La voie du Feng Shui Marie-Pierre Dillenseger.2024-01-10 En prenant appui sur la manière dont l'espace et le temps sont différemment perçus en Chine et en Occident, ce livre nous introduit dans un monde que nous pensons connaître mais que nous ne voyons pas forcément. A travers la narration d'histoires concrètes et la transmission de clefs pratiques, l'autrice nous apprend à repérer, lire et utiliser les signes que nous envoie continuellement notre environnement spatio-temporel. Nous sommes ainsi en mesure de chevaucher le temps, prendre notre place et apprivoiser l'espace.

Trinacria, 'An Island Outside Time' Christopher Prescott,Arja Karivieri,Peter Campbell,Kristian Göransson,Sebastiano Tusa.2021-05-31 Trinacria, the ancient name for Sicily extending back to Homeric Greek, has understandably been the focus of decades of archaeological research. Recognizing Sicily's rich prehistory and pivotal role in the history of the Mediterranean, Sebastiano Tusa - professor, head of heritage agencies and councillor for Cultural Heritage for the Sicilian Region - promoted the exploration of the island's heritage through international collaboration. His decades of fostering research initiatives not only produced rich archaeological results spanning the Palaeolithic to the modern era but brought scholars from a range of schools and disciplines to work together in Sicily. Through his efforts, uniquely productive methodological, theoretical and interpretative networks were created. Their impact extends far beyond Sicily and Italy. To highlight these networks and their results, the Institutum Romanum Finlandiae, the Swedish Institute in Rome, the Norwegian Institute in Rome, the British School at Rome and the Assessorato dei Beni Culturali of Sicily, with generous support from the Swedish Riksbankens Jubileumsfond, assembled this anthology of papers. The aim is to present a selection of the work of and results from contemporary, multi-national research projects in Sicily. The collaboration between the Sicilian and international partners, often in an interdisciplinary framework, has generated important results and perspectives. The articles in this volume present research projects from throughout the island. The core of the articles is concerned with the Archaic through to the Roman period, but diachronic studies also trace lines back to the Stone Age and up to the contemporary era. A range of methods and sources are explored, thus creating an up-to-date volume that is a referential gateway to contemporary Sicilian archaeology.

Menu from the Midi Colin Duncan Taylor.2021-09-28 Menu from the Midi explores French gastronomy from the farmer's field to the dining room table. Concentrating on the South of France, the book is structured as a menu carefully compiled to give the reader a balanced diet of gastronomy, history, legend and local colour. Uniquely, it adds into this mix a celebration of the dedicated and passionate people who produce some of the finest raw ingredients and foodstuffs you are ever likely to taste. Appreciating good food and wine needs the right ambiance, the right company and plenty of time. Sit back, relax and savour the oldest sparkling wine in the world, le Rolls-Royce of olives, pink garlic soup, meats of the black Gascon pig, the legendary cassoulet, cheese from the caves of Roquefort, and learn how the Midi's ornate pigeon towers ensured a constant supply of roast pigeon. No wonder the father of food journalism and gastronomic guides, Grimod de La Reynière, had this to say 200 years ago: 'In good towns of the Midi, a great dinner is an affair of state. One speaks of it three months beforehand and digesting it lasts six weeks.'

The web page is pretty simple where you can either publish books, download eBooks based on authors/categories or share links for free. You also have the option to donate, download the iBook app and visit the educational links. Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.
