Michigan and the Cleveland Era Earl Babst, Lewis Vander Velde. 2016-10-30 This is a four-year labor of love by a group of alumni of the University of Michigan. It depicts the contribution by the University to the public life of the country at a turning point in our national history. Our country has for more than three hundred years been engaged in developing an educational system, culminating in the colleges and universities, public and private. The success of such a program is properly measured by the degree to which it contributes enlightened leadership to the communities, large and small, which provide its support. The present volume shows how one institution, at one period in American history, provided from among its graduates and faculty members a generous measure of leadership in a variety of important public functions. The collected result provides further evidence that American higher education justifies by its output the effort that has gone into its establishment and continued support.

Twelve Years a Slave Solomon Northup. 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Spanish Fantastic Shelagh Rowan-Legg. 2016-09-06 In recent decades, the Spanish 'fantastic' has been at the forefront of genre filmmaking. Films such as The Day of the Beast, the Rec trilogy, The Orphanage and Timecrimes have received widespread attention and popularity, arguably rescuing Spanish cinema from its semi-invisibility during the creativity-crushing Franco years. By turns daring, evocative, outrageous, and intense, this new cinema has given voice to a generation, both beholden to and yet breaking away from their historical and cultural roots. Beginning in the 1990s, films from directors such as Alex de la Iglesia, Alejandro Amenabar, and Jaume Balaguero reinvigorated Spanish cinema in the horror, science fiction and fantasy veins as their work proliferated and took centre stage at international festivals such as Sitges, Fantasia International Film Festival and Fantastic Fest. Through an examination of key films and filmmakers, Shelagh Rowan-Legg here investigates the rise of this unique new wave of genre films from Spain, and how they have recycled, reshaped and renewed the stunning visual tropes, wild narratives and imaginative other worlds inherent to an increasingly influential cinematic field. Its emergence is part of a new trend of postnational cinema, led by the fantastic, which approaches the national boundaries of cinema with an exciting sense of fluidity.
