Some people perceive hypnotic language as being the most important learning one can learn in this life time. How do you think learning hypnotic language will benefit you? And as you have a think of that realize people need to be educated against the secret

I became a better conversational hypnotist, hypnotherapist, and my influence and persuasion skills saw many breakthroughs. I earned more money applying these patterns to the context of face-to-face selling that I retired early. This book is something that will serve you well. I personally believe anyone, training another, in the ways of hypnosis, should have a solid grasp of these language patterns and how to

effectively use them. It will be invaluable for yourself and your students. I have often wished there had been a book which taught only the Milton Model, and oddly never thought to write the book myself, though I happen to be an international hypnosis trainer, highly skilled in the Milton Model. Searching online one day for some Milton Model resources I became so frustrated I decided right there and then to write the book myself, since nobody else had. Here it is.
