Rond-Point S. L. Difusión,Hedwige Meyer.2015-01-08 Nous vous invitons à découvrir Rond-Point, deuxième édition! Based on the principles of task-based language teaching, students learn through collaboration and interaction. They develop their communicative skills from day one while working in the target language. Contexts are authentic and related to real-life; i.e. organizing a vacation, planning a party, and so on. Due in large part to its flexible organization, the program is being used successfully at a variety of colleges and universities around the

world. This Second Edition is based on comments from instructors in Europe and in North America. The authors have retained the key elements that have made the first edition so successful: an abundance of authentic materials, fun and efficient smaller tasks leading students to the completion of a larger and more ambitious task at the end of each unit, recycling of the main grammar points throughout the book, a very dynamic approach where interactions and meaning negotiations among students is at the heart of each class.

I Am Malala Malala Yousafzai.2013-10-08 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman I come from a country that was created at midnight. When I almost died it was just after midday. When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world. *Gus's Garage* Leo Timmers.2019 Gus's workshop is chockful of useless odds and ends. But when his friend Rico comes over with a problem-his scooter seat is way too small for a rhino-Gus finds

just the thing to solve it. He creates a fabulous new vehicular contraption with an old lounge chair! One by one Gus's friends bring him their vehicles and Gus solves their troubles with ingenious solutions-a cooling system made with a fridge that doubles as an ice-cream machine, a burst of speed from a rocket blaster. Soon the workshop is almost empty, but the last scraps might be just enough to solve Gus's own problem at the end of a long day.

The Tiger-Skin Rug Gerald Rose.2011-10-06 It's amazing how easy it is for the tiger to pass himself off as a rug - he enjoys a life of luxury with the rajah's family, snacking on midnight feasts and playing with his children. He goes entirely undetected, until one night, when he risks expulsion from his comfortable abode as burglars break into the palace and he has to decide whether to stay in disguise as a rug - or save the rajah from a horrible beating. However, tigers who live in houses can have happy endings, as seen in this utterly brilliant picture book.

Human Love Andreï Makine.2011-10-31 Love for another person. Love for humanity as a whole. Are the two compatible or mutually exclusive? In his most ambitious novel since *Dreams of My Russian Summers*, Andreï Makine takes us into the heart of Africa. His hero is Elias Almeida, a black revolutionary whose father was killed when Elias was still a child, and whose mother, to feed him, was forced to prostitute herself. Saved from death by a Catholic priest, Elias becomes a brilliant pupil destined for greatness. However, the memory of his parents turns him into an important cog in the worldwide revolutionary movement, sending him to Cuba and the Soviet Union to be trained for espionage and sabotage. He begins in his native Angola, still struggling to liberate itself from the colonial yoke, and moves to other political hot spots. But what happens when a black revolutionary dedicated to bettering the world falls in love with a white woman who wants only to live a peaceful, simple life?

courage and determination during one of the most terrifying eras of the twentieth century. It's 1966, and twelve-year-old Ji-li Jiang has everything a girl could want: brains, popularity, and a bright future in Communist China. But it's also the year that China's leader, Mao Ze-dong, launches the Cultural Revolution—and Ji-li's world begins to fall apart. Over the next few years, people who were once her friends and neighbors turn on her and her family, forcing them to live in constant terror of arrest. And when Ji-li's father is finally imprisoned, she faces the most difficult dilemma of her life. Written in an accessible and engaging style, this page-turning autobiography will appeal to readers of all ages, and it includes a detailed glossary and a pronunciation guide.

Phalaina Alice Brière-Haquet.2022-09-06 We discover a new species of life form every day. But, every day, a species also disappears. The fly has 10 chromosomes, the hamster 22, the rat 42, the human 46, the chimpanzee 48, the cow 60, and the butterfly 380. London, 1881. There's something a little eerie about Manon - she's not like the other girls at the orphanage. Maybe it's her red eyes. Maybe it's her silence. Maybe it's the series of violent deaths that seem to follow her. What we do know: someone is hot on her tail. And there's a lot of money at stake in finding out where exactly she comes from - and what exactly she is. Concurrent to Manon's story are letters to Charles Darwin from Professor Humphrey, a scientist who has recently died under mysterious circumstances. Is it true that natural selection left humans at the top of the pyramid of life after all? Or in the process of evolution, was there something elemental that humans lost, something that connected us to the rest of life on earth? Who and what else is out there? In order to stay alive, Manon must untangle the mystery of her origins, and perhaps the origins of humanity as well. From French writer Alice Brière-Haquet and translated by PEN-award winning translator Emma Ramadan comes PHALAINA - the middle grade historical sci fi thriller you won't be able to put down.
