For generation after generation, Toltec shamans have passed down their wisdom through teaching stories. The purpose of these stories is to implant a seed of knowledge in the mind of the listener, where it can ultimately sprout and blossom into a new and better way of life. In *The Wisdom of the Shamans: What the Ancient Masters Can Teach Us About Love and Life*, Toltec shaman and master storyteller don Jose Ruiz shares some of the most popular stories from his family's oral tradition and offers corresponding lessons that illustrate the larger ideas within each story. Ruiz begins by explaining that contrary to the stereotypical image of witch doctor, the ancient shamans were men and women who fulfilled several roles within their communities: philosopher, spiritual guide, medical doctor, psychologist, and friend. According to Ruiz, their teachings are not primitive or reserved for a chosen few initiates but are instead a powerful series of lessons on love and life that are available to us all. To that aim, he has included exercises, meditations, and shamanic rituals to help you experience the personal transformation these stories offer. The shamans taught that the truth you seek is inside of you. Let these stories, lessons, and tools be your guide to finding the innate wisdom that lives within.

We all saw the purple spots on Michael Phelps' back during his swimming competition at the 2016 Olympics in Rio. As reported by CNN and Huffington Post, these purple spots are the results of a Chinese healing technique called cupping, which keeps the athletes injury free and speeds recovery. For centuries, based on the same principle, as stated in the oracle of Chinese Medicine, Yellow Emperor's Inner Canon, there exists a much more effective technique for self-healing: PaidaLajin. Over the last several years, PaidaLajin has been spread into 30-plus countries, healing millions of people from: -Chronic pain on the back, knee, neck, etc. -Immune disorders: diabetes, hypertension, tumor, insomnia, depression, arthritis, stroke sequelae, Alzheimer's, prostate issues, etc. -Acute illnesses: heart attack, stroke, stomach pain, menstrual pain, etc. -Gynecological issues: fibroids, cysts, anti-aging, weight management, etc. -Skin diseases: Psoriasis, lupus, herpes, Urticaria, etc. Trying this technique for yourself is the only way to find out. It takes no more than two weeks to witness its effectiveness. Don't just read this book. Try it. The results will astound you.

Poems of Healing Karl Kirchwey.2021-03-30 A remarkable Pocket Poets anthology of poems from around the world and across the centuries about illness and healing, both physical and spiritual. From ancient Greece and Rome up to the present moment, poets have responded with sensitivity and insight to the troubles of the human body and mind. Poems of Healing gathers a treasury of such poems, tracing the many possible journeys of physical and spiritual illness, injury, and recovery, from John Donne's “Hymne to God My God, In My Sickness” and Emily Dickinson's “The Soul has Bandaged moments” to Eavan Boland's “Anorexic,” from W.H. Auden's “Miss Gee” to Lucille Clifton's “Cancer,” and from D.H. Lawrence's “The Ship of Death” to Rafael Campo's “Antidote” and Seamus Heaney's “Miracle.” Here are poems from around the world, by Sappho, Milton, Baudelaire,

Longfellow, Cavafy, and Omar Khayyam; by Stevens, Lowell, and Plath; by Zbigniew Herbert, Louise Bogan, Yehuda Amichai, Mark Strand, and Natalia Toledo. Messages of hope in the midst of pain—in such moving poems as Adam Zagajewski’s “Try to Praise the Mutilated World,” George Herbert’s “The Flower,” Wisława Szymborska’s “The End and the Beginning,” Gwendolyn Brooks’ “when you have forgotten Sunday: the love story” and Stevie Smith’s “Away, Melancholy”—make this the perfect gift to accompany anyone on a journey of healing. Pathways to Personal Freedom Using the Silva Method Diana Silva,Robert Deutchman.2019-01-30 Pathways to Personal Freedom using the Silva Method is a compilation of fifty ideas to help uncover the ways of inner bliss that lay dormant within each of us. Happiness and Personal Freedom are concepts that most of us have taken for granted. Society teaches us to please others; look for approval and acceptance from others; check in with those who “know better” than we do; allow our negative thoughts to overtake our actions, our way of life and even health. Each Pathway starts with a quote to encourage thinking and inspiration to bring about a spark of insight that is already known but may have been forgotten along the way. What follows are suggestions and examples from the authors’ lives and experiences as to how to achieve bliss and inner harmony. Each will end with an affirmation to be recited in the present time to instill the ideas as if they are already in place and to help enhance this new way of thinking. Some of these ideas may be new and even foreign—but they have stood the test of time and used by many throughout the world. Jose Silva, Sr. was a pioneer in the study and application of mind control. His youngest daughter, Diana Silva-Mendez and coauthor, Robert Deutchman have put together this labor of love for the benefit of Silva Method enthusiasts, trainers, Silva graduates, and to all who seek to tap into their inner wisdom.

Silva Holistic Faith Healers Resource Guide José Silva.2013-04-09 Manual to be distributed to students in Jose Silva's Holistic Faith Healing workshops and seminars. This manual does not have complete instructions, only a review of what is taught in the seminars. Do you have healing hands? Yes you do, and I can prove it to you. It is a matter of recognizing it mentally and doing it physically. Read below to learn how. Are you willing to be the very first Neighborhood Healer in your neighborhood? Yes, you can do this. And it only takes a few minutes to learn how. This is the

wonderful gift that Jose Silva left us. All we are asking now is that you try it and see for yourself that you have the ability channel healing energy through your body to help your neighbors. Are you ready to learn? Here's how to become a Holistic Healer: A healer in every home Nothing is more important than good health. And what could be more valuable than having a healer in your family. Jose Silva's dream was to have a holistic faith healer in every home. This is a big order. So lets start by putting a healer in every neighborhood. You can be the first, and then you can share the home study course and the life saving Holistic Healing techniques with other people so that they can be the first healer in their neighborhood. You can also encourage your neighbors to learn the techniques, until eventually there is a healer in every home in your neighborhood. You can be that healer, with the power to relieve pain, correct problems, and give hope to those who need it. Where does energy come from? Higher intelligence. When you help your neighbors in this manner, you are literally an agent of higher intelligence - an agent of God - with healing energy flowing through your body. How will you feel when your turn comes, and a loved one or a neighbor is in desperate need of help? Will you know what to do, so that you can spring into action to relieve a pain, correct problems, and give hope to those who need it. Or will you sit there feeling helpless and powerless, wishing you had learned a simple technique that could relieve your loved one's pain and maybe save their life. Many years of research Imagine what you'd have to do if you wanted to learn the secrets of holistic faith healers: You'd travel the world persuading faith healers, psychic surgeons, with doctors, mucumbas, kahunas...every type of healer you could find...to permit you to observe them, assist them, and learn from them. You would ask them to teach you their techniques...but they would refuse. They won't share the prestige and the honor that comes with their special ability. You would have to rely on your understanding, insight, and intuition about how the human mind works, about energy fields in and around the human body, about universal healing energies, and you would have to use all of your experience, knowledge, and insight to weed out the showmanship and misdirection from the real techniques, the ones that actually produce the healing effect. It would be a daunting task to unlock their secrets. Only one scientist has succeeded at it. Many techniques to correct health problems Jose Silva took the common denominators, the things that he knew produce real results, and developed scientifically researched and proven effective healing techniques that will work for you. He used his techniques to help people in Laredo for many years. Then he broke the unwritten code of secrecy and started teaching other people to heal the way he did. I realized that I could not personally heal everybody who needed to be healed, he explained. But I knew that if I could train enough people so that there would be a healer in every home, then in that way, I could help everybody. Now you can learn the same techniques that Jose Silva and thousands of Silva healers use, in a convenient home study course or a live Holistic Faith Healing workshop.

How Your Mind Can Heal Your Body David R. Hamilton, PHD.2018-09-11 'This book will teach you that healing by thought alone is not only possible, but it is a reality.' - Dr Joe Dispenza, New York Times bestselling author of Becoming Supernatural There is no longer any doubt that the way we think affects our bodies: countless scientific studies have shown this to be true. For former pharmaceutical scientist Dr David Hamilton, the testing of new drugs highlighted how profoundly the mind and body are connected. Time and time again, the control group of patients in drug trials improved at similar rates to those who actually received the medicines. Astounded, Dr Hamilton decided to change the direction of his work to explore the relationship between the mind and the body. This bestselling acclaimed book was first published 10 years ago. In it, Dr Hamilton explores the effect of visualization, belief and positive thinking on the body, and shows how using our imagination and mental processes can stimulate our own defences and healing systems to combat disease, pain and illness. In this new edition, Dr Hamilton has added four new chapters to discuss the latest

cutting-edge information and extraordinary new techniques. These include using imagery to stimulate the immune system - a method that can benefit cancer patients undergoing conventional treatment - effectively using the mind to speed up rehabilitation from stroke, and powerful visualization strategies to help facilitate recovery from injury and illness.

The Power of Energy Medicine Hilary Crowley.2021-02-16 **Silver Medal Nautilus Book Awards Winner** **Finalist in 2023 International Book Awards** Learn how to connect to your own good medicine and discover the powerful energy healing that will bring authentic wellness, health, hope, and joy into your life. Hilary Crowley is the resident energy healer at a general family medical center in Portsmouth, New Hampshire. Working alongside surgeons, physicians, nurses, and holistic practitioners, she uses energy medicine modalities and hands-on techniques to facilitate her clients' healing. In this book, Hilary sheds light on questions surrounding energy medicine by sharing stories from cases including cancer battles, suicide attempts, and chronic pain. She shares how to find healing through the good medicines in your own cabinet: things like connection, grace, forgiveness, creativity, and more. In a healthcare system that has become increasingly focused on specialization and treating specific ailments or organs, the concepts of energy medicine and treating the whole patient are, unfortunately, often lost. Hilary aims to revolutionize the conversation about our body and spirit in the healthcare industry by speaking directly to patients and medical providers. Our bodies have the power to heal, and simply need guidance and awareness to access this vital energy for prevention and recovery. Through practical insights, inspiring stories, and thoughtful questions posed to the reader, this book is more than a guide to energy healing; it offers you the key to unlocking your good medicine cabinet and discovering holistic health and wellbeing.

The Adventure of I Tania Kotsos.2013-05-23 *The Adventure of I* is one of the most complete, logical and practical books written about the power of the human mind, Universal Consciousness, the Laws and Principles of the Universe, and your ability to direct your mind and create the life you desire with the power of your will. This book will take you on a journey to the centre of your reality where you will discover the mighty I within, and in so doing, you will come to understand just what is meant by the greatest maxim of all time, 'Know Thyself'. It is unlike other books on the subject in that it is founded on what is called Top-Down-Living, which is to live life from the higher vantage point of your Real Self. Only by raising your degree of consciousness above the Physical Plane of your physical experience and the Mental Plane of your thoughts, desires and emotions, can you have directive power over them. Trying to change your physical experience at the degree of consciousness of the physical you is akin to manipulating an already printed photograph and expecting the changes to be reflected when you print it out again from the original negative. *The Adventure of I* teaches you how to change the 'original' so as to create lasting change in your life. You will gain an unparalleled understanding of the underlying

mental nature of the Universe and how your mind creates your reality through It. You will discover the masculine and feminine principles of your mind and how they work together for the same purpose that is creation. You will learn precisely why your mind must, by definition, be one and the same with the One Universal Mind of The Absolute in Its entirety, for which nothing is impossible. You will learn about the seven Universal Laws and other Principles that govern everything and everyone in the Universe, and how to use the Higher Laws to master the Lower Laws and transcend the influence of polarity and rhythm in your life. You will learn practical techniques for consciously creating your experience of reality, one desire at a time, under the direction of your will and the knowing of your intuition. You will discover long-lost secrets about the nature of the Universe and your mind's central place within Its Omnipotence, and much more. Ultimately, The Adventure of I will empower you to utter the most profound statement, 'I AM I', with full authority, and in so doing, you will become the master of your destiny.

Subjective Communication Jose Silva, Ed Bernd, Jr.. 2014-03-14 What is Subjective Communication? Subjective Communication is a natural ability that all of the highly successful people on our planet have in common. Subjective Communication is the ability that permits people to know more than their physical senses alone can tell them. Subjective Communication is the one "secret of success" that people have sought to reveal for thousands of years, yet remained hidden because those who had it did not realize that the way they functioned was different from the way the vast majority of people function, and those who didn't have it considered it so unlikely that they doubted its existence. For the fortunate few who, through natural means, developed the ability to use subjective communications to know more than the majority of people, life has been a fabulous success. These people - about ten percent of the population - are the ones we consider "lucky." Though they do no more work than other people, they prosper. Though they are no more persistent than millions of others, they succeed while others fail. Though they are no more intelligent than the masses, we call them geniuses. You can develop this ability. All humans are born with the potential to communicate in more ways than through the physical senses. It is your mind, and your phenomenal imagination, that makes you human. In this book, you will learn why imagination is not only used for

make believe, but is also used as a communications tool. You will learn exactly what human intelligence is, and what mind is, and how these function in another - invisible-to-the-human-eyes - dimension where we exchange vital information that helps improve our relationships, our decision making ability, and our chances for success and happiness in this life. You will have a rare opportunity to look inside the mind of a genius, a natural psychic who has been using this ability for more than sixty years, as this genius is interviewed by a veteran newspaper reporter turned researcher. This insight and understanding will help you develop your own abilities. Never before has there been a book like this one, that strips the mystery away and explains in simple language exactly what this thing called ESP really is and how you can learn to use it like the most successful people in our world do. It is your heritage as a human being. Use it.

But what if you could remove these outdated ideas and start anew? What would your life look like if you could forget the rules of the past, and redefine what happiness, purpose, and success mean for you? You will learn to make a dent in the universe and discover your quest. This framework is based on Lakhiani's personal experiences, the 5 million people he's reached through Mindvalley, and 200 hours of interviews and questions posed to incredible minds, including Elon Musk, Richard Branson, Peter Diamandis, Ken Wilber, Dean Kamen, Arianna Huffington, Michael Beckwith, and other legendary leaders. In a unique fusion of cutting-edge ideas, personal stories, irreverence, and a brilliant teaching style, Lakhiani reveals the 10 powerful laws that form a step-by-step process that you can apply to life to shed years of struggle and elevate yourself to exceptional new heights. The 10 Laws to an Extraordinary Life This book challenges conventional ideas of relationships, goal-setting, mindfulness, happiness, and meaning. In a unique fusion of cutting-edge ideas, personal stories, and humorous irreverence, and not to mention, humor and napkin diagrams, this framework combines computational thinking with personal growth to provide a powerful framework for re-coding yourself--and replacing old, limiting models that hold you back with new, empowering beliefs and behaviors that set you on the path toward an extraordinary life. A life of more happiness and achievement than you might have dared to dream possible. Once you discover the code, you will question your limits and realize that there are none.
