Essayism Brian Dillon.2018-09-18 A compelling ode to the essay form and the great essayists themselves, from Montaigne to Woolf to Sontag. Essayism is a book about essays and essayists, a study of melancholy and depression, a love letter to belle-lettrists, and an account of the indispensable lifelines of reading and writing. Brian Dillon's style incorporates diverse features of the essay. By turns agglomerative, associative, digressive, curious, passionate, and dispassionate, his is a branching book of possibilities, seeking consolation and direction from Michel de Montaigne, Virginia Woolf, Roland Barthes, Theodor Adorno, Walter Benjamin, Georges Perec, Elizabeth Hardwick, and Susan Sontag, to name just a few of his influences. Whether he is writing on origins, aphorisms, coherence, vulnerability, anxiety, or a number of other subjects, his command of language, his erudition, and his own personal history serve not so much to illuminate or magnify the subject as to discover it anew through a kaleidoscopic alignment of attention, thought, and feeling, a dazzling and momentary suspension of disparate elements, again and again.

Students connect reading and writing with their real lives through practical examples, model writing samples, and readings that are both engaging and relevant to their lives. To keep students from getting overwhelmed, the book focuses first on the most important concepts in each area, such as the Four Basics of the Reading and Writing Process; Four Basics of each rhetorical strategy; the Four Most Serious Errors in the grammar section; and the academic skills of summary, analysis, and synthesis

Why I Write George Orwell.2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' - Irish Times

Our Only World Wendell Berry.2015-02-01 Stern but compassionate, author Wendell Berry raises broader issues that environmentalists rarely focus on . . . In one sense Berry is the voice of a rural agrarian tradition that stretches from rural Kentucky back to the origins of human civilization. But his insights are universal because *Our Only World* is filled with beautiful, compassionate writing and careful, profound thinking. —Associated Press The planet's environmental problems respect no national boundaries. From soil erosion and population displacement to climate change and failed energy policies, American governing classes are paid by corporations to pretend that debate is the only democratic necessity and that solutions are capable of withstanding endless delay. Late Capitalism goes about its business of finishing off the planet. And we citizens are left with a shell of what was once proudly described as The American Dream. In this collection of eleven essays, Berry confronts head-on the necessity of clear thinking and direct action. Never one to ignore the present challenge, he understands that only clearly stated questions support the understanding their answers require. For more than fifty years we've had no better spokesman and no more eloquent advocate for the planet, for our families, and for the future of our children and ourselves.

Betwixt-and-Between Jenny Bouly.2018-04-03 “Jenny is the future of nonfiction in America. What an absurdly arrogant statement to make. I make it anyway. Watch.” —John D’Agata “Yes, Aristotle, there can be pleasure without ‘complete and unified action with a beginning, middle, and end.’ Jenny Bouly has done it.” —Mary Jo Bang “Jenny Bouly is a deeply weird writer—in the best way.” —Ander Monson Jenny Bouly’s essays are ripe with romance and sensual pleasures, drawing connections between the digression, reflection, imagination, and experience that characterizes falling in love as well as the life of a writer. Literary theory, philosophy, and linguistics rub up against memory, dreamscapes, and fancy, making the practice of writing a metaphor for the illusory nature of experience. *Betwixt and Between* is, in many ways, simply a book about how to live. Jenny Bouly is the author of *The Body: An Essay*, *The Book of Beginnings and Endings: Essays*, not merely because of the unknown that was stalking toward them, and other books. Born in Thailand, she grew up in Texas and holds a PhD in English from the Graduate Center of the City University of New York. She teaches creative writing and literature at Columbia College Chicago.

Beyond the Five-paragraph Essay Kimberly Hill Campbell,Kristi Latimer.2012 Love it or hate it, the five-paragraph essay is perhaps the most frequently taught form of writing in classrooms of yesterday and today. But have you ever actually seen five-paragraph essays outside of school walls? Have you ever found it in business writing, journalism, nonfiction, or any other genres that exist in the real world? Kimberly Hill Campbell and Kristi Latimer reviewed the research on the effectiveness of the form as a teaching tool and discovered that the research does not support the five-paragraph formula. In fact, research shows that the formula restricts creativity, emphasizes structure rather than content, does not improve standardized test scores, inadequately prepares students for college writing, and results in vapid writing. In *Beyond the Five-Paragraph Essay*, Kimberly and Kristi show you how to reclaim the literary essay and create a program that encourages thoughtful writing in response to literature. They provide numerous strategies that stimulate student thinking, value unique insight, and encourage lively, personal writing, including the following: Close reading (which is the basis for writing about literature) Low-stakes writing options that support students' thinking as they read Collaboration in support of discussion, debate, and organizational structures that support writing as exploration A focus on students' writing process as foundational to content development and structure The use of model texts to write in the form of the literature students are reading and analyzing The goal of reading and writing about literature is to push and challenge our students' thinking. We want students to know that their writing can convey something important: a unique view to share, defend, prove, delight, discover, and inspire. If we want our students to be more engaged, skilled writers, we need to move beyond the five-paragraph essay.

The World is a Text: Writing About Visual and Popular Culture Jonathan Silverman,Dean Rader.2018-04-30 Wherever we look today, popular culture greets us with “texts” that make implicit arguments; this book helps students to think and write critically about these texts. *The World Is a Text* teaches critical reading, writing, and argument in the context of pop-culture and visual examples, showing students how to “read” everyday objects and visual texts with basic semiotics. The book shows how texts of all kinds, from a painting to a university building to a pair of sneakers, make complex arguments through their use of signs and symbols, and shows students how to make these arguments in their own essays. This new edition is rich with images, real-world examples, writing and discussion prompts, and examples of academic and student writing. The first part of the book is a rhetoric covering argumentation, research, the writing process, and adapting from high-school to college writing, while the second part explores writing about specific cultural topics. Notes, instruction, and advice about research are woven into the text, with research instruction closely tied to the topic being discussed. New to the updated compact edition are chapters on fashion, sports, and nature and the environment.

Windows on the World Matteo Pericoli.2014-11-13 Fifty of the world’s greatest writers share their views in collaboration with the artist Matteo Pericoli, expanding our own views on place, creativity, and the meaning of home All of us, at some point in our daily lives, have found ourselves

looking out the window. We pause in our work, tune out of a conversation, and turn toward the outside. Our eyes simply gaze, without seeing, at a landscape whose familiarity becomes the customary ground for distraction: the usual rooftops, the familiar trees, a distant crane. The way of life for most of us in the twenty-first century means that we spend most of our time indoors, in an urban environment, and our awareness of the outside world comes via, and thanks to, a framed glass hole in the wall. In *Windows on the World: Fifty Writers, Fifty Views*, architect and artist Matteo Pericoli brilliantly explores this concept alongside fifty of our most beloved writers from across the globe. By pairing drawings of window views with texts that reveal—either physically or metaphorically—what the drawings cannot, *Windows on the World* offers a perceptual journey through the world as seen through the windows of prominent writers: Orhan Pamuk in Istanbul, Daniel Kehlmann in Berlin, Chimamanda Ngozi Adichie in Lagos, John Jeremiah Sullivan in Wilmington, North Carolina, Nadine Gordimer in Johannesburg, Xi Chuan in Beijing. Taken together, the views—geography and perspective, location and voice—resonate with and play off each other. Working from a series of meticulous photographs and other notes from authors' homes and offices, Pericoli creates a pen-and-ink illustration of each window and the view it frames. Many readers know Pericoli's work from his acclaimed series for *The New York Times* and later for *The Paris Review Daily*, which have a devoted following. Now, *Windows on the World* collects from Pericoli's body of work and features fifteen never-before-seen windows in one gorgeously designed volume, as well as a preface from the *Paris Review's* editor Lorin Stein. As we delve into what each writer's view may or may not share with the others', as we look at the map and explore unfamiliar views of cities from around the world, a new kind of map begins to take shape. *Windows on the World* is a profound and eye-opening look inside the worlds of writers, reminding us that the things we see every day are woven into our selves and our imaginations, making us keener and more inquisitive observers of our own worlds.

Writing Essays About Literature Katherine O. Acheson. 2010-12-20 This book gives students an answer to the question, "What does my professor want from this essay?" In lively, direct language, it explains the process of creating "a clearly-written argument, based on evidence, about the meaning, power, or structure of a literary work." Using a single poem by William Carlos Williams as the basis for the process of writing a paper about a piece of literature, it walks students through the processes of reading, brainstorming, researching secondary sources, gathering evidence, and composing and editing the paper. *Writing Essays About Literature* is designed to strengthen argumentation skills and deepen understanding of the relationships between the reader, the author, the text, and critical interpretations. Its lessons about clarity, precision, and the importance of providing evidence will have wide relevance for student writers.

The Half-Known World Robert Boswell. 2011-07-05 A rigorous examination of the workings of fiction by the novelist Robert Boswell, one of America's finest writers (Tom Perrotta) Robert Boswell has been writing, reading, and teaching literature for more than twenty years. In this sparkling collection of essays, he brings this vast experience and a keen critical eye to bear on craft issues facing literary writers. Examples from masters such as Leo Tolstoy, Flannery O'Connor, and Alice Munro illustrate this engaging discussion of what makes great writing. At the same time, Boswell moves readers beyond the classroom, candidly sharing the experiences that have shaped his own writing life. A chance encounter in a hotel bar leads to a fascinating glimpse into his imaginative process. And through the story of a boyhood adventure, Boswell details how important it is for writers to give themselves over to what he calls the half-known world of fiction, where surprise and meaning converge.
