Art of Starving .2019

The Starving Years Jordan Castillo Price.2012-04-01 Imagine a world without hunger. In 1960, a superfood was invented that made starvation a thing of the past. Manna, the cheaply manufactured staple food, is now as ubiquitous as salt in the world's cupboards, pantries and larders. Nelson Oliver knows plenty about manna. He's a food scientist according to his diploma, that is. Lately, he's been running the register at the local video rental dive to scrape together the cash for his exorbitantly priced migraine medication. In a job fair gone bad, Nelson hooks up with copywriter Javier and his computer-geek pal Tim, who whisks them away from the worst of the fiasco in his repurposed moving truck. At least, Nelson thinks those two are acquainted, but they're acting so evasive about it, he's not sure how they know each other, exactly. Javier is impervious to Nelson's flirting, and Tim's name could appear in the dictionary under the entry for awkward. And with a riot raging through Manhattan and yet another headache coming on, it doesn't seem like Nelson will get an answer anytime soon. One thing's for sure, the tension between the three of them is thick enough to cut with a knife...even one of those dull plastic dealies that come in the package with Mannariffic EZ-Mealz.

Ashes to Asheville Sarah Dooley.2017-04-04 Two sisters take off on a wild road trip in this poignant tale for fans of *Counting by 7s* and *Fish in a Tree*. After Mama Lacy's death, Fella was forced to move in with her grandmother, Mrs. Madison. The move brought Fella all sorts of comforts she wasn't used to at home, but it also meant saying goodbye to her sister Zoey (a.k.a. Zany) and her other mother, Mama Shannon. Though Mama Shannon fought hard to keep Fella, it was no use. The marriage act is still a few years away and the courts thought Fella would be better off with a blood relation. Already heartbroken, Fella soon finds herself alone in Mrs. Madison's house, grieving both the death of her mother and the loss of her entire family. Then one night, Zany shows up at Mrs. Madison's house determined to fulfill Mama Lacy's dying wish: to have her ashes spread over the lawn of the last place they were all happy as a family. Of course, this means stealing Mama Lacy's ashes and driving hundreds of miles in the middle of the night to Asheville, North Carolina. Their adventure takes one disastrous turn after another, but their impulsive journey helps them rediscover the bonds that truly make them sisters. A heartrending story of family torn apart and put back together again, *Ashes to Asheville* is an important, timely tale.

The Smell of Starving Boys Frederik Peeters, Loo Hui Phang.2017-12-05 Texas, 1872. With the Civil War over, exploration has resumed in the territories to the west of the Mississippi, and the geologist Stingley is looking to capitalize. Together with photographer Oscar Forrest, who catalogues the terrain, and their young assistant, Milton, Stingley strikes out into territory that might one day support a new civilization. But this is no virgin land. As the frontiersmen move west, it becomes

clear that the expedition won't go unchallenged. Stingley has led them into a hostile region: the native Comanches' last bastion of resistance. In a spectacular landscape, under the looming threat of attack, the boundaries between two worlds dissolve. As social conventions disappear and personal inhibitions go into retreat, an intimate relationship develops between Oscar and Milton. *The Smell of Starving Boys* is an intense Western about the clash of two worlds: one old, one new; one defined by rationality and technology, the other by shamanism and nature.

The ability to see things he shouldn't be able to see. The knack of tuning in to thoughts right out of people's heads. Maybe even the authority to bend time and space. So what is lunch, really, compared to the secrets of the universe? Matt decides to infiltrate Tariq's life, then use his powers to uncover what happened to Maya. All he needs to do is keep the hunger and longing at bay. No problem. But Matt doesn't realize there are many kinds of hunger...and he isn't in control of all of them. Mass Starvation Alex de Waal.2017-12-08 The world almost conquered famine. Until the 1980s, this scourge killed ten million people every decade, but by early 2000s mass starvation had all but disappeared. Today, famines are resurgent, driven by war, blockade, hostility to humanitarian principles and a volatile global economy. In *Mass Starvation*, world-renowned expert on humanitarian crisis and response Alex de Waal provides an authoritative history of modern famines: their causes, dimensions and why they ended. He analyses starvation as a crime, and breaks new ground in examining forced starvation as an instrument of genocide and war. Refuting the enduring but erroneous view that attributes famine to overpopulation and natural disaster, he shows how political decision or political failing is an essential element in every famine, while the spread of democracy and human rights, and the ending of wars, were major factors in the near-ending of this devastating phenomenon. Hard-hitting and deeply informed, *Mass Starvation* explains why man-made famine and the political decisions that could end it for good must once again become a top priority for the international community.

How It Feels to Float Helena Fox.2019-05-07 A Kirkus Reviews Best Book of the Year A Chicago Public Library Best of the Best of the Year Profoundly moving . . . Will take your breath away. —Kathleen Glasgow, author of *Girl in Pieces* A stunningly gorgeous and deeply hopeful portrayal of living with mental illness and grief, from an exceptional new voice. Biz knows how to float. She has her people, her posse, her mom and the twins. She has Grace. And she has her dad, who tells her about the little kid she was, and who shouldn't be here but is. So Biz doesn't tell anyone anything. Not about her dark, runaway thoughts, not about kissing Grace or noticing Jasper, the new boy. And she doesn't tell anyone about her dad. Because her dad died when she was seven. And Biz knows how to float, right there on the surface—normal okay regular fine. But after what happens on the beach—first in the ocean, and then in the sand—the tethers that hold Biz steady come undone. Dad disappears and, with him, all comfort. It might be easier, better, sweeter to float all the way away? Or maybe stay a little longer, find her father, bring him back to her. Or maybe—maybe maybe—there's a third way Biz just can't see yet. Debut author Helena Fox tells a story about love and grief, about inter-generational mental illness, and how living with it is both a bridge to someone loved and lost and, also, a chasm. She explores the hard and beautiful places loss can take us, and honors those who hold us tightly when the current wants to tug us out to sea. Give this to all [your]

The Madonnas of Leningrad Debra Dean.2009-10-13 “An extraordinary debut, a deeply lovely novel that evokes with uncommon deftness the terrible, heartbreaking beauty that is life in wartime. Like the glorious ghosts of the paintings in the Hermitage that lie at the heart of the story, Dean’s exquisite prose shimmers with a haunting glow, illuminating us to the notion that art itself is perhaps our most necessary nourishment. A superbly graceful novel.” — Chang-Rae Lee, *New York Times* Bestselling author of *Aloft* and *Native Speaker* Bit by bit, the ravages of age are eroding Marina's grip on the everyday. An elderly Russian woman now living in America, she cannot hold on to fresh memories—the details of her grown children's lives, the approaching wedding of her grandchild—yet her distant past is miraculously preserved in her mind's eye. Vivid images of her youth in war-torn Leningrad arise unbidden, carrying her back to the terrible fall of 1941, when she was a tour guide at the Hermitage Museum and the German army's approach signaled the beginning of what would be a long, torturous siege on the city. As the people braved starvation, bitter cold, and a relentless German onslaught, Marina joined other staff members in removing the museum's priceless masterpieces for safekeeping, leaving the frames hanging empty on the walls to symbolize the artworks' eventual return. As the Luftwaffe's bombs pounded the proud, stricken city, Marina built a personal Hermitage in her mind—a refuge that would stay buried deep within her, until she needed it once more. . . .

Koolaid Rabih Alameddine.2015-09-15 “Daring, dazzling . . . A tough, funny, heart-breaking book” by the National Book Award-nominated author of *An Unnecessary Woman* (*The Seattle Times*). Detailing the impact of the AIDS epidemic in America and the Lebanese civil war in Beirut on a circle of friends and their families during the 1980s and 1990s, this “absolutely brilliant” novel mines the chaos of contemporary experience, telling the stories of characters who can no longer love or think except in fragments (Amy Tan). Clips and quips, vignettes and hallucinations, tragic news reports and hilarious short plays, conversations with both the quick and the dead, all shine their combined lights to reveal the way we experience life today in the debut novel of the author Michael Chabon calls “one of our most daring writers.” “A provocative, emotionally searing series of connected vignettes . . . For a nonlinear novel the images chosen retain a remarkable cohesion. Often sexually frank or jarringly violent, they merge into a graphic portrait of two cultures torn from the inside.” —Publishers Weekly “[A] refreshing statement of honesty and endurance . . . Funny, brave, full of heart and willing to say things about war and disease, sexual and cultural politics that have rarely been said so boldly or directly before.” —*The Oregonian* “Rabih Alameddine is one rare writer who not only breaks our hearts but gives every broken piece a new life.” —Yiyun Li

Into the Wild Jon Krakauer.2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world’s attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every

Real Artists Don't Starve Jeff Goins. 2017-06-06 Jeff Goins dismantles the myth that being creative is a hindrance to success by revealing how an artistic temperament is a competitive advantage in the marketplace. The myth of the starving artist has dominated our culture, seeping into the minds of creative people and stifling their pursuits. The truth is that the world's most successful artists did not starve. In fact, they capitalized on the power of their creative strength. In *Real Artists Don't Starve*, bestselling author and creativity expert Jeff Goins debunks the myth of the starving artist by unveiling the ideas that created it and replacing them with 14 rules for artists to thrive, including: Steal from your influences (don't wait for inspiration) Collaborate with others (working alone is a surefire way to starve) Take strategic risks (instead of reckless ones) Make money in order to make more art (it's not selling out) Apprentice under a master (a lone genius can never reach full potential) From graphic designers and writers to artists and business professionals, creatives already know that no one is born an artist. Goins' revolutionary rules celebrate the process of

becoming an artist, a person who utilizes the imagination in fundamental ways. He reminds creatives that business and art are not mutually exclusive pursuits. *Real Artists Don't Starve* explores the tension every creative person and organization faces in an effort to blend the inspired life with a practical path to success. Being creative isn't a disadvantage for success, it is a powerful tool to be harnessed.

The Art of Hunger Alys Moody.2018-11 Hunger is one of the governing metaphors for literature in the late nineteenth and twentieth centuries. Beginning in the mid-nineteenth century, writers and critics repeatedly describe writing as a process of starvation, as in the familiar type of the starving artist, and high art as therejection of 'culinary' pleasures. *The Art of Hunger: Aesthetic Autonomy and the Afterlives of Modernism* argues that this metaphor offers a way of describing the contradictions of aesthetic autonomy in modernist literature and its late-twentieth-century heirs. This book traces the emergence of a tradition of writing it calls the 'art of hunger', from the origins of modernism to the end of the twentieth century. It focuses particularly on three authors who redeploy the modernist art of hunger as a response to key moments in the history of modernist aesthetic autonomy's delegitimization: Samuel Beckett in post-Vichy France; Paul Auster in post-1968 Paris and New York; and J. M. Coetzee in late apartheid South Africa. Combining historical analysis of these literary fields with close readings of individual texts, and drawing extensively on new archival research, this book offers a counter-history of modernism's post-World War II reception and a new theory of aesthetic autonomy as a practice of unfreedom.

When a strange new visitor arrives—a woman riding an orca, with a polar bear at her side—the city is entranced. The "orcamancer," as she's known, very subtly brings together four people—each living on the periphery—to stage unprecedented acts of resistance. By banding together to save their city before it crumbles under the weight of its own decay, they will learn shocking truths about themselves. *Blackfish City* is a remarkably urgent—and ultimately very hopeful—novel about political corruption, organized crime, technology run amok, the consequences of climate change, gender identity, and the unifying power of human connection.

Starve and Immolate Banu Bargu.2014-09-09 *Starve and Immolate* tells the story of leftist political prisoners in Turkey who waged a deadly struggle against the introduction of high security prisons by forging their lives into weapons. Through an innovative approach that weaves together contemporary and critical political theory with political ethnography, *Starve and Immolate* analyzes the death fast struggle as an exemplary but not exceptional instance of self-destructive practices that should be understood as a consequence of, retort to, and refusal of the increasingly biopolitical

forms of sovereign power deployed as a response to terrorism around the globe. The Turkish state's pursuit of high security prisons based on cellular confinement, which would reconfigure traditional wards allowing political prisoners to live a communism in practice, led to a protracted movement in which dozens of political prisoners starved and immolated themselves. Banu Bargu chronicles the experiences, rituals, values, beliefs, ideological self-representations, and contentions of these protesters against the history of Turkish democracy and the treatment of dissent in a country where prisons have become sites of political confrontation. Bargu connects the increasing turn to self-destructive practices with the revamping of Turkish state sovereignty through a process of biopolitical securitization against terrorism. A critical response to Michel Foucault's *Discipline and Punish*, *Starve and Immolate* centers on new forms of struggle that arise from the asymmetric antagonism between the state and its contestants in the contemporary prison. Bargu ultimately positions the weaponization of life as an emergent repertoire of political action, a bleak, violent, and ambivalent form of insurgent politics that seeks to wrench the power of life and death away from the modern state on corporeal grounds and increasingly theologized forms. Drawing attention to the existential commitment, sacrificial morality, and militant martyrdom that transforms these struggles into a complex amalgam of resistance, Bargu advances a critical-theoretical interpretation of human weapons that explores the global ramifications of their practices of resistance, as well as their possibilities and limitations.

With friends and neighbors getting evicted en masse and a mayoral election coming up, Ronan and Attalah craft a plan to rattle the newcomers and expose their true motives. But in doing so, they unleash something far more mysterious and uncontrollable. Hudson has a rich, proud history and, it turns out, the real-estate developers aren't the only forces threatening its well-being: the spirits undergirding this once-thriving industrial town are enraged. Ronan's hijinks have overlapped with a bubbling up of hate and violence among friends and neighbors, and everything is spiraling out of control. Ronan must summon the very best of himself to shed his own demons and save the city he once loathed.

Destroy All Monsters Sam J. Miller. 2019-07-02 A crucial, genre-bending tale, equal parts Ned Vizzini and Patrick Ness, about the life-saving power of friendship. Solomon and Ash both experienced a traumatic event when they were twelve. Ash lost all memory of that event when she fell from Solomon's treehouse. Since then, Solomon has retreated further and further into a world he seems to have created in his own mind. One that insulates him from reality, but crawls with foes and monsters . . . in both animal and human form. As Solomon slips further into the place he calls Darkside, Ash realizes her only chance to free her best friend from his pain is to recall exactly what happened that day in his backyard and face the truth—together. Fearless and profound, Sam J. Miller's follow up to his award-winning debut novel, *The Art of Starving*, spins an intimate and impactful tale that will linger with readers.

The Paris Winter Imogen Robertson. 2014-11-18 There is but one Paris. Vincent Van Gogh Maud Heighton came to Lafond's famous Academie to paint, and to flee the constraints of her small English town. It took all her courage to escape, but Paris, she quickly realizes, is no place for a light purse. While her fellow students enjoy the dazzling decadence of the Belle Epoque, Maud slips into poverty. Quietly starving, and dreading another cold Paris winter, she stumbles upon an opportunity when Christian Morel engages her as a live-in companion to his beautiful young sister, Sylvie. Maud is overjoyed by her good fortune. With a clean room, hot meals, and an umbrella to keep her dry, she is able to hold her head high as she strolls the streets of Montmartre. No longer hostage to poverty

and hunger, Maud can at last devote herself to her art. But all is not as it seems. Christian and Sylvie, Maud soon discovers, are not quite the darlings they pretend to be. Sylvie has a secret addiction to opium and Christian has an ominous air of intrigue. As this dark and powerful tale progresses, Maud is drawn further into the Morels' world of elegant deception. Their secrets become hers, and soon she is caught in a scheme of betrayal and revenge that will plunge her into the darkness that waits beneath this glittering city of light.

Starving the South Andrew F. Smith.2011-04-12 'From the first shot fired at Fort Sumter on April 12, 1861, to the last shot fired at Appomattox, food played a crucial role in the Civil War. In *Starving the South*, culinary historian Andrew Smith takes a fascinating gastronomical look at the war and its aftermath. At the time, the North mobilized its agricultural resources, fed its civilians and military, and still had massive amounts of food to export to Europe. The South did not; while people starved, the morale of their soldiers waned and desertions from the Army of the Confederacy increased.....' (Book Jacket)

Arthur Louis Pullman the Third is on the verge of a breakdown. He's been stripped of his college scholarship, is losing his grip on reality, and has been sent away to live with his aunt and uncle. It's there that Arthur discovers a journal written by his grandfather, the first Arthur Louis Pullman, an iconic Salinger-esque author who went missing the last week of his life and died hundreds of miles away from their family home. What happened in that week—and how much his actions were influenced by his Alzheimer's—remains a mystery. But now Arthur has his grandfather's journal—and a final sentence containing a train route and a destination. So Arthur embarks on a cross-country train ride to relive his grandfather's last week, guided only by the clues left behind in the dementia-fueled journal. As Arthur gets closer to uncovering a sad and terrible truth, his journey is complicated by a shaky alliance with a girl who has secrets of her own and by escalating run-ins with a dangerous Pullman fan base. Arthur's not the only one chasing a legacy—and some feel there is no cost too high for the truth.
