Historischer Rom

Tribune of Rome Robert Fabbri.2014-04-01 One man, born in rural obscurity, destined to become one of Rome's greatest Emperors 26 AD: 16-year-old Vespasian leaves his family farm for Rome, his sights set on finding a patron and following his brother into the army, but he discovers a city in turmoil and an Empire on the brink. The aging emperor Tiberius is in seclusion on Capri, leaving Rome in the iron grip of Sejanus, commander of the Praetorian Guard. Sejanus is ruler of the Empire in all but name, but many fear that isn't enough for him. Sejanus' spies are everywhere—careless words at a dinner party can be as dangerous as a barbarian arrow. Vespasian is totally out of his depth, making dangerous enemies (and even more dangerous friends—like the young Caligula) and soon finds himself ensnared in a conspiracy against Tiberius. With the situation in Rome deteriorating, Vespasian flees the city to take up a position as tribune in an unfashionable legion on the Balkan frontier. Even here, rebellion is in the air and unblooded and inexperienced, Vespasian must lead his men in savage battle with hostile mountain tribes. Vespasian will soon realize that he can't escape Roman politics any more than he can escape his destiny.

Slave Mende Nazer,Damien Lewis.2009-04-28 Mende Nazer lost her childhood at age twelve, when she was sold into slavery. It all began one horrific night in 1993, when Arab raiders swept through

her Nuba village, murdering the adults and rounding up thirty-one children, including Mende. Mende was sold to a wealthy Arab family who lived in Sudan's capital city, Khartoum. So began her dark years of enslavement. Her Arab owners called her Yebit, or black slave. She called them master. She was subjected to appalling physical, sexual, and mental abuse. She slept in a shed and ate the family leftovers like a dog. She had no rights, no freedom, and no life of her own. Normally, Mende's story never would have come to light. But seven years after she was seized and sold into slavery, she was sent to work for another master—a diplomat working in the United Kingdom. In London, she managed to make contact with other Sudanese, who took pity on her. In September 2000, she made a dramatic break for freedom. *Slave* is a story almost beyond belief. It depicts the strength and dignity of the Nuba tribe. It recounts the savage way in which the Nuba and their ancient culture are being destroyed by a secret modern-day trade in slaves. Most of all, it is a remarkable testimony to one young woman's unbreakable spirit and tremendous courage.

Animal Beauty Christiane Nusslein-Volhard. 2019-05-14 An illustrated exploration of colors and patterns in the animal kingdom, what they communicate, and how they function in the social life of animals. Are animals able to appreciate what humans refer to as “beauty”? The term scarcely ever appears nowadays in a scientific description of living things, but we humans may nonetheless find the colors, patterns, and songs of animals to be beautiful in apparently the same way that we see beauty in works of art. In *Animal Beauty*, Nobel Prize-winning biologist Christiane Nüsslein-Volhard describes how the colors and patterns displayed by animals arise, what they communicate, and how they function in the social life of animals. Watercolor drawings illustrate these amazing instances of animal beauty. Darwin addressed the topic of ornament in his 1871 book *The Descent of Man and Selection in Relation to Sex*, and did not hesitate to engage with criteria of beauty, convinced that

animals experienced color and ornament as attractive and agreeable in the same way that we do, and that the role this played in mate choice pointed to a “sexual selection” distinct from natural selection. Nüsslein-Volhard examines key examples of ornament and sexual selection in the animal kingdom and lays the groundwork for biological aesthetics. Noting that color patterns have not been a research priority—perhaps because they appeared to be nonessential luxuries rather than functional necessities—Nüsslein-Volhard looks at recent scientific developments on the topic. In part because of Nüsslein-Volhard's own research on the zebrafish, it is now possible to decipher the molecular genetic mechanisms that lead to production of colors in animal skin and its appendages and control its pattern and distribution.

The Castle of Kings Oliver Pötzsch.2017 P tzsch paints picturesque landscapes, whether it's damp, dark castles, the stink of a medieval tannery, or whirlpool-plagued Rhine River rapids . . . Combine Princess Bride with Germanic history circa 1500, add a dash of Lord of the Rings, and there's a week of good fun. -- Kirkus Reviews In 1524, in what is now Germany, hundreds of thousands of peasants revolted against the harsh treatment of their aristocratic overlords. Agnes is the daughter of one of these overlords, but she is not a typical sixteenth-century girl, refusing to wear dresses and spending more time with her pet falcon than potential suitors. There is only one suitor she is

interested in: Mathis, a childhood friend whom she can never marry due to his low birth status. In the midst of war, Agnes's falcon finds a mysterious ring, and Agnes begins having strange but seemingly meaningful dreams. Dreams that lead her and Mathis to run away from their home in Trifels Castle and into the midst of the tumultuous Peasants' War, cast into an adventure that will lead them to shocking revelations about themselves and the future of the emerging German states. The war scenes are grimly realistic, and the narration gripping . . . The author makes the fantastical elements work by harnessing them to the grim reality of the Peasants' War, setting his far-fetched romance in an utterly convincing world of economic hardship, social strife and religious and political uncertainty. -- Wall Street Journal

She Came from Mariupol Natascha Wodin.2022-04-01 WINNER OF THE 2017 LEIPZIG BOOK FAIR PRIZE—When Natascha Wodin's mother died, Natascha was only ten years old—too young to find out what her mother had experienced during World War II. All the little girl knew was that they were detritus, human debris left over from the war. Years later, Natascha set out on a quest to find out what happened to her mother during that time. Why had they lived in a camp for “displaced persons”? Where did her mother come from? What had she experienced? The one thing she knew is that her parents had to leave Mariupol in Ukraine for Germany as part of the Nazi forced labor program in 1943. Armed with this limited knowledge, Natascha resolved to piece together the puzzle of her family's past. The result is a highly praised, beautiful piece of prose that has drawn comparisons to W. G. Sebald in its approach. Like Sebald, Natascha's aim is to reclaim the stories of those who can no longer speak for themselves. The author is not only in search of her own family's history, but she is also aware that she is charting unmarked territory: accounts of the plight of forced laborers and displaced persons are still a rarity within literature about World War II and its atrocities. Natascha's personal homage to her mother's life story is an important lyrical memorial for the thousands of Eastern Europeans who were forced to leave their homes and work in Germany during the war, and a moving reflection of the plight of displaced peoples throughout the ages. This

is a darkly radiant account of one person's fate, developing momentous emotive power—its subject serves as a proxy for the fate of millions.
