**The Wife of Martin Guerre** Janet Lewis.2013-08-06 In this new edition of Janet Lewis's classic short novel, *The Wife of Martin Guerre*, Swallow Press executive editor Kevin Haworth writes that Lewis's story is "a short novel of astonishing depth and resonance, a sharply drawn historical tale that asks contemporary questions about identity and belonging, about men and women, and about an individual's capacity to act within an inflexible system." Originally published in 1941, *The Wife of Martin Guerre* has earned the respect and admiration of critics and readers for over sixty years. Based on a notorious trial in sixteenth-century France, this story of Bertrande de Rols is the first of three novels making up Lewis's *Cases of Circumstantial Evidence* suite (the other two are *The Trial of Sören Qvist* and *The Ghost of Monsieur Scarron*). Swallow Press is delighted and honored to offer readers beautiful new editions of all three *Cases of Circumstantial Evidence* novels, each featuring a new introduction by Kevin Haworth.

*The Imagination in German Idealism and Romanticism* Gerad Gentry, Konstantin Pollok.2019-06-13 Explores imagination and human rationality in a crucial period of philosophy, from hermeneutics and transcendental logic to ethics and aesthetics.

*The Trial and Crucifixion of Jesus* David Wallace Chapman, Eckhard J. Schnabel.2015 The authors of this volume set themselves one task, to trace the extra-biblical primary texts that are relevant for understanding Jesus' trial and crucifixion. With that goal in mind, the book is built on three major themes: (1) Jesus' trial / interrogation before the Sanhedrin, (2) Jesus' trial before Pontius Pilatus, and (3) crucifixion as a method of execution in antiquity. In chronologically sequential order (where possible), the authors select and arrange an overwhelming amount of extra-biblical primary texts -- 462 to be exact -- underneath these three categories (75, 46, and 341 texts respectively).--Brian J. Wright in *Religious Studies Review*.

*Where are you? Self- and body part localization using virtual reality setups* Albert van der Veer .2019-09-19 This volume presents a line of original experimental studies on the bodily self, investigating where people locate themselves in their bodies and how accurate they are at localizing their body parts. So far, it was not well known whether people locate themselves in one or more specific regions of their bodies. On the other hand, some systematic distortions in indicating bodily locations were already documented. In the present studies, participants were therefore asked to indicate their self-locations, as well as the locations of several of their body parts, using a self-directed, first-person perspective pointing paradigm in various virtual reality (VR) setups (different head-mounted displays and a large-screen immersive display). Overall, participants were found to locate themselves mainly in the (upper) face and the (upper) torso. However, striking differences in self-localization were found when testing in different VR setups. Upon further investigation, these differences were found to be foremost due to inaccuracies in body part localization. When taking these inaccuracies into account, differences between setups—and also with self-localization outside of VR—largely disappear. Another striking finding was that providing participants—in between pointing phases—with information about their bodies in the form of a real-time animated self-avatar, did not make them more accurate at locating their own body parts. While manipulating their viewpoint to chest-height of their self-avatar did shift the afterwards indicated locations of their own body parts upwards, towards where they were seen on the avatar. Potential explanations for the various new findings, also from tasks outside of VR, are discussed. Taken together, this volume suggests a differential involvement of multi-sensory information processing in experienced self-location within the body and the ability to locate body parts. Self-localization seems to be less flexible, possibly because it is strongly grounded in the 'bodily senses', while body part localization appears more adaptable to the manipulation of sensory stimuli, at least in the visual modality.

**Banned Birds** Peter Altmann.2019-12-03 In this study, Peter Altmann addresses the difficult question of why the Hebrew Bible prohibits consumption of certain birds by placing these birds within the overall appearance of birds in the archaeology, texts, and iconography of the Ancient Near East and within the Bible itself.--

By Gaslight Steven Price.2016-10-04 A literary tour de force of a detective's ceaseless hunt for an elusive criminal *By Gaslight* is a deeply atmospheric, haunting novel about the unending quest that has shaped a man's life. William Pinkerton is already famous, the son of the most notorious detective of all time, when he descends into the underworld of Victorian London in pursuit of a new lead on the fabled con Edward Shade. William's father died without ever finding Shade, but William is determined to drag the thief out of the shadows. Adam Foole is a gentleman without a past, haunted by a love affair ten years gone. When he receives a letter from his lost beloved, he returns to London to find her. What he learns of her fate, and its connection to the man known as Shade, will force him to confront a grief he thought long-buried. A fog-enshrouded hunt through sewers, opium dens, drawing rooms, and séance halls ensues, creating the most unlikely of bonds: between Pinkerton, the great detective, and Foole, the one man who may hold the key to finding Edward Shade. Steven Price's dazzling, riveting *By Gaslight* moves from the diamond mines of South Africa to the battlefields of the Civil War, on a journey into a cityscape of grief, trust, and its breaking, where what we share can bind us even against our darker selves.

**Soutine's Last Journey** Ralph Dutli.2020 August 6, 1943. Chaim Soutine, a Jewish painter from Belorussia and a contemporary of Chagall, Modigliani, and Picasso, is hidden in a hearse that's traveling from a small town on the Loire towards Nazi-occupied Paris. Suffering from a stomach ulcer, he urgently needs a life-saving operation. But the hearse must avoid the occupiers' checkpoints, and it becomes increasingly likely that he will not survive the journey. In a stream of extraordinary images, the morphine-induced artist hallucinates and remembers his life. He dreams of his childhood in Smilovichi near Minsk; his beginnings as a painter in Vilna; his arrival in 1913 in the art capital of the world, Paris, where he befriends Modigliani; and his survival of years of struggle and finding sudden success, only to be persecuted and forced into hiding when the Nazis invade. Back in the present, the painter believes that the power of milk is the only possible remedy for his ulcer. In his mind, he is travelling to a white paradise--a strange clinic where a god in white declares him healed but forbids him to paint. But for Soutine, neither paradise nor salvation exists if he cannot paint. So, he begins to paint again in secret, willing to pay the price of discovery. A brilliant biographical novel about childhood, longing, friendship, bodily pain, and the wounds of exile, Ralph Dutli's *Soutine's Last Journey* is ultimately an exploration of language and the power of art.

*The European Automobile Industry* James Michael Laux.1992 Laux carefully examines how European factory owners emulated American success in production and sales between the wars, how the postwar market boom chipped away at American dominance of the industry, and how Japanese models in turn began to cut into the world market in the competitive 1980s. In this incisive overview, Laux determines that Europe's most successful automaking firms were generally those which identified a market and offered this market a product at a reasonable price.

*Even in Our Darkness* Jack S. Deere.2018-03-06 I am the descendant of drinkers and drifters better at passing on their love for the bottle than family history... Prepare yourself for an unvarnished, harrowing look at one Christian's life. A powerful memoir of knowing and being known by God through the pain of loss, tragedy, and brokenness—*Even in Our Darkness* explores what it means to

fend off doubt and despair, even in the most painful trials. Jack Deere tells the true story of his life growing up near Fort Worth, Texas in the 1950's and the disintegration of his family following his father's suicide. Despite his difficult childhood and an inclination toward the depression that had crushed his parents, Deere describes how he began to wrestle with Christianity and how God was...slipping in through the crack of an open wound. In his mid-twenties, Jack rose to fame and success as a leading scholar, popular speaker, and bestselling author. But despite being rescued and exalted, Jack was devastated in the years that followed, losing his troubled son to suicide and his wife to alcoholism. Only then did he fully face his own addictions, surrender control, and experience true healing. An authentic story of the Christian life, *Even in Our Darkness* is like following an experienced guide through a barren country. Like many believers, Deere has had experiences that nearly destroyed him, and he was shown, by grace, how to overcome life's disappointments and learn to hear God speak in unbelievable ways, despite the darkness that surrounds us. Unmasked, unsettling, and unforgettable . . . this will change the landscape of your soul. —Ann Voskamp, bestselling author of *The Broken Way* and *One Thousand Gifts*.

**Brahmā's Curse** Walter Slaje.2019 The present book deals with Kashmir and some of its largely neglected social and political conditions of the past including the Islamization of the Valley in the early modern period. In the last decades research on Kashmir focussed essentially on textual sources of chiefly the religious and philosophical genres. Social misery, disasters, violence, famines, epidemics and wars, which perpetually ravaged the country during its long and well-documented history, were largely, if not entirely, ignored by academic studies of the above orientation. The resulting lopsided representation of Kashmir increased the romantic image inherited from the Mughals and contributed to the construction of the myth of an idyllic world in a glorious Hindu past before the advent of Islam. 0The two chapters making up this booklet try to put the picture of the premodern realities of life in Kashmir somewhat into perspective. 0The first chapter focusses on the centuries-old stereotype of Kashmir as a 'Happy Valley?'. Particular attention is devoted to the prevailing cliché of the Brahmin class as non-violent and pacifist. 0The second chapter deals with different notions of an 'idol' (murti) from the Hindu, Buddhist and Abrahamic religions? view-points, as well as with the contrasting perceptions of the destruction of an idol by an iconoclast and his victim. Historic evidence of idol smashing in Kashmir in the pre-Islamic and Islamic periods will be analysed and presented together with the rationale of iconoclasm as maintained and debated by the Hindu and Muslim parties at the time. The chapter ends with an exposition of the sophisticated methods of desecrating Hindu and Buddhist sanctuaries in order to make them inoperative for all future. 0The title of this book refers to an old and widespread belief among Hindu Kashmiris that they had fallen under a curse by Brahma, a curse, in which they see all their sufferings rooted.

**Good Entertainment** Byung-Chul Han. 2019-10-08  
A philosopher considers entertainment, in all its totalizing variety—infotainment, edutainment, servotainment—and traces the notion through Kant, Zen Buddhism, Heidegger, Kafka, and Rauschenberg. In *Good Entertainment*, Byung-Chul Han examines the notion of entertainment—its contemporary ubiquity, and its philosophical genealogy. Entertainment today, in all its totalizing variety, has an apparently infinite capacity for incorporation: infotainment, edutainment, servotainment, confrontainment. Entertainment is held up as a new paradigm, even a new credo for being—and yet, in the West, it has had inescapably negative connotations. Han traces Western ideas of entertainment, considering, among other things, the scandal that arose from the first performance of Bach's *Saint Matthew's Passion* (deemed too beautiful, not serious enough); Kant's idea of morality as duty and the entertainment value of moralistic literature; Heidegger's idea of the thinker as a man of pain; Kafka's hunger artist and the art of negativity, which takes pleasure in annihilation; and Robert Rauschenberg's refusal of the transcendent. The history of the West, Han tells us, is a passion narrative, and passion appears as a killjoy. Achievement is the new formula for passion, and play is subordinated to production, gamified. And yet, he argues, at their core, passion and entertainment are not entirely different. The pure meaninglessness of entertainment is adjacent to the pure meaning of passion. The fool's smile resembles the pain-racked visage of *Homo doloris*. In *Good Entertainment*, Han explores this paradox.

The God of that Summer Ralf Rothmann. 2022-01-20  
This book's power lies in its depiction of

civilians trying to lead ordinary lives during the horror of war . . . It is shattering stuff, but Rothmann is tender towards his characters and this book is as memorable as his last.' - The Times, 'Historical Fiction Book of the Month' As the Second World War enters its final stages, millions in Germany are forced from their homes by bombing, compelled to seek shelter in the countryside where there are barely the resources to feed them. Twelve-year-old Luisa, her mother, and her older sister Billie have escaped the devastation of the city for the relative safety of a dairy farm. But even here the power struggles of the war play out: the family depend on the goodwill of Luisa's brother-in-law, an SS officer, who in expectation of payment turns his attention away from his wife and towards Billie. Luisa immerses herself in books, but even she notices the Allied bombers flying east above them, the gauntness of the prisoners at the camp nearby, the disappearance of fresh-faced boys from the milk shed - hastily shipped off to a war that's already lost. Living on the farm teaches Luisa about life and death, but it's man's capacity for violence that provides the ultimate lesson, that robs her of her innocent ignorance. When, at a birthday celebration, her worst fears are realized, Luisa collapses under the weight of the inexplicable. Ralf Rothmann's previous novel, *To Die in Spring*, described the horror of war and the damage done on the battlefield. *The God of that Summer* tells the devastating story of civilians caught up in the chaos of defeat, of events that might lead a twelve-year-old child to justifiably say: 'I have experienced everything.'

Cosmos and Creation Michael W. Duggan, Renate Egger-Wenzel, Stefan C. Reif.2020-02-10 This volume contains essays by some of the leading scholars in the study of the Jewish religious ideas in the Second Temple period, that led up to the development of early forms of Rabbinic Judaism and Christianity. Close attention is paid to the cosmological ideas to be found in the Ancient Near East and in the Hebrew Bible and to the manner in which the translators of the Hebrew Bible into Greek reflected the creativity with which Judaism engaged Hellenistic ideas about the cosmos and the creation. The concepts of heaven and divine power, human mortality, the forces of nature, combat myths, and the philosophy of wisdom, as they occur in 2 Maccabees, Ben Sira, Wisdom of Solomon and Tobit, are carefully analysed and compared with Greek and Roman world-views. There are also critical examinations of Dead Sea scroll texts, early Jewish prayers and Hebrew liturgical poetry and how they these adopt, adapt and alter earlier ideas. The editors have included appreciations of two major figures who played important roles in the study of the Second Temple period and in the history and development of the ISDCL, namely, Otto Kaiser and Alexander Di Lella, who died recently and are greatly missed by those in the field.

**Defying Jihad** Esther Ahmad.2019-06-04 If you truly love Allah, you will die for him. Your death will mean much reward for you and your family in heaven. Only death will prove your love. It was the

final test. A chance to win not only the love of Allah, but the love of her father—something she had never been able to earn. Esther took a deep breath and raised her hand in the air. At the age of eighteen, she had just volunteered to become a suicide bomber. Defying Jihad is the true story of a girl growing up under radical Islamic rule, trained to believe her ultimate purpose was to serve Allah by dying as a jihadist. But two nights before she was to leave forever, she had a dream . . . one that would change the course of her destiny. Against all odds, Esther became a follower of Jesus—even though leaving Islam meant her death sentence. But rather than kill her immediately, Esther’s furious father challenged her to a series of public debates with Muslim scholars: the Bible versus the Quran. If Esther won, she might yet survive. But if the Muslim clerics won, Esther must renounce her Christian faith. For an entire month—if she lived that long—Esther would be brought before the mob daily to defend her newfound faith. Would God give her the words to argue against Muslim leaders, former friends, and even her own family? Defying Jihad is an amazing story of a woman prepared to surrender all for Jesus—and whose life transformed from terror to overwhelming love.
