The site offers more than 1,000 free e-books, it's easy to navigate and best of all, you don't have to register to download them. If you're looking for some fun fiction to enjoy on an Android device, Google's bookshop is worth a look, but Play Books feel like something of an afterthought compared to the well developed Play Music. All the books are listed down a single page with thumbnails of the cover image and direct links to Amazon. If you'd rather not check Centsless Books' website for updates, you can follow them on Twitter and subscribe to email updates. The site itself is available in English, German, French, Italian, and Portuguese, and the catalog includes books in all languages. There's a heavy bias towards English-language works and translations, but the same is true of all the ebook download sites we've looked at here. eBooks Habit promises to feed your free eBooks addiction with multiple posts every day that summarizes the free kindle books available. The free Kindle book listings include a full description of the book as well as a photo of the cover.
