The Vortex José Eustasio Rivera. 2018-04-16 Published in 1924 and widely acknowledged as a major work of twentieth-century Latin American literature, José Eustasio Rivera's *The Vortex* follows the harrowing adventures of the young poet Arturo Cova and his lover Alicia as they flee Bogotá and head into the wild and woolly backcountry of Colombia. After being separated from Alicia, Arturo leaves the high plains for the jungle, where he witnesses firsthand the horrid conditions of those forced or tricked into tapping rubber trees. A story populated by con men, rubber barons, and the unrelenting landscape, *The Vortex* is both a denunciation of the sensational human-rights abuses that took place during the Amazonian rubber boom and one of the most famous renderings of the natural environment in Latin American literary history.

Challenges and New Opportunities for Tourism in Inland Territories Gonçalo Poeta Fernandes. 2021-09-10 Inland territories are currently of great interest in the tourism industry based on their natural and cultural resources, the surroundings and valuing of natural spaces, local traditions and cultures, ways of life, and the experiences of territories with authenticity. In this context, ecocultural resources are determining factors of development for the mobilization of economic and socio-cultural initiatives, promoting tourism and generating conditions of sustainability in inland territories. They are spaces of opportunity, maintaining resources and heritage with high preservation, enhancing new perceptions and forms of use, generating territorial cohesion, promoting self-esteem for local communities, and providing diverse and differentiated tourist experiences. The involvement of the community is decisive in valuing the destination, understanding local ecocultural realities, and developing the processes of preservation and service creation. It is considered a necessary approach for inclusion, protection, and aggregating the ecological and cultural binomial as a determinant for deeper knowledge of territorial realities and their specificities. Thus, sustainability and participation are crucial for the long-term future of inland tourism activities, with local governance assuming an important role in building tourism capacity, mobilizing resources, and streamlining entrepreneurial initiatives. *Challenges and New Opportunities for Tourism in Inland Territories: Ecocultural Resources and Sustainable Initiatives* provides knowledge on the trends for tourism in inland territories, territorial innovation, good governance practices, new projects in inland tourism, and other important aspects in the field. The topics covered include sustainability of local culture, cultural heritage, social responsibility, local governance, public policies, and innovation and tourism in inland territories. This book is essential for tourism management organizations, environmentalists, hotel managers, restaurateurs, tourism departments, practitioners, policymakers, public officials, researchers, academicians, and students interested in the innovative practices and initiatives in tourism with a specific focus on inland territories.

economía y la sociedad en general. Nueva edición conmemorativa por el 50 aniversario del popular personaje, que es ya una figura reconocida a nivel internacional. Este es el número 6 de una serie de libros cuya protagonista es Mafalda, el célebre personaje de Quino. Estas tiras cómicas fueron publicadas en diarios de Buenos Aires, Córdoba, Tucumán, Santa Fé y Montevideo. Desde la Guerra de Vietnam y la carrera espacial hasta el movimiento tercermundista y los derechos humanos, el mundo entero se simboliza en un globo terráqueo que la protagonista cuida, igual que a un enfermo: lo acuesta en la cama, lo abriga y hasta intenta mejorarlo con las cremas de belleza de su madre. Con Mafalda la infancia perdió su inocencia, mientras el género de la historieta pasó de lo social a lo psicológico. Mafalda está más viva que nunca. Reaparece siempre fresca y renovada en sus nuevos libros y periódicos. Hace cine y televisión. Viaja en la imaginación colectiva de infinidad de naciones que son muy diferentes entre ellas culturalmente. Y llega a los lugares más insospechados, volviéndose familiar a generaciones que no tienen nada que ver con la que vio nacer a Mafalda. ENGLISH DESCRIPTION Through Mafalda and her friends, Quino reflects about politics, the economy, and society in general with critical, intelligent humor. The Last Good Neighbor Eric Zolov.2020-05-08 In *The Last Good Neighbor* Eric Zolov presents a revisionist account of Mexican domestic politics and international relations during the long 1960s, tracing how Mexico emerged from the shadow of FDR's Good Neighbor policy to become a geopolitical player in its own right during the Cold War. Zolov shows how President Adolfo López Mateos (1958–1964) leveraged Mexico's historical ties with the United States while harnessing the left's passionate calls for solidarity with developing nations in a bold attempt to alter the course of global politics. During this period, Mexico forged relationships with the Soviet Bloc, took positions at odds with US interests, and entered the scene of Third World internationalism. Drawing on archival research from Mexico, the United States, and Britain, Zolov gives a broad perspective on the multitudinous, transnational forces that shaped Mexican political culture in ways that challenge standard histories of the period.

La Patria del Criollo Severo Martínez Peláez.2009-04-24 This translation of Severo Martínez Peláez's *La Patria del Criollo*, first published in Guatemala in 1970, makes a classic, controversial work of Latin American history available to English-language readers. Martínez Peláez was one of Guatemala's foremost historians and a political activist committed to revolutionary social change. *La Patria del Criollo* is his scathing assessment of Guatemala's colonial legacy. Martínez Peláez argues that Guatemala remains a colonial society because the conditions that arose centuries ago when imperial Spain held sway have endured. He maintains that economic circumstances that assure prosperity for a few and deprivation for the majority were altered neither by independence in 1821 nor by liberal reform following 1871. The few in question are an elite group of criollos, people of Spanish descent born in Guatemala; the majority are predominantly Maya Indians, whose impoverishment is shared by many mixed-race Guatemalans. Martínez Peláez asserts that "the coffee dictatorships were the full and radical realization of criollo notions of the patria." This patria, or homeland, was one that criollos had wrested from Spaniards in the name of independence and taken control of based on claims of liberal reform. He contends that since labor is needed to make land productive, the exploitation of labor, particularly Indian labor, was a necessary complement to criollo appropriation. His depiction of colonial reality is bleak, and his portrayal of Spanish and criollo behavior toward Indians unrelenting in its emphasis on cruelty and oppression. Martínez Peláez felt that the grim past he documented surfaces each day in an equally grim present, and that confronting the past is a necessary step in any effort to improve Guatemala's woes. An extensive introduction situates *La Patria del Criollo* in historical context and relates it to contemporary issues and debates.

There are a lot of things ten-year-old Mafalda cares a lot about. Like, counting the stars in the night sky, playing soccer, and climbing the cherry tree outside her school. Mafalda even goes so far as to keep a list of all these things, because soon she won't be able to do them anymore—because she's going blind. Even with her bad eyesight Mafalda can see that people are already treating her differently—and that's the last thing she wants. So, she hides the fact that her vision is deteriorating faster than anyone predicted, and she makes a plan: When the time is right, she'll go live in the cherry tree, just like her favorite book character. But as Mafalda loses her sight, surprising things come in to focus. With the help of her family and friends both old and new, Mafalda discovers the things that matter most.

What Are You Doing? Elisa Amado.2017-03-01 A picture book that captures a child's discovery of the power of reading. Before he leaves for his first day of school, Chepito runs outside to play. He comes across all kinds of people in his neighborhood who are reading. "Why, why, why?" he sings, and they each have a different answer for him, whether it's a man reading a newspaper, a young girl enjoying a comic, a couple of tourists consulting a guidebook or an archeologist studying hieroglyphics. Later that day, Chepito discovers the fun of reading for himself, and he even brings home a book to share with his little sister. Elisa Amado has written a perfect introduction to the pleasures and uses of the written word. Set in a delightfully retro world by illustrator Manuel Monroy, this book is a true celebration of reading. The Iberian World Fernando Bouza, Pedro Cardim, Antonio Feros.2019-09-09 The Iberian World: 1450–1820 brings together, for the first time in English, the latest research in Iberian studies, providing in-depth analysis of fifteenth- to early nineteenth-century Portugal and Spain, their European possessions, and the African, Asian, and American peoples that were under their rule. Featuring innovative work from leading historians of the Iberian world, the book adopts a strong transnational and comparative approach, and offers the reader an interdisciplinary lens through which to view the interactions, entanglements, and conflicts between the many peoples that were part of it. The volume also analyses the relationships and mutual influences between the wide range of actors, polities, and centres of power within the Iberian monarchies, and draws on recent advances in the field to examine key aspects such as Iberian expansion, imperial ideologies, and the constitution of colonial societies. Divided into four parts and combining a chronological approach with a set of in-depth thematic studies, The Iberian World brings together previously disparate scholarly traditions surrounding the history of European empires and raises awareness of the global dimensions of Iberian history. It is essential reading for students and academics of early modern Spain and Portugal.

Comparative Perspectives on Work-Life Balance and Gender Equality Margaret O'Brien, Karin Wall.2016-12-06 This book is open access under a CC BY-NC 2.5 license. This book portrays men's experiences of home alone leave and how it affects their lives and family gender roles in different policy contexts and explores how this unique parental leave design is implemented in these contrasting policy regimes. The book brings together three major theoretical strands: social policy, in particular the literature on comparative leave policy developments; family and gender studies, in particular the analysis of gendered divisions of work and care and recent shifts in parenting and work-family balance; critical studies of men and masculinities, with a specific focus on fathers and fathering in contemporary western societies and life-courses. Drawing on empirical data from in-depth interviews with fathers across eleven countries, the book shows that the experiences and social processes associated with fathers' home alone leave involve a diversity of trends, revealing both innovations and absence of change, including pluralization as well as the constraining influence of policy, gender, and social context. As a theoretical and empirical book it raises important issues on modernization of the life course and the family in contemporary societies. The book will be of particular interest to scholars in comparing western societies and welfare states as well as to scholars seeking to understand changing work-life policies and family life in societies with different social and historical pathways.

Comics and Memory in Latin America Jorge Catala Carrasco, Paulo Drinot, James Scorer.2017-05-12 Latin American comics and graphic novels have a unique history of addressing controversial political, cultural, and social issues. This volume presents new perspectives on how comics on and from Latin America both view and express memory formation on major historical events and processes. The contributors, from a variety of disciplines including literary theory, cultural studies, and history, explore topics including national identity construction, narratives of resistance to colonialism and imperialism, the construction of revolutionary traditions, and the legacies of authoritarianism and political violence. The chapters offer a background history of comics and graphic novels in the region, and survey a range of countries and artists such as Joaquín Salvador Lavado (a.k.a Quino), Héctor G. Oesterheld, and Juan Acevedo. They also highlight the unique ability of this art and literary form to succinctly render memory. In sum, this volume offers in-depth analysis of an understudied, yet key literary genre in Latin American memory studies and documents the essential role of comics during the transition from dictatorship to democracy.

The Film Archipelago Antonio Gómez,Francisco-J. Hernández Adrián.2021-12-16 How do the islands and archipelagos of the New World figure in Latin American cinema? Comprising 15 essays and a critical introduction, *The Film Archipelago: Islands in Latin American Cinema* addresses this question by examining a series of intersections between insular spaces and filmmaking in Latin America. The volume brings together international scholars and filmmakers to consider a diverse corpus of films about islands, films that take place on islands, films produced in islands, and films that problematise islands. The book explores a diverse range of films that extend from the Chilean documentaries of Patricio Guzmán to work on the Malvinas/Falkland Islands, and films by Argentine directors Gustavo Fontán and Lucrecia Martel. Chapters focus on Rapa Nui (Easter Island), the Mexican Islas Mariás, and the Panamanian Caribbean; on ecocritical, environmental and film historical aspects of Brazilian and Argentine river islands; and on Cuban, Guadeloupean, Haitian, and Puerto Rican contexts. *The Film Archipelago* argues that the islands and archipelagos of Latin American cinema constitute a critically interesting, analytically complex, and historically suggestive angle to explore issues of marginality and peripherality, remoteness and isolation, and fragility and dependency. As a whole, the collection demonstrates to what extent the combined insular and archipelagic lens can re-frame and re-figure both longstanding and recent discussions on the spaces of Latin American cinema.
