The Mexican Empire of Iturbide Timothy E. Anna.1990 Anna tells the story of the rise and fall of Mexico's 'Liberator' from September 1821 to March 1823. He highlights Iturbide's contributions to Mexican independence, his crowning as emperor, his historic struggle with Congress, and the role that regionalism played in his downfall. The strong point of the book is Anna's debunking of William Spence Robertson's Iturbide of Mexico and other biographies. - R. Acuña, Choice

After Spanish Rule Mark Thurner,Andrés Guerrero.2003-11-17 Insisting on the critical value of Latin American histories for recasting theories of postcolonialism, *After Spanish Rule* is the first collection of essays by Latin Americanist historians and anthropologists to engage postcolonial debates from the perspective of the Americas. These essays extend and revise the insights of postcolonial studies in diverse Latin American contexts, ranging from the narratives of eighteenth-century travelers and clerics in the region to the status of indigenous intellectuals in present-day Colombia. The editors argue that the construction of an array of singular histories at the intersection of particular colonialisms and nationalisms must become the critical project of postcolonial history-writing. Challenging the universalizing tendencies of postcolonial theory as it has developed in the Anglophone academy, the contributors are attentive to the crucial ways in which the histories of Latin American countries—with their creole elites, hybrid middle classes, subordinated ethnic groups, and complicated historical relationships with Spain and the United States—differ from those of other former colonies in the southern hemisphere. Yet, while acknowledging such differences, the volume suggests a host of provocative, critical connections to colonial and postcolonial histories around the world. Cultural Organizations, Networks and Mediators in Contemporary Ibero-America Diana Roig-Sanz,Jaume Subirana.2020-01-03 This book proposes an innovative conceptual framework to explore cultural organizations at a multilateral level and cultural mediators as key figures in cultural and institutionalization processes. Specifically, it analyzes the role of Ibero-American mediators in the institutionalization of Hispanic and Lusophone cultures in the first half of the 20th century by means of two institutional networks: PEN (the non-governmental writer's association) and the International Institute of Intellectual Cooperation (predecessor to UNESCO). Attempting to combine cultural and global history, sociology, and literary studies, the book uses an analytical focus on intercultural networks and cultural transfer to investigate the multiple activities and roles that these mediators and cultural organizations set in motion. Literature has traditionally studied major figures and important centers of cultural production, but other regions and localities also played a crucial role in the development of intellectual cooperation. This book reappraises the place of Ibero-America in international cultural relations and retrieves the lost history of key secondary actors. The book will appeal to scholars from international relations, global and cultural history, sociology, postcolonial Studies, world and comparative literature, and New Hispanisms. Barbarous Mexico John Kenneth Turner.1910 I found Mexico to be a land where the people are poor because they have no rights, where peonage is the rule for the great mass, and where actual chattel slavery obtains for hundreds of thousands. — John Kenneth Turner, *Barbarous Mexico* In

Barbarous Mexico (1911), John Kenneth Turner describes the corruption and brutal labor system he observed during three years of involvement in a revolutionary movement which led to the overthrow of Mexico's ruler Porfirio Diaz in 1910. The book is organized around three themes: the slave life of the plantations, the elitism of the Diaz government, and the role of foreign governments in supporting the oppression of the Mexican people.

Writing Across Cultures Angel Rama. 2012-05-29 Ángel Rama was one of twentieth-century Latin America's most distinguished men of letters. Writing across Cultures is his comprehensive analysis of the varied sources of Latin American literature. Originally published in 1982, the book links Rama's work on Spanish American modernism with his arguments about the innovative nature of regionalist literature, and it foregrounds his thinking about the close relationship between literary movements, such as modernism or regionalism, and global trends in social and economic development. In Writing across Cultures, Rama extends the Cuban anthropologist Fernando Ortiz's theory of transculturation far beyond Cuba, bringing it to bear on regional cultures across Latin America, where new cultural arrangements have been forming among indigenous, African, and European societies for the better part of five centuries. Rama applies this concept to the work of the Peruvian novelist, poet, and anthropologist José María Arguedas, whose writing drew on both Spanish and Quechua, Peru's two major languages and, by extension, cultures. Rama considered Arguedas's novel *Los ríos profundos* (Deep Rivers) to be the most accomplished example of narrative transculturation in Latin America. Writing across Cultures is the second of Rama's books to be translated into English.

The Man in the Wall James Laughlin. 1993 James Laughlin has been called the American Catullus. Like that most Greek of ancient Latin poets, he elevated his everyday subjects with wit and clarity of language. Love and hate, death and aging, politics, literature, travel, the horrors of war-- Laughlin's muse spoke of all these things with a fresh directness that make his poems both timeless and contemporary. The founder of New Directions, Laughlin's efforts as publisher and poet had been to prolong and extend the old poetic traditions. Poetry for him was, in Gertrude Stein's phrase, a continuous present in all times and cultures. Laughlin developed his distinctive tight metrics with the advice of William Carlos Williams. A longer, comical line is found in the recent poems of Laughlin's cheeky doppelganger, Hiram Handspring.

Encyclopedia of the African Diaspora Carole Boyce Davies. 2008 Encyclopedia of the African Diaspora spans global history, tracing the movements that created the African Diaspora and the ways that African peoples have recreated themselves all over the world. Emphasizing the recurring themes of dispersal, re-creation, and transformation, the encyclopedia offers vivid coverage of Diaspora communities, locations, peoples, culture and the arts, historical events, organizations, and theories and concepts developed by the scholars who have made this field of inquiry so rich and evocative.--pub. desc.

Between Silver and Guano Paul Eliot Gootenberg. 2014-07-14 This study of Peru's transformation from a tottering colonial economy based on extraction of precious bullion to a massive exporter of bulk goods like guano shows how a struggle between protectionists and free traders shaped the state. This is an elegant and sophisticated book that can be read on many levels, written by an author who never takes the facile road. [Its] significance is great--not just for Peruvian history but for theoretical questions relating to dependency and economic history in nineteenth-century Latin America... Gootenberg has added a major new element to the dependency debate, one that is more intellectually satisfying than the sterile old

argument about good guys and bad guys.--Timothy E. Anna, *The Hispanic American Historical Review* [One] of the best books in recent years on Peruvian history, and a valuable contribution to nineteenth-century commercial and financial studies.--Michael J. Gonzales, *Journal of Economic History* Fascinating reading. Gootenberg has taken the why of Latin American underdevelopment a step forward by unraveling complexities of the actual historical-economic forces... [This book] is perhaps the most thorough examination of exactly how those internal class and productive forces contributed to Peru's under-development.--Choice Originally published in 1989. Nature, Empire, and Nation Jorge Cañizares-Esguerra.2006 This collection of essays explores two traditions of interpreting and manipulating nature in the early-modern and nineteenth-century Iberian world: one instrumental and imperial, the other patriotic and national. Imperial representations laid the ground for the epistemological transformations of the so-called Scientific Revolutions. The patriotic narratives lie at the core of the first modern representations of the racialized body, Humboldtian theories of biodistribution, and views of the landscape as a historical text representing different layers of historical memory.

From Two Republics to One Divided Mark Thurner.1997 Working within an innovative and panoramic historical and linguistic framework, Thurner examines the paradoxes of a resurgent Andean peasant republicanism during the mid-1800s and provides a critical revision of the meaning of republican Peru's bloodiest peasant insurgency, the Atusparia Uprising of 1885.

Las Obras en Verso Del Príncipe de Esquilache Javier Jiménez Belmonte.2007 Este volumen ofrece el primer estudio monográfico sobre uno de los poetas más citados y peor conocidos del barroco español: Francisco de Borja, príncipe de Esquilache. Sus Obras en verso, publicadas por primera vez en 1648, constituyen uno de los proyectos laureados más elaborados y conscientes de la primera mitad del XVII. No sólo se trata de uno de los pocos cancioneros barrocos españoles curados y editados por su propio autor, sino también del primer volumen de poesías dado a la imprenta por un miembro de la alta aristocracia castellana. En él, y desde la distancia de los años y la poesía, el príncipe de Esquilache recrea e instrumentaliza su estrecha relación con dos miembros de la república barroca de las letras [desde Lope de Vega a los Argensola o los condes de Lemos], individualiza su posición con respecto a la política gongorina, a la vez que justifica sus años de servicio político a la corona o su derecho legítimo al título de Grande.Desde una perspectiva socioliteraria, este estudio propone la recuperación de las Obras de Esquilache como pieza clave para la comprensión del papel del amateurismo aristocrático en la formación del campo literario barroco español. Anteparadise, A Bilingual Edition Raul Zurita.1986-08-08 Here is a major work by a Chilean poet thought by many to be the most brilliant and important new voice in the Spanish language. In its first American edition, this poetry is presented in Spanish and English, so that readers of both

languages may listed to Zurita's voice. Anteparadise can be read as a creative response, an act of resistance by a young artist to the violence and suffering during and after the 1973 coup that toppled the democratically elected Allende government. Zurita thus follows the example of several Latin American poets such as the Peruvian César Vallejo and Chilean Nobel laureate Pablo Neruda, sharing their passion and urgency, but his voice is unique.

Architecture and Health Dina Battisto, Jacob J. Wilhelm. 2019-10-17 Architecture and Health recognizes the built environment and health as inextricable encouraging a new mind-set for the profession. Over 40 international award-winning projects are included to explore innovative design principles linked to health outcomes. The book is organized into three interdependent health domains—individual, community, and global—in which each case study proposes context-specific architectural responses. Case studies include children's hospitals, rehabilitation facilities, elderly housing, mental health facilities, cancer support centers, clinics, healthy communities, healthcare campuses, wellness centers, healing gardens, commercial offices, infrastructure for developing countries, sustainable design, and more. Representing the United States, Africa, Asia, Europe, and Australia, each author brings a new perspective to health and its related architectural response. This book brings a timely focus to a subject matter commonly constricted by normative building practices and transforms the dialogue into one of creativity and innovation. With over 200 color images, this book is an essential read for architects, designers, and students to explore and analyze designed environments that promote health and well-being.

Linguistics and Psychoanalysis Michel Arrivé. 1992 between linguistic and psychoanalytic concepts necessarily arises. Until now this question has been examined mainly by psychoanalysts, from their own perspective, but here it is investigated by a linguist, who systematically explores two domains. The first is related to the sign and symbol, where the meeting of Freud, Saussure and Hjelmselv occurred; whereas in the second, that of the signifier, Saussure reappears escorted by Lacan. But Freud is not far away, since the.

Feminism, Femininity and Popular Culture Joanne Hollows. 2000-04-22 In this accessible introductory guide, the author identifies key feminist approaches to popular culture from the 1960s to the present and demonstrates how the relationship between feminism, femininity and popular culture has often been a troubled one. The book introduces the central ideas of both second-wave feminism and feminist cultural studies and demonstrates how they inform feminist debates about a range of popular forms and practices through a series of case studies: the woman's film; romantic fiction; soap opera; consumption and material culture; fashion and beauty practices; and youth culture and popular music.

Tierra Del Fuego Sylvia Iparraguirre. 2000 This novel explores Captain Robert Fitzroy's abduction of Jemmy Button from his home in Cape Horn and Fitzroy's attempt to civilize Button in England in order to return him to his country as a bearer of enlightened society. The experiment leads to tragic consequences. Tierra del Fuego deals with European arrogance and exploitation without resorting to the cliché of the Noble Savage..

The Andes Imagined Jorge Coronado. 2009-05 In *The Andes Imagined*, Jorge Coronado not only examines but also recasts the indigenismo movement of the early 1900s. Coronado departs from the common critical conception of indigenismo as rooted in novels and short stories, and instead analyzes an expansive range of work in poetry, essays, letters, newspaper writing, and photography. He uses this evidence to show how the movement's artists and intellectuals mobilize the figure of the Indian to address larger questions about becoming modern, and he focuses on the

contradictions at the heart of indigenismo as a cultural, social, and political movement. By breaking down these different perspectives, Coronado reveals an underlying current in which intellectuals and artists frequently deployed their indigenous subject in order to imagine new forms of political inclusion. He suggests that these deployments rendered particular variants of modernity and make indigenismo's representational practices a privileged site for the examination of the region's cultural negotiation of modernization. His analysis reveals a paradox whereby the un-modern indio becomes the symbol for the modern itself. *The Andes Imagined* offers an original and broadly based engagement with indigenismo and its intellectual contributions, both in relation to early twentieth-century Andean thought and to larger questions of theorizing modernity.

International Handbook of Educational Change Andy Hargreaves, A. Lieberman, M. Fullan, D.W. Hopkins. 1998-05-31 *The International Handbook of Educational Change* is a state of the art collection of the most important ideas and evidence of educational change. The book brings together some of the most influential thinkers and writers on educational change. It deals with issues like educational innovation, reform, restructuring, culture-building, inspection, school-review, and change management. It asks why some people resist change and what their resistance means. It looks at how men and women, older teachers and younger teachers, experience change differently. It looks at the positive aspects of change but does not hesitate to raise uncomfortable questions about many aspects of educational change either. It looks critically and controversially at the social, economic, cultural and political forces that are driving educational change. School leaders, system administration, teacher leaders, consultants, facilitators, educational researchers, staff developers and change agents of all kinds will find this book an indispensable resource for guiding them to both classic and cutting-edge understandings of educational change, no other work provides as comprehensive coverage of the field of educational change.

A New Philosophy of History Frank Ankersmit, Hans Kellner. 2013-06-01 What is history? From Thucydides to Toynbee historians and nonhistorians alike have wondered how to answer this question. *A New Philosophy of History* reflects on developments over the last two decades in historical writing, not least the renewed interest in the status of narrative itself and the presence of the authorial voice. Subjects include the problems of Grand Narrative, multiple voices and the personal presence of the historian in his text, the ambitions of the French Annales school and the so-called Grand Chronicler, and the relevance of non-literary models—museum presentations and picturings—regarding historical discourse. The range of approaches found in *A New Philosophy of History* ensures that this book will establish itself as required reading not only for historians, but for everyone interested in literary theory, philosophy, or cultural studies. This volume presents essays by Hans Kellner, Nancy F. Partner, Richard T. Vann, Arthur C. Danto, Linda Orr, Philippe Carrard, Ann Rigney, Allan Megill, Robert Berkhofer, Stephen Bann, and Frank Ankersmit.

Teacher's Dead Benjamin Zephaniah.2011-07-04 A teacher is dead, murdered by two of his students in front of the school. He was a good man. People liked him. So how could this happen? Why? It just doesn't make sense to Jackson, and he is determined to investigate the case until he understands. Benjamin Zephaniah has, once again, chosen a topical and hard-hitting subject - and he deals with it in his own uniquely empathetic and edgy way.

Juridical Humanity Samera Esmeir.2012-06-20 In colonial Egypt, the state introduced legal reforms that claimed to liberate Egyptians from the inhumanity of pre-colonial rule and elevate them to the status of human beings. These legal reforms intersected with a new historical consciousness that distinguished freedom from force and the human from the pre-human, endowing modern law with the power to accomplish but never truly secure this transition. Samera Esmeir offers a historical and theoretical account of the colonizing operations of modern law in Egypt. Investigating the law, both on the books and in practice, she underscores the centrality of the human to Egyptian legal and colonial history and argues that the production of juridical humanity was a constitutive force of colonial rule and subjugation. This original contribution queries long-held assumptions about the entanglement of law, humanity, violence, and nature, and thereby develops a new reading of the history of colonialism.

Thoughts and Sentiments on the Evil of Slavery Quobna Ottobah Cugoano.1999-02-01 A freed slave's daring assertion of the evils of slavery Born in present-day Ghana, Quobna Ottobah Cugoano was kidnapped at the age of thirteen and sold into slavery by his fellow Africans in 1770; he worked in the brutal plantation chain gangs of the West Indies before being freed in England. His *Thoughts and Sentiments on the Evil of Slavery* is the most direct criticism of slavery by a writer of African descent. Cugoano refutes pro-slavery arguments of the day, including slavery's supposed divine sanction; the belief that Africans gladly sold their own families into slavery; that Africans were especially suited to its rigors; and that West Indian slaves led better lives than European serfs. Exploiting his dual identity as both an African and a British citizen, Cugoano daringly asserted that all those under slavery's yoke had a moral obligation to rebel, while at the same time he appealed to white England's better self.
