Profit First Mike Michalowicz.2017-02-21 Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Make a Six Figure Income Doing Hair Alan Daniels.2012-10-01 If you are a hairdresser who is currently in or entering the hair industry or know someone who is, then you need this book. The vast number of working hairdressers make less than \$30,000 a year. Without an experienced mentor teaching a stylist what to do, it is very difficult to beat the odds and earn over \$100,000 a year in income in the beauty business. This book is that mentor! Learn exactly what to do and when to do it as it relates to building and maintaining a large and lucrative clientele base. In short, this book will teach you in detail how to make a lot of money in the hair industry while the vast majority of hairstylists do not. Here is a chapter list-

- Is this the industry for me?
- * Internship-Where should I work?
- * The critical consultation
- * Commission or rental
- * Fashion shows
- * The bi-yearly builder
- * Competition
- * Hair care maintenance and retail product sales
- * Up selling services
- * The killer shampoo
- * The power of humor
- * The chameleon effect
- * The 100% total satisfaction guarantee

- * Accounting for success
- * Do I open my own salon?
- * Exit plan.

This book will teach you how to:

- * Start, grow, and maintain, a large and lucrative hair clientele
- * Separate yourself from the crowd in the hair business
- * Create a financially independent lifestyle for yourself in the hair industry
- * Make a lot of money working in a hair salon
- * Make the hair industry work for you

Finally be successful as a hair stylist You will learn how successful people in the hair industry have achieved that status and how you can do it too. Most importantly, you will learn that making a lot of money in the hair industry has surprisingly little to do with physically doing hair. All of this will be taught from the perspective of a normal guy from Los Angeles California who was lucky enough to be put under the wing of a brilliant man, not

through some corporate perspective. Alan Daniels has trained hundreds stylists over the years and many of them have gone on to make over \$100,000 incomes. You can do it too!

Annual Tax Mess Organizer for Barbers, Hair Stylists & Salon Owners: Help for Self-Employed Individuals Who Did Not Keep Itemized Income & Expense Rec Kiki Canniff.2011-11-01 FOUR HOURS TO TAX FRENZY FREEDOM When April 15th gets close, self-employed barbers, hair stylists and salon owners all across the United States go into tax frenzy. These self-employed individuals are becoming unnecessarily stressed out, putting their business on hold, while they deal with a disorganized pile of receipts and paperwork that sits between them and an audit-proof tax return. This ANNUAL TAX MESS ORGANIZER explains how to get on top of that paperwork quickly, allowing you to satisfy the IRS and get back to work in four hours or less. All you need to make the organizer work is one spiral notebook with lined paper, 25 large envelopes, an adding machine and an empty table or desk top. Step by step, this book shows you how to: Sort your own receipts Understand what the IRS expects Organize information for you or your tax preparer The examples in this ANNUAL TAX MESS ORGANIZER include a variety of difficult situations independently-employed barbers or hair stylists may find themselves in at tax time. It's perfect for any stylist renting chair space in another's shop. For those who have always prepared their own personal tax return, there is a chapter on how to fill out the small business Schedule C.
