Aircraft Dynamics and Automatic Control Duane T. McRuer, Dunstan Graham, Irving Ashkenas.2014-07-14 Aeronautical engineers concerned with the analysis of aircraft dynamics and the synthesis of aircraft flight control systems will find an indispensable tool in this analytical treatment of the subject. Approaching these two fields with the conviction that an understanding of either one can illuminate the other, the authors have summarized selected, interconnected techniques that facilitate a high level of insight into the essence of complex systems problems. These techniques are suitable for establishing nominal system designs, for forecasting off-nominal problems, and for diagnosing the root causes of problems that almost inevitably occur in the design process. A complete and self-contained work, the text discusses the early history of aircraft dynamics and control, mathematical models of linear system elements, feedback system analysis, vehicle equations of motion, longitudinal and lateral dynamics, and elementary longitudinal and lateral feedback control. The discussion concludes with such topics as the system design process, inputs and system performance assessment, and multi-loop flight control systems. Originally published in 1974. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. Monk and Mason on the Tigris Frontier Andrew Palmer.1990-04-12 Tur cAdin is a plateau skirted by the Upper Tigris in south-eastern Turkey. Syrian Orthodox Christians of Aramaic tongue still worship in its Late Antique churches. Monks converted the region and the most powerful monastery, founded in the fourth century, is still flourishing today. This book grew out of an attempt to document more fully the early history of this abbey. It aims to rediscover the practical and symbolic function of the monuments of Tur cAdin and place them in their original social context. A recurring theme is the relationship between village and monastery and, within each, between community and individual. The final chapters also contribute to our understanding of the Syrian Orthodox community under the Abbasid caliphate. A 500-page microfiche supplement contains the first editions of the Qartmin Trilogy, a monastic text to which the book refers, constantly, and the Book of Life, a unique quasi-epigraphical document of a Christian village and its will to survive.

A Kingdom of Flesh and Fire Jennifer L. Armentrout.2020-09-01 From #1 New York Times bestselling author Jennifer L. Armentrout comes a new novel in her Blood and Ash series... Is Love Stronger Than Vengeance? A Betrayal... Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. The Dark One. The Prince of Atlantia. He wants her to fight him, and that's one order she's more than happy to obey. He may have taken her, but he will never have her. A Choice.... Casteel Da'Neer is known by many names and many faces. His lies are as seductive as his touch. His truths as sensual as his bite. Poppy knows better than to trust him. He needs her alive, healthy, and whole to achieve his goals. But he's the only way for her to get what she wants—to find her brother Ian and see for herself if he has become a soulless Ascended. Working with Casteel instead of against him presents its own risks. He still tempts her with every breath, offering up all she's ever wanted. Casteel has plans for her. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. Plans that could bind their lives together in unexpected ways that neither kingdom is prepared for. And she's far too reckless, too hungry, to resist the temptation. A Secret... But unrest has grown in Atlantia as they await the return of their Prince. Whispers of war have become stronger, and Poppy is at the very heart of it all. The King wants to use her to send a message. The Descenters want her dead. The wolvren are growing more unpredictable. And as her abilities to feel pain and emotion begin to grow and strengthen, the Atlantians start to fear her. Dark secrets are at play, ones steeped in the blood-drenched sins of two kingdoms that would do anything to keep the truth hidden. But when the earth begins to shake, and the skies start to bleed, it may already be too late.

Langage et subjectivité A. Cools, Maurice Blanchot, Emmanuel Lévinas.2007 Pourquoi parler du différend? Pourquoi employer ce terme comme modalité d'approche des deux uvres de Maurice Blanchot et d'Emmanuel Levinas? Il ne s'agit pas ici de nier leur rapport d'amitié, mais il faut inverser l'argument : c'est grâce à leur amitié qu'il devient possible d'articuler les termes dans lesquels s'exprime la condition du différend. Qu'en est-il de cette condition? L'argumentation se développe à partir de la thèse suivante : pour pouvoir expliquer la persistance du différend, il n'est pas possible de faire évacuer la question de la subjectivité dans l'événement du langage. D'où l'enjeu d'une confrontation des rapports hétérogènes de Blanchot et Levinas à cette impossibilité. Les deux auteurs nous permettent d'explicitier le différend à partir d'un contexte phénoménologique. Mais, leurs approches divergentes de l'événement du langage mènent vers un (non-)lieu décisif où le pouvoir du langage est en cause et qui rompt aussi avec la seule description phénoménologique. C'est ainsi, en suivant ce double mouvement qui va au-delà du descriptif, que le lecteur est aux prises avec un écart entre les deux amis qui persiste dans leurs écrits. Là, pourtant, se passe aussi l'essentiel : l'avenement - avant même qu'il soit question de l'être - d'une modification du rapport à soi. En retracant l'histoire de cet écart qui se dissimule dans le rapport entre Blanchot et Levinas, cette étude veut à la fois sonder son origine, interroger son insistance et en dégager les termes qui exposent le différend comme une condition qui nous concerne.

De l'attrait à la possession Laurent Dubreuil.2003 Une littérature de possession, d'envoûtement, de hantise. Ceux qui vivent ces histoires se sentent envahis, pillés, captés, affaiblis - par quelqu'un, par quelque chose d'autre. Le présent ouvrage explore cette expérience de la possession

quand elle croise la littérature, à travers l'œuvre de trois écrivains : Guy de Maupassant, Antonin Artaud et Maurice Blanchot. L'événement total de la possession exige l'invention, la rigueur, la technique, l'érudition tout ensemble. D'authentiques révélations textuelles peuvent alors se produire. Maupassant, écrivain surnaturaliste, s'avère un implacable analyste de la perception et de l'être extraordinaires. Face à l'ensorcellement généralisé du monde, Artaud se condamne à et dans la littérature. Le désaccord entre les essais et les romans ou récits de Blanchot le rend partiellement à la phénoménologie. Avec l'altération absolue des individus, les accointances entre philosophie et littérature sont significatives - leurs limites aussi. En plus de la philosophie, sont privilégiées ici la psychiatrie et la critique réfléchie. Oui, la possession est proprement un enjeu pour la critique littéraire : par les textes, elle désigne un mode de lecture, et l'empathie d'une parole enthousiaste. A chaque fois, les œuvres sont traversées par d'autres, emportées par la lecture, hantées par la possession.
