Play Guitar Michael Langer, Ferdinand Neges (glasbenik.).2004 Part 2 of Play Guitar requires only a little knowledge of musical basics at the start and can be used parallel with Part 1 after only a short time. Contained here are newly arranged and composed materials in a wide variety of styles. Also included are many advanced playing techniques, such as slurring, position playing, barre, harmonics and pizzicato; all are explained in numerous illustrations. There is also a complementary chapter on guitar percussion, expanded song accompaniment, rhythms, technical exercises, rasgueado, damping and an overview of chords. All pieces have been recorded live on the companion CD.

Learn Blues Accordion DAVID DIGIUSEPPE.2016-10-11 Learn Blues Accordion is a unique method book that includes 34 blues compositions and numerous exercises that will help you master the blues. The exercises increase in difficulty and introduce concepts and techniques that specifically target both hands. Explore blues scales, chord progressions and learn common blues techniques such as grace notes, slides, pedal points, double stops and tremolos. Left hand accompanying rhythmic styles are taught and used throughout the material, including boogie-woogie, the blues shuffle, New Orleans and walking bass lines. This book also features exercises on comping chords in common blues keys using various rhythmic patterns. Accompanying audio is recorded in stereo format, separating the left and right hands. The recordings are available online with included access

The Mighty Accordion: David DiGiuseppe.2010-12-29 The Mighty Accordion is a truly unique and much-needed guide to playing the bass side of the accordion. A comprehensive collection of progressive exercises guide the student in learning and mastering bass/chord patterns. For the beginner, the first few chapters assume little or no knowledge of the instrument and teach how to play simple accompaniment patterns. For the intermediate player, numerous exercises using the major, minor, seventh and diminished chords are included to develop skill in executing various bass/chord accompaniment patterns. For the advanced player, latter chapters present exercises on chord combinations needed to play sixth, minor seventh, major seventh, ninth and other advanced chords. Throughout the book, explanations are offered on the workings of the instrument and relevant music theory. Play along with a 2-CD companion set featuring many of the book's exercises played at both a slow and moderate tempo. A much-needed and complete guide to playing the bass side of the accordion. A comprehensive collection of progressive exercises for learning bass/chord patterns on the accordion. Beginner students learn simple accompaniment patterns and use of the major, minor and seventh chords. Advanced students learn how to play sixth, minor and major sevenths and ninth chords, and other advanced techniques. Companion CDs feature many of the book's exercises
