Rural Urban Framework Joshua Bolchover,John Lin.2013-10-24 While most attention is given to the booming mega-cities in China and the associated problems of over-population, the rural areas in China are being largely ignored. Yet, a sustainable development of the rural areas is precisely that, which will be decisive for China's future. Through its rapid development into an industrial country, China now needs to tackle far-reaching problems such as increasing population, growing income gap

between the poor and the rich, rural exodus, decreased agricultural production, and environmental pollution. Rural Urban Framework is a work group at the University of Hong Kong that not only researches the far-reaching changes of the last thirty years in China's rural areas, but has also realized concrete projects aimed at improving supply and infrastructure on site. In this publication, the authors present for the first time the results of their research as well as their built projects in the Chinese backlands, and question whether China's only future model lies in cities.

Madam C.J. Walker A'Lelia Perry Bundles.2008 Madam C.J. Walker, the first woman - black or white - to become a self-made millionaire, started out as a laundress with few prospects. Originally named Sarah Breedlove, she was the first in her formerly enslaved family to be born free. Poor for most of her life, Walker invented a line of hair-care products when she was 37 years old. Eleven years later, she owned and operated her own thriving business, the Madam C. J. Walker Manufacturing Company. She trained thousands of consultants - almost all of them women - who purchased her products for resale to their customers throughout the United States, Central America, and the Caribbean. Through her work, Walker created a legacy of pride and do-it-yourself spirit that still resonates today. Read about this remarkable woman and her legacy in Madam C.J. Walker: Entrepreneur.

He Didn't Have to Be Brad Paisley, Kelley Lovelace. 2001 This gift book for anyone who filled a father's role by choice is a reminder that being a father is far more than just biological, it's a relationship. *He Didn't Have to Be* is a tender salute to a stepfather who becomes a loving dad to a child even though he didn't have to be one. And as the child - now grown and a new father - considers the birth of his own baby, the new father hopes that he is at least half the dad that his stepfather didn't have to be. Written by CMA award winning and Grammy nominated Brad Paisley and songwriter Kelley Lovelace, and including a CD of the popular song, *He Didn't Have to Be* will be a much-given gift this holiday season and again at Father's Day.

Nicolás Guagnini: Theatre of the Self Alaina Claire Feldman, Aimé Iglesias Lukin, David Joselit, Karin Schneider, Dessane Lopez Cassell, Ei Arakawa, Pamela M. Lee, Aura Rosenberg. 2020-10-08 Nicolás Guagnini: *Theatre of the Self* is a hybrid catalogue-reader based on the exhibition of the multi-threaded performances of Buenos Aires-born New York-based Guagnini. Many of these works, spanning from 2005 until 2019, have never been seen before or have not been seen since their original live presentation. Raised in Argentina during the Dirty War and violent military dictatorship, Guagnini moved to New York in the late 1990s and co-founded the film production company Union Gaucha Productions with Karin Schneider in 1997. In 2005 Guagnini became co-founder of Orchard Gallery, an artist cooperative based on the Lower East Side. The work in *Theatre of the Self* is informed in part by autobiography, history, politics and through Guagnini's community itself. Some performances were participatory, some were not. But all were made polyvocally in collaboration with a group of artists with shared interests and concerns around performance and the moving image including Ei Arakawa, Leigh Ledare, Jeff Preiss, Aura Rosenberg, Karin Schneider among others. This publication invites internationally acclaimed art historians, curators and artists to think about the material in Guagnini's work within a unique format. Readers of the publication will be interested in contemporary art, film, political science, performance studies, and Latin American studies.

The Pine Tar Game Filip Bondy. 2015-07-21 An award-winning veteran sportswriter who personally covered the Pine Tar Game looks back and explores one of the wackiest events in baseball history. On July 24, 1983, during the finale of a heated four-game series between the dynastic New York Yankees and small-town Kansas City Royals, umpires nullified a go-ahead home run based on an obscure rule, when Yankees manager Billy Martin pointed out an illegal amount of pine tar—the sticky substance used for a better grip—on Royals third baseman George Brett's bat. Brett wildly charged out of the dugout and chaos ensued. The call temporarily cost the Royals the game, but the decision was eventually overturned, resulting in a resumption of the game several weeks later that created its own hysteria. *The Pine Tar Game* chronicles this watershed moment, marking a pivot in the sport, when benign cheating tactics, like spitballs, Superball bats, and a couple extra inches of tar on an ash bat, gave way to era of soaring salaries, labor struggles, and rampant use of performance-enhancing drugs. Filip Bondy paints a portrait of the Yankees and Royals of that era, featuring two diametrically opposed owners, in George Steinbrenner and Ewing Kauffman; a host of bad actors and phenomenal athletes; and lots of yelling. Players and club officials like Brett, Goose Gossage, Willie Randolph, Ron Guidry, Sparky Lyle, David Cone, and John Schuerholz offer fresh commentary on the events along with their take on a rivalry that culminated in one of the most iconic baseball tantrums of all time. Rush Limbaugh, employed by the Royals at the time as a promotions director, offers his own insider's perspective. Through this one fateful game, the ensuing protest, and ultimate fallout, *The Pine Tar Game* examines a more innocent time in professional sports, as well as the shifting tide that gave us today's modern iteration of baseball.
