China's Examination Hell Ichisada Miyazaki.1981-01-01 Written by one of the foremost historians of Chinese institutions, this book focuses on China's civil service examination system in its final and most elaborate phase during the Ch'ing dynasty. All aspects of this labyrinthine system are explored: the types of questions, the style and form in which they were to be answered, the problem of cheating, and the psychological and financial burdens of the candidates, the rewards of the successful and the plight of those who failed. Drawing on a wide range of sources, including Chinese novels, short stories, and plays, this thought provoking and entertaining book brings to vivid life the testing structure that supplied China's government bureaucracy for almost fourteen hundred years. Professor Miyazaki's informative work is concerned with a system. . . that was, in effect, . . . the basic institution of Chinese political life, the real pillar which supported the imperial monarchy, the effective vehicle for the aspirations and ambitions of the ruling class. Imperial China without the examination system for the past thousand years and more would have developed in an entirely different way and might not have endured as the continuing form of government over a huge empire.--Pacific Affairs The most comprehensive narrative treatment in any language of [this] enduring achievement of Chinese civilization.--American Historical Review

The New Arthashastra Gurmeet Kanwal.2016-10-10 For a country that has fought five wars and is hemmed in by nuclear-armed states, India surprisingly does not have a formally declared national security strategy. All the major powers of the world publish documents that spell out their national interests, identify their threats -- political, economic, diplomatic or with regard to security -- and draw up policies to deal with them. The absence of a similar doctrine makes India's defence policy look ad hoc and creates the impression that the country is unprepared to realize its global ambitions. The New Arthashastra is a path-breaking attempt to recommend a national security strategy for India. It does the difficult groundwork for India's political leaders and policymakers by bringing the best names -- from within the community as well as from the armed forces and academia -- to the ideating table. This collection of twenty essays covers a wide range of topics: nuclear deterrence, defence spending, the domestic production of weapons, and bracing for the wars of the future that will be fought in space and cyberspace. Most important, it presents a roadmap to address India's chief concerns: Chinese assertiveness and Pakistan's unrelenting proxy war. Informed by the expertise of analysts with inside-out knowledge of their domains, The New Arthashastra offers enduring and practical insights to strategists and lay readers alike.

India Since Independence Bipan Chandra.2008-02-11 A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.

How To Be Successful In Civil Services-How To Become IAS-IPS? Deepak Anand, IAS.2023-07-20 Civil Services are the most prestigious and accountable services in the country. Educated youths have a special attraction towards them. Every youth wants to achieve this position.Out of a population of 140 crores, about 750 civil servants are selected every year, for which lakhs of candidates apply. The attraction and importance of these services can be easily understood from these statistics. Candidates for these services are tested on a three-tier test. The candidate who fulfils these criteria with intense fire in their belly is selected and takes a vow to serve the country with his unique aura. The present book is a guide to preparation for Civil Services. The book tells you how to prepare for these exams, what are the special points that should be kept in mind while studying. Overall, this book eases most of the difficulties of the examinees. The author of the book himself is an IAS and has been a topper in the Civil Services Examination. This book is the essence of his wide and deep experience, which is in front of the readers. A very useful book for competitive exam aspirants and students who have a strong will to succeed in their career.

Essays for Civil Services Khare Pulkit.2018

A Cultural History of Civil Examinations in Late Imperial China Benjamin A. Elman.2000-03-22 In this multidimensional analysis, Benjamin A. Elman uses over a thousand newly available examination records from the Yuan, Ming, and Ch'ing dynasties, 1315-1904, to explore the social, political, and cultural dimensions of the civil examination system, one of the most important institutions in Chinese history. For over five hundred years, the most important positions within the dynastic government were usually filled through these difficult examinations, and every other year some one to two million people from all levels of society attempted them. Covering the late imperial system from its inception to its demise, Elman revises our previous understanding of how the system actually worked, including its political and cultural machinery, the unforeseen consequences when it was unceremoniously scrapped by modernist reformers, and its long-term historical legacy. He argues that the Ming-Ch'ing civil examinations from 1370 to 1904 represented a substantial break with T'ang-Sung dynasty literary examinations from 650 to 1250. Late imperial examinations also made Tao Learning, Neo-Confucian learning, the dynastic orthodoxy in official life and in literati culture. The intersections between elite social life, popular culture, and religion that are also considered reveal the full scope of the examination process throughout the late empire.

Civil Examinations and Meritocracy in Late Imperial China Benjamin A. Elman.2013-11-01 During China's late imperial period (roughly 1400-1900 CE), men gathered by the millions every two or three years outside official examination compounds sprinkled across China. Only one percent of candidates would complete the academic regimen that would earn them a post in the administrative bureaucracy. Civil Examinations assesses the role of education, examination, and China's civil service in fostering the world's first professional class based on demonstrated knowledge and skill. Civil examinations were instituted in China in the seventh century CE, but in the Ming and Qing eras they were at the center of a complex social web that held together the intellectual, political, and economic life of imperial China. Local elites and the court sought to influence how the government regulated the classical curriculum and selected civil officials. As a guarantor of educational merit, examinations tied the dynasty to the privileged gentry and literati classes--both ideologically and institutionally. China eliminated its classical examination system in 1905. But this carefully balanced, constantly contested piece of social engineering, worked out over centuries, was an early harbinger of the meritocratic regime of college boards and other entrance exams that undergirds higher education in much of the world today.

Makers of Modern Asia Ramachandra Guha.2014-08-29 The twenty-first century has been dubbed the Asian Century. Highlighting diverse thinker-politicians rather than billionaire businessmen, Makers of Modern Asia presents eleven leaders who theorized and organized anticolonial movements, strategized and directed military campaigns, and designed and implemented political systems.

The Insider's View Javid Chowdhury.2012-09-15 In this illuminating memoir Javid Chowdhury shares his varied experiences over four decades in the IAS: the years in training when he imbibed the service's ethos and values; his initiation into the rural universe as the District Development Officer and the District Magistrate; and further on, to his handling of the infamous Bank Securities and Jain Hawala scams as Director of Enforcement and Union Revenue Secretary. With a light pen, Chowdhury describes the changing social profile and attitudes of entrants to the higher civil services; the nepotism, in many garbs, that he encountered as Establishment Officer; and the stranger-than-fiction tortuous investigations of crimes. He also offers his nuanced reflections on the dubious legacy Gujarat acquired as a result of the communal carnage in 2002. Chowdhury further examines how policymaking within government came to be whittled away under the neo-liberal theology, with key scrutiny being left to external expert think tanks and ad hoc groups. As a consequence, he perceives that public accountability came to be inordinately diffused, resulting in the roller-coaster governance that we witness today. Sharp and insightful, replete with telling anecdotes and amusing sketches of icons, colleagues and ministers, *The Insider's View* is a compelling portrait of the author, a self-confessed welfare socialist, besides being an X-ray of the innards of the bureaucracy.

Public Administration : For Civil Services Main Examination by Pearson Anupama Puri Mahajan. Public Administration is an integral part of Civil Services. India After Gandhi: The History of the World's Largest Democracy Ramachandra Guha.2017-07-13 Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

Certificate Physical and Human Geography Goh Cheng Leong.1995-10-27 This book also has information on the earth crust and the various natural forces present in our world.

Getting India Back on Track Ashley J. Tellis, Bibek Debroy, Reece Trevor. 2014-06-09 India has fallen far and fast from the runaway growth rates it enjoyed in the first decade of the twenty-first century. In order to reverse this trend, New Delhi must seriously reflect on its policy choices across a wide range of issue areas. *Getting India Back on Track* broadly coincides with the 2014 Indian elections to spur a public debate about the program that the next government should pursue in order to return the country to a path of high growth. It convenes some of India's most accomplished analysts to recommend policies in every major sector of the Indian economy. Taken together, these seventeen focused and concise memoranda offer policymakers and the general public alike a clear blueprint for India's future. Contents Foreword Ratan N. Tata (Chairman, Tata Trusts) Introduction Ashley J. Tellis and Reece Trevor (Carnegie Endowment for International Peace) 1. Find Books Suggested For Civil Services Exams

If you are looking for Indie books, Bibliotastic provides you just that for free. This platform is for Indie authors and they publish modern books. Though they are not so known publicly, the books range from romance, historical or mystery to science fiction that can be of your interest. The books are available to read online for free, however, you need to create an account with Bibliotastic in order to download a book. The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible. However, Scribd is not free. It does offer a 30-day free trial, but after the trial you'll have to pay \$8.99 per month to maintain a membership that grants you access to the sites entire database of books, audiobooks, and magazines. Still not a terrible deal! All of the free books at ManyBooks are downloadable — some directly from the ManyBooks site, some from other websites (such as Amazon). When you register for the site you're asked to choose your favorite format for books, however, you're not limited to the format you choose. When you find a book you want to read, you can select the format you prefer to download from a drop down menu of dozens of different file formats. To stay up to date with new releases, Kindle Books, and Tips has a free email subscription service you can use as well as an RSS feed and social media accounts. Another site that isn't strictly for free books, Slideshare does offer a large amount of free content for you to read. It is an online forum where anyone can upload a digital presentation on any subject. Millions of people utilize SlideShare for research, sharing ideas, and learning about new technologies. SlideShare supports documents and PDF files, and all these are available for free download (after free registration). For other formatting issues, we've covered everything you need to convert ebooks. How can human service professionals promote change? ... The cases in this book are inspired by real situations and are designed to encourage the reader to get low cost and fast access of books. Updated every hour with fresh content, Centsless Books provides over 30 genres of free Kindle books to choose from, and the website couldn't be easier to use. OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.
