*Sex Positions for Couples* Eva Harmon.2023-01-17 Do you want to spice up your sex life and improve your relationship? Are you tired of the same old positions night after night? Have you always been a little intrigued by the idea of kama sutra? If you answered yes to any of these questions, then you are going to want to continue reading. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is right to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. This book has been brought together to provide information about sex to help couples who are tired of the same old thing every night. Foreplay, that's is the one word most couples dread. For some reason, this is the area where couples end up failing, yet we all know that it is extremely important, especially for women. It helps to place people in the right state of mind and gets things warmed up, so to speak. This isn't the only problem some couples have in their sex life. Sometimes it's simply that things have turned monotonous. This is understandable, especially when you and your partner have been together for a while. It is very easy to stick with the same things because you know what one another likes, or because it is easy. But you both likely feel bored and can easily pass on sex due to the boredom. But things don't have to stay that way, though. You can easily bring the spark back into your life, whether through foreplay or new positions. This book is here to teach you how you can improve your sex life. In this book, you will learn: Why you should bring kama sutra and tantra into your bedroom The best sex positions for men and women The best sex positions to bring the two of you together Sex tips for the beginner Foreplay games to get things heated up How to practice couples massages The best way to start using dirty talk without feeling weird ... And much more. I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Now is the time to make the decision. If you are serious about changing your sex life, scroll up now, and click buy now.

*Classic and current sexual positions Spice up your relationship with favorite sexual positions in wild and erotic ways* .2024-02-07 INTRODUCTION BEING EXCITED AND AROUSED FOR SEX is a wonderful feeling. For the most part, we could say this is half the battle—a requirement, even—but unfortunately, simply wanting sex is not always the be-all and end-all to having great sex. Sometimes, finding creative and fun ways to do it can be a challenge. Sex, like all things, can become monotonous, boring, or lackluster if done often enough in the same way. While not all people get tired of sex, even when they do it a lot, it can be nice to learn a new thing or two. With time our bodies change, and with experience so do our minds. Expanding our sexual repertoire can teach us not only about our partners but also about ourselves. A book on classic sex positions and their variations is not just for those seeking new variety, adventure, and possibilities. This is also a great guide for beginners who don't know where to start, and for those who are curious about learning about sex and their bodies. But you don't have to be a beginner or seeking excitement. There is something for everyone in these pages. Some important things to keep in mind as you explore these varieties of sex positions: ° Not every position is going to be great for everyone. Although there is probably a little something for every sexual being within these pages, it is important to remember that everybody is different. Some poses are harder for certain body types. Some poses will stimulate some and won't do anything for others. If something doesn't seem like it is working for you, don't sweat it. Come back to it at a later time, or move on. ° Most sexual poses are easier if you feel comfortable in your environment and are relaxed. It is a little-known fact that when your muscles are relaxed your body is more open and flexible. Feeling safe with your partner helps and, of course, so does being aroused. And the two typically go hand-in-hand. ° Communicate with your partner. This may seem obvious, but it's surprising how much we tend to hold back during sex. Don't hesitate to get the conversation going around sex. Be generous with your words. Ask your partner how it feels, and let him or her know what is working for you and what isn't. Telling your partner ahead of time what you like, dislike, are willing to do, and would like to explore are great ways to break the ice around sex and start building a sexual repertoire together. Communication can also be in the form of body language or moans and groans, which nonverbally suggest that something feels good. Be sure to pay attention to these. Last but not least, dirty talk is also a form of communication, especially when used during sex, and can take each variation to the next level. ° Remember that sex is not only about penetration. Learn to incorporate your hands, fingers, and mouth—not just

your genitals. When we go into sex with just the genitals in mind, we inevitably ignore other aspects of feeling and touch. By making sex a full-body experience, we foster mind-body connection. The anus, perineum, testicles, breasts, and nipples (for both men and women) are all highly erogenous zones. Don't ignore these areas! ° Sex does not have to be goal-oriented. The positions in this book focus on man-woman positions, so each variation involves an aspect of intercourse. This does not mean that intercourse must take place for the pose to be successful, nor does it mean that orgasm is a requirement either. Attempting the pose alone can provide a lot of fun and excitement. Remember to enjoy the experience and not focus on the goal of orgasm. ° Speaking of orgasm, considering the fact that most of the poses include an element of penis-vaginal penetration, it is important to note that vaginal orgasms are not the norm for a majority of women. While some women do experience the G-spot orgasm, this is not going to be true for every woman. The G-spot is located inside the vagina, on the anterior wall. More common is the clitoral orgasm. The clitoris is found outside of the vagina, near the front of her labia and above the urethra. The vagina does have some sensitive spots, such as the G-spot; however, in terms of nerve endings, relatively speaking, the clitoris is much more sensitive. ° Consider adding sex toys to your sexual repertoire. Including toys allows us to think outside of the box and encourages a healthy sexuality that emphasizes growth and learning. When we add toys, we also remind ourselves that sex is about having fun and experimenting with what feels good. ° I can't speak highly enough about lubrication. Whether or not we are naturally lubricated is not necessarily an indication of whether or not we are emotionally aroused. The two are not mutually exclusive. If both partners agree this is something they want, then lube is your best friend. Having a few good types of lube on hand is a good idea. Water-based lubes are best if using condoms. Organic lubes will have the least irritants. Silicone-based lubes will be the slickest, but may not be great when used with silicone toys. Avoid lubes with parabens and glycerin because they can cause irritation. There are a lot of lubes out there, so experiment to find what works for you and your partner. ° Condoms are always a good idea, unless you are in a long-term monogamous relationship, and/or both parties are sharing sexually transmitted disease (STD) sexually transmitted infection (STI) results. ° Another option for safe sex is mutual masturbation. Whether you are touching yourself and/or touching each other, if no fluids are exchanged you are less likely to contract an STI or HIV. Also, mutual masturbation can be a highly erotic experience, connecting two people in a very intimate way. So, definitely don't count this out. Sex has endless possibilities when you open your mind and let your imagination run wild. So get out there, start exploring, and start growing and learning. Whether you are seeking daring adventures or just trying to learn something new, remember to be safe and have fun!

**Sex Positions** Fanton Publishers.2018-08-06 This book has 30-day sex positions that you can use to spice up your sex life and in extension improve your relationship. Sex plays a very central role in the overall health of a relationship and the emotional well-being of a couple. Did you know that most divorces fall into two main categories: those caused by a lack of money and those caused by a lack of or mediocre sex. As you can see from these facts, sex is one of the main pillars to a long, fulfilling, and lasting relationship. Let us be honest for a moment; unless you have fallen out of love with your significant other, no one intentionally wants a mediocre sex life. This is perhaps because most of us understand the important role sex plays in creating emotional symbiosis between couples as well as creating a physical connection. One main reason why most relationships suffer in the bedroom is a lack of sexual excitement. If you do the same thing repeatedly, it is eventually bound to bore you. The same applies for sex. If you practice the missionary every night, of your 20 years marriage or relationship, your sex life will become a routine and a total bore. As a wise man said, Variety is the spice of life. While the missionary is indeed a great sex position for emotional and physical connection, it can wraith all the excitement out of a relationship. What then can you do to spice up your sex life? A good place to start is experimenting with various sex styles and positions. Today, we shall examine some of the best sex positions guaranteed to bring the zing back into you relationship and make it a very exciting affair. Missionary position is common among partners and is characterized by face-to-face interaction. The standard position of this type is the missionary position where the woman lies back with legs apart. The man lies on top and may use the position for anal or vaginal intercourse. At some point, the woman may dangle her leg on the edge of the platform or lift them towards the ceiling in what is commonly known as the butterfly position. You could practice the same while kneeling. In another variation, the woman may rest the legs on the shoulders of the man. In a coital alignment position, the man points the penis down to make it rub against the clitoris as they make an upward movement. Besides, the woman lies back and raises the legs to the head or put them next to the ears. The man then holds the partner's ankle or instep and lies at the full length of the woman. Most partners prefer this style for it nurtures them emotionally and physically. They can communicate and read body language as they engage in intimacy. Kama Sutra Sex Positions is here to provide you with everything you want to know about the Kama Sutra and so much more! Don't wait any longer!

Neuroloveology Ava Cadell.2014-04-08 NeuroLoveology: The Power to Mindful Love and Sex explores how the brain processes attraction, relationships, conflict and sex. Each chapter will introduce the science and psychology behind the various elements of an adult romantic relationship while also including the tools to enhance that relationship, emotionally and sexually. There have been huge advances in the studies of neuroscience, which have given us an even greater understanding of the complicated ways in which the brain receives, accepts and transmits the millions of stimuli it encounters on a daily basis. One of the most fascinating aspects of these studies is the careful unraveling of the exact magic behind love and attraction. Many people believe that love should remain a mystery and that understanding the how and why will only diminish the extraordinary

feelings of romance. On the contrary, by becoming more fully aware of what the brain is doing, the foundation is set for an even greater romantic life because what used to be stumbling blocks can now be transformed to building blocks. This book will share insight and tips on how to make love and intimacy a priority with mindful exercises that will help readers overcome the daily distractions that prevent an intimate connection.

*The Kama Sutra of Vatsyayana* Mallanaga Vatsyayana.2021-04-15 The Kama Sutra of Vatsyayana by Vatsyayana The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vātsyāyana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. Kāma which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and sūtra literally means a thread or line that holds things together, and more metaphorically refers to an aphorism or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, the Kama Sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life, and other aspects pertaining to pleasure-oriented faculties of human life. The Kama Sutra does reveal that Vatsyayana lived the life of a religious student, likely in Benares, and spent his time engaged in the contemplation of the highest Deity. Scholars believe that the tone Vatsyayana takes towards youth in the Kama Sutra suggests that he likely spent many years studying religion before beginning his life's work compiling the wisdom of the sages. Indeed, Vatsyayana was less of a groundbreaking philosopher and apparently more of a diligent academician. Besides transcribing the Kama Sutra more than 300 years after the Shastras had already been passed down, he also transcribed the Nyaya Sutras, an ancient Indian text of philosophy that was composed by the buddha Gotama in the 2nd century B.C. Whereas the Kama Sutra tackles kama (or sensual pleasures), the Nyaya Sutra delineates paths for achieving moksha, or spiritual liberation from the cycle of birth and death.

*The Missionary Position* Christopher Hitchens.2012-04-24 Among his many books, perhaps none have sparked more outrage than *The Missionary Position*, Christopher Hitchens's meticulous and searing study of the life and deeds of Mother Teresa--and it is now available as a Signal deluxe paperback. A Nobel Peace Prize recipient canonized by the Catholic Church in 2003, Mother Teresa of Calcutta was celebrated by heads of state and adored by millions for her work on behalf of the poor. In his measured critique, Hitchens asks only that Mother Teresa's reputation be judged by her actions--not the other way around. With characteristic elan and rhetorical dexterity, Hitchens eviscerates the fawning cult of Teresa, recasting the Albanian missionary in a light she has never before been seen in.

Missionary position is common among partners and is characterized by face-to-face interaction. The standard position of this type is the missionary position where the woman lies back with legs apart. The man lies on top and may use the position for anal or vaginal intercourse. At some point, the woman may dangle her leg on the edge of the platform or lift them towards the ceiling in what is commonly known as the butterfly position. You could practice the same while kneeling. In another variation, the woman may rest the legs on the shoulders of the man. In a coital alignment position, the man points the penis down to make it rub against the clitoris as they make an upward movement. Besides, the woman lies back and raises the legs to the head or put them next to the ears. The man then holds the partner's ankle or instep and lies at the full length of the woman. Most partners prefer this style for it nurtures them emotionally and physically. They can communicate and read body language as they
