Grail Mysterium: An Adventure on The Heights Thomas Kaplan-Maxfield.2012-03-06 It's the fall of 2010 at Jesuit-run Boston College, where senior Jack Knecht has just seen a ghostly figure in long antique robes slipping into Gasson Hall, the Gothic bell tower looming over the stately campus. Students and faculty alike, comfortably at home on The Heights, know the building is locked for major renovations this semester. Why would a spirit in 18th-century dress be haunting contemporary college life? Jack wonders. Thus begins this driving mystery-adventure in which Jack and his girlfriend, Fran Romero, run from menacing ghosts, are attacked out of the blue by a fiery dragon overhead and a raging bull underground, and have to face suspicious Jesuits threatening expulsion, all while keeping up with classes in this most sociable of schools. These are reasons enough to quickly decipher a tantalizing ancient map that convincingly points to the BC campus as the secret site of the Holy Grail, lost for centuries now. Proceeding by their wits with crucial help from eccentric art history professor Melinda Galen, the fey ghost of the last Templar grand master Jacques de Molay, and an imaginative, close-knit circle of college friends, Fran and Jack embark on a journey of discovery. The trail, however, is a twisted one, winding from the religious cult of Mithraism rooted in the ancient Syrian city of Dura-Europos through the medieval Templars down to modern-day Jesuits bearing a colorful history from Old World to New. Amid campus Quidditch games and undergraduate parties, dance rehearsals, middle-of-the-night discussions about hooking up, and communal meals, the young students pool their various esoteric disciplines to pursue the mystery of the Grail's location. In the course of investigating the recondite riddles of the Mithraic cult, Fran and Jack come to pursue a Grail for a new millennium and thereby seek to become initiates into the mysteries of love. But in our age of crisis, with the planet suffering while economies spin out of control, can Fran and Jack find a way through the phantasmagoric maze confronting them, to find at last the Grail and arrive at a newly awakened consciousness? Grail Mysterium is a novel about love and its possibilities, about dating and relationships among the younger Linked Generation, and about the fundamental shift in human interconnectedness now underway in the 21st century. This cross between The Da Vinci Code and Harry Potter for adults is the first in the Adventure on The Heights series by Thomas Kaplan-Maxfield.

The Negro Motorist Green Book Victor H. Green. The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
