Ants Among Elephants Sujatha Gidla.2017-07-18 Like one in six people in India, Sujatha Gidla was born an untouchable. While most untouchables are illiterate, her family was educated by Canadian missionaries in the 1930s, making it possible for Gidla to attend elite schools and move to America at the age of twenty-six. It was only then that she saw how extraordinary -- and yet how typical -- her family history truly was. Her mother and uncles were born in the last days of British colonial rule. They grew up in a world marked by poverty and injustice, but also full of possibility. The Independence movement promised freedom. Yet for untouchables and other poor people, little changed. In rich, novelistic prose, *Ants Among Elephants* tells Gidla's extraordinary family story detailing her uncle's emergence as a poet and revolutionary and her mother's struggle for emancipation through education.

The Demon Hunter of Chottanikkara S. V. Sujatha.2017 Deep within the peaceful land of Kerala lies a small village called Chottanikkara that is infested with horrifying demons-towering brahmarakshasas, former priests who have become demons after committing abominable sins; kollivaipai, devils that have torches of fire in place of mouths; mohini pisaacha, who seduce men by taking the form of beautiful women, and suck the breath out of their victims; vethaalam who cling to the backs of those they prey on, making them hunch over in agony; jalpisaacha, who lurk in old, disused wells waiting for unsuspecting humans to dive into the water so they may possess them; pretha, who are covered in hyena-like fur, and specialize in feasting on the bodies of half-burnt corpses in cremation grounds, and many others more. All these demons crave the sweet blood of humans and their herds of cattle, goats and chickens. The only defence the terrified villagers have against these monsters is Devi, a demon hunter skilled in all the arts of war and exorcism. Every time the demons creep out of their accursed haunts, she and her faithful companion, an enormous lion called Ugra, hunt them and slay them ruthlessly. Until now. For a creature out of her worst nightmares is spreading terror throughout Chottanikkara, a monster so evil and powerful that it is immune to every weapon and magic art that Devi possesses. For the first time in her life, as she prepares for her final showdown with the demon, Devi is wracked with fear, and indecision, for this one battle she knows she might lose... Part supernatural thriller, and part horror story, *The Demon Hunter of Chottanikkara* announces the arrival of a ferociously gifted storyteller

Eating With History Tanya Abraham.2020 *Eating With History: Ancient Trade-Influenced Cuisines of Kerala* is an invaluable compendium of a culinary tradition and variety of food recipes that evolved out of Kerala's kitchens. The food trail is extensive and as varied as it can get. The proximity to the sea and the natural beauty and resources of the state—especially the fragrant spices which grew in abundance—attracted inhabitants of foreign soils and inspired them to initiate overseas trade along what was later known as the Spice Route. In a state with fish, other sea food and vegetables dominating people's food habits, the various kinds of meats, foreign cooking techniques and exotic flavours were carried to life from foreign trade influences and became significant foods. There are numerous recipes in each foreign-influenced community in Kerala, well represented in this book, in meticulous detail. These recipes were cherished by the families and handed down generations via cross-cultural interactions within Jews of the Paradesi and Malabari sects, Syrian Christians, Muslims, Anglo-Indians, Latin Catholics and others who mingled with and evolved from the local populace. The book provides a well-researched and rich cultural history of foreign food culture, tracing how the new elements adapted to local food traditions and evolved as a parallel line of foods, creating new textures, flavours and tastes.

And did I tell you my family is a bit, well, traditional? Anyway, leave that. Zara and I broke up four years ago. She moved on in life. I didn't. I drank every night to forget her. I called, messaged, and stalked her on social media. She just ignored me. However, that night, on the eve of her birthday, Zara messaged me. She called me over, like old times, to her hostel room 105. I shouldn't have gone, but I did... and my life changed forever. This is not a love story. It is an unlove story. From the author of *Five Point Someone* and *2 States*, comes a fast-paced, funny and unputdownable thriller about obsessive love and finding purpose in life against the backdrop of contemporary India.

India After Gandhi: The History of the World's Largest Democracy Ramachandra Guha.2017-07-13 Ramachandra Guha's *India after Gandhi* is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

The Train That Had Wings M. Mukundan.2020-09-03 *The Train That Had Wings* presents modern life in Kerala in terms of a shared but tragically compromised humanity. Mukundan dares to look beneath the routines and facades of everyday life in order to probe depth of sin, greed, and hypocrisy but also to rediscover what brings joy and hope. Sixteen short story translations and a critical introduction, offering examples of Mukundan's realistic, existentialist, psychedelic, and parabolic stories, show his range and talent for the very short story. If Hawthorne wrote "twice told tales," Mukundan writes half-told tales, stories that jump in the middle, stomp around for just a minute, and leap away almost before the reader can settle in. Half-told, but a powerful and infectious half.

The Christians of Kerala Susan Viswanathan.1993 This elegantly written book explores the practice of Christianity among the Yakoba in the small region of Kerala. Susan Viswanathan uses the categories of time, space, architecture, and the body as a means of identifying the ways in which Hindu, Christian, and Syrian strands have been woven together to form a rich cultural tapestry in the region. The Yakoba, on which this study is based, are divided into two distinct groups--the Orthodox Syrians and the Jacobite Syrians. Viswanathan relates their on-going quarrel over ecclesiastical jurisdiction and the ways in which this quarrel affects Syrian Christian life and experience as a whole. She argues that people's interpretations of Christianity are a very powerful mode of cultural expression and societal flexibility.

Cyberpragmatics Francisco Yus.2011-08-22 *Cyberpragmatics* is an analysis of Internet-mediated communication from the perspective of cognitive pragmatics. It addresses a whole range of interactions that can be found on the Net: the web page, chat rooms, instant messaging, social networking sites, 3D virtual worlds, blogs, videoconference, e-mail, Twitter, etc. Of special interest is the role of intentions and the quality of interpretations when these Internet-mediated interactions take place, which is often affected by the textual properties of the medium. The book also analyses the pragmatic implications of transferring offline discourses (e.g. printed paper, advertisements) to the screen-framed space of the Net. And although the

main framework is cognitive pragmatics, the book also draws from other theories and models in order to build up a better picture of what really happens when people communicate on the Net. This book will interest analysts doing research on computer-mediated communication, university students and researchers undergoing post-graduate courses or writing a PhD thesis. Golf and Life Major General Anil Sengar.2022-01-31 "There are two ways to win a golf tournament. The golfing way or the Taliban way, i.e. either shoot the lowest score or shoot the rest of the field dead. The second is easier, but that is not a choice for you and me. In life, you always have the power to choose which ball to play, and that makes all the difference."Both golf and life must be productive and fun. This book is all about 'How does one do it?'. After four decades on the golf course and six of life, I could describe both as a combination of great, good, bad and ugly. I believe it would be no different for most. I realise, while that won't change too much, they can be fun, no matter what. It's all up to you. When you miss a three-foot putt or misjudge a chip, you tell yourself, "Oh shit, I should have done that rather than this." And, when you play the same shot well the second time, you say, "Any fool can do it the second time." Alas, we get just one chance to live. A lot of people do not get it right and wish they had lived differently. This book shares in a lighter vein, things that would make your golf and life more fun and more purposeful. Golf is not a hole in one place and life is not a sprint; both are full of intangibles. Neither is the fairway a level playing surface nor is life. Yet, some excel more often than others. Of those, some seem to enjoy the grind and some do not. And, that is not about talent alone. This book derives life's lessons from golf. It covers varied aspects covered in five Parts and 19 Holes. It also includes brief, life-changing aspects of self-development and leadership, subjects on which I have written five books that continue to transform lives. While Part IV is on leadership, Part V deals with Kay El's resolution to make a difference in society for the better, Ekla Chalo re. Paradoxically, this book is both hilarious and serious at the same time. Like the greens, the business end is serious, but the walk through the fairways is fun and energising. It guarantees a chuckle and helps you become a smarter and a happier version of yourself. You have just one life, make sure it is fun, no matter what.

The Rat Eater Anand Ranganathan, Chitra Subramaniam.2019-11-18 'I was born on a bloody road. The blood was my mother's. My sisters couldn't find a midwife in time. There was no way my mother could get relief from the upper-caste well, and so they tell me, that my sisters ran to some puddles to fill their little mouths up and then ran back to where my mother was almost dying of pain and then spat out some water on her face and the rest down below on mine. That is how I came into this world.' Someone is disposing of politicians one by one. And the murderer has borrowed from the genius of Agatha Christie. of Cambridge, *The Rat Eater* is a book whose uninhibitedness may offend purists as it lays bare a few uncomfortable truths about India—a country entangled in a web of caste, corruption and cover-ups. The privileged flourish at the cost of the oppressed. The price has to be paid, and someone has decided that it needs to be paid in blood.
